Eaton, 2020-07-24 John A Widtsoe said The Gospel may be said to be The philosophy of Eternalism The Gospel is immersed in the ocean of eternity Neal A Maxwell said Eternalism is defined as that view of man and the universe which not only acknowledges but exults in the existence of a Heavenly Father Eternalism focuses on the individual and on those processes in which the individual is taught correct principles and then is given optimum opportunity to govern himself For those who believe we are all going to be around forever it is both natural and wise to concern ourselves with such questions and also with such principles which are also going to be around forever These quotes involving the word Eternalism indicate a deep philosophical foundation underlying everything about the restored gospel of Jesus Christ This book describes some of the philosophical foundations of what Latter day Saints call the Restoration In the broadest sense philosophy is concerned with mankind's relationship to existence whereas theology is concerned with mankind's relationship to God Both philosophy and theology are important to Latter Day Saints because one's view of God is greatly influenced by one's view of reality

Eternalism then in the broadest sense is Latter day Saint theology explained within a philosophically sound structure *The Growth of Religious Diversity - Vol 2* Gerald Parsons,2013-06-20 This is an extremely wide ranging text with good prospects in the A level market

Heaven and Earth in the Gospel of Matthew Jonathan T. Pennington,2007-11-30 A much overlooked aspect of the Gospel of Matthew is the theme of heaven and earth Rather than being a reverential circumlocution for God heaven in Matthew is part of a highly developed discourse of heaven and earth language Matthew s idiolectic way of using heaven language consists of four aspects 1 a distinction in meaning between singular and plural forms of ouranos 2 frequent use of the heaven and earth word pair 3 regular reference to the Father in heaven and 4 the recurrent use of the Matthean expression kingdom of heaven This book examines the historical precedents for each of these aspects and shows in Matthew how they serve one overriding theological purpose to highlight the tension that currently exists between heaven and earth or God and humanity while looking forward to its eschatological resolution

The Gospel of Mark in Context Santiago Guijarro,2022-04-14 The short story that we now know as the Gospel according to Mark was written in Greek twenty centuries ago in the context of an agrarian society that had been developing its own characteristics in the circum Mediterranean region Mark s account presupposes the values institutions and relationships of the culture in which Jesus and his first followers lived Modern readers of the Gospels however especially those born and raised in the North Atlantic postindustrial societies have other values and institutions and relate to each other according to other cultural codes This temporal and cultural distance between the ancient texts and their present day readers makes necessary an exegetical effort whose purpose is to recover as far as possible the reading scenarios presupposed by these texts In order to reconstruct these scenarios exegesis has turned in recent years to the social sciences whose models permit us to imagine and describe the situations presupposed by these ancient texts This book aims to show how the use of these scenarios elaborated with the help of the social sciences can contribute to a more considered and respectful reading of Mark s story

The Bernward Gospels Jennifer P. Kingsley,2016-05-12 Few works of art better illustrate the splendor of eleventh century painting than the manuscript often referred to as the precious gospels of Bishop Bernward of Hildesheim with its peculiar combination of sophistication and na vet its dramatically gesturing figures and the saturated colors of its densely ornamented surfaces In The Bernward Gospels Jennifer Kingsley offers the first interpretive study of the pictorial program of this famed manuscript and considers how the gospel book conditioned contemporary and future viewers to remember the bishop The codex constructs a complex image of a minister caring for his diocese not only through a life of service but also by means of his exceptional artistic patronage of a bishop exercising the sacerdotal authority of his office and of a man fundamentally preoccupied with his own salvation and desire to unite with God through both his sight and touch Kingsley insightfully demonstrates how this prominent member of the early medieval episcopate presented his role to the saints and to the communities called upon to remember him

Psychological Analyses and the Historical Jesus Bas Van Os,2010-12-23

Since Albert Schweitzer's monumental work nearly a century ago psychology has been banned from Historical Jesus research. But both disciplines have advanced and it is time to review the contribution that psychology can make. Bas Van Os examines the problems which surround both the historical and the psychological study of Jesus such as the fact that we can only work with the surviving traditions that some of his early followers left us. Following this Van Os proposes a theoretical framework that combines sound psychological theories and critical biblical scholarship to explain how Jesus' life and religious experience impacted the beliefs of his friends and family after his death.

Moral Vision in International Politics David Halloran

Lumsdaine, 2020-12-08 Can moral vision influence the dynamics of the world system? This inquiry into the evolving foreign aid policies of eighteen developed democracies challenges conventional international relations theory and offers a broad framework of testable hypotheses about the ways ethical commitments can help structure global politics. For forty years development assistance has been the largest and steadiest net financial flow to the Third World far exceeding investment by multinational corporations. Yet fifty years ago aid was unheard of. Investigating this sudden and widespread innovation in the postwar political economy David Lumsdaine marshals a wealth of historical and statistical evidence to show that aid was based less on donor economic and political interests than on humanitarian convictions and the belief that peace and prosperity could be sustained only within a just international order. Lumsdaine finds the developed countries adhered to rules that increasingly favored the neediest aid recipients and reduced their own leverage. Furthermore the donors most concerned about domestic poverty also gave more foreign aid. The U.S. aid effort was weaker than that of other donors. Many lines of evidence show how aid changed over time which donors contributed heavily where the money was spent who supported aid efforts converge to show how humanitarian concerns shaped aid. Seeking to bridge the gap between normative theory and empirical analysis Lumsdaine's broad comparative study suggests that renewed moral vision is a prerequisite to devising workable institutions for a post cold war world.

theology theological and philosophical studies This book is unique in the literature about Vatican II. From the manifold issues debated at the council and formulated in its sixteen documents Ormond Rush proposes that the salient features of the vision of Vatican II can be captured in twenty four principles. He concludes by proposing that these principles can function as criteria for assessing the reception of the conciliar vision over the last five decades and into the future. There is no other book that attempts such a comprehensive synthesis of the council's vision for renewal and reform of the Catholic Church.

The Holy Bible Containing the Old and New Testaments Adam Clarke, 1823

Calvin and the Federal Vision Jeong Koo

Jeon, 2009-06-12 John Calvin 1509-64 was the pinnacle of the sixteenth century Protestant Reformation in Europe. As we celebrate the five hundred year anniversary of his birth it is worthy to explore Calvin's covenant theology which may be one

of the best windows to understand and evaluate his theology as a whole In recent years the Federal Vision has been surfaced in the American conservative Reformed and evangelical circles It has strong hermeneutical theological and practical attachment with Calvin Although Calvin was a covenant theologian he firmly maintained the evangelical distinction between law and gospel especially in his exposition of justification by faith alone sola fide and salvation by grace alone sola gratia with a balanced emphasis of believers covenantal obedience Moreover we will find out that Calvin not only applied the distinction between law and gospel to soteriology but also in the depiction of redemptive history In Calvin the distinction between law and gospel was foundational for the depiction of biblical vision of eschatology in the Garden of Eden before the Fall and under the Old Covenant However the exponents of the Federal Vision deny any validity of the distinction between law and gospel in hermeneutics theology and practice while they identify themselves with those of Calvin In that sense we may identify the Federal Vision not with the Protestant Reformation and Calvin but as consistent monocovenantalism in which they deny the distinction between law and gospel and apply that monocovenantal principle consistently to their understandings of hermeneutics soteriology the doctrine of double predestination and sacramental theology

The New Testament of Our Lord and Saviour Jesus Christ Adam Clarke, 1823 [A Vision for Preaching](#) Abraham

Kuruvilla, 2015-09-15 This book by a well respected teacher of preachers develops an integrated biblical and theological vision for preaching that addresses the essentials of this most important activity in the church Drawing on influential voices from church history Abraham Kuruvilla reclaims what has been lost through the centuries and offers fresh insights showing preachers what they can aim for as an ideal in their preaching He helps preachers have a better conception of what it means to preach a fuller understanding of the divinely granted privilege of preaching and a greater excitement for the preaching ministry Concluding biblical reflections reinforce the teaching of each chapter [A Vision Splendid](#) Anne-Marie Wright

Lampropoulos, 2022-06-14 During his forty five years as a Latter day Saint apostle and nineteen years as the prophet David O McKay gave thousands of speeches including hundreds of temple and chapel dedications civic addresses funeral sermons and General Conference and other Church related talks Many of these speeches contain some of the same prose and poetry but no two speeches are the same All of these discourses were written by McKay himself and virtually all of them were typed organized and kept in large legal sized leather binders by Clare Middlemiss his long time personal secretary His choice of prose reveals his favorite authors and literature a glimpse into his personal library It also conveys his ideals and his fervent belief in their truth Never before and not since has The Church of Jesus Christ of Latter day Saints had a prophet so well versed in secular as well as scriptural prose McKay s intellectual and spiritual worlds meshed as he recited with ease the poetry of Edgar A Guest John Oxenham and Joaquin Miller as well as the patriotic pronouncements of George Washington Patrick Henry and Benjamin Franklin In one speech he seemed to have studied Scottish lore and in another he effortlessly extolled current US statistics on crime or divorce He was at times romantic and wistful and at other times firm and warning

In *A Vision Splendid: The Discourses of David O. McKay*, Anne Marie Wright Lampropoulos culls from the vast records of McKay's discourses that Middlemiss kept and groups certain categories of speeches together: dedications, civic addresses, Church discourses, and funeral sermons. Each chapter broadly analyzes a category and then includes samples of illustrative full speeches. This analysis and compilation illustrates how McKay looked to poignant prose for a sense of his own personal identity and inspiration as well as the larger identity and inspiration of Church members.
