the pepper's role in New Mexico's history, heritage, culture, and of course cuisine. Santa Fe comes to some Chile might be considered a condiment, but in New Mexico it takes center stage. Going back four centuries, native tribes, Spanish missionaries, conquistadors, and Anglos alike craved capsicum, and Chile became infused in the state's cuisine, culture, and heritage. Beloved events like the annual Fiery Foods Show bring together thousands of artisans specializing in Chile. The Chile Pepper Institute at New Mexico State University devoutly researches the complexity of Chile and releases carefully crafted varieties. Legendary farms like Jimmy Lytle's in Hatch and Matt Romero's in Alcalde carry on generations-old practices in the face of dwindling natural resources. Acclaimed restaurants continue to find inspiration in Chile, from classic dishes to innovative creations. Join local author and award-winning documentary filmmaker Chile Chica Kelly Brinn Urig for the enchanting history of Chile. A colorful book loaded with photos, most taken by Urig as she traveled the state interviewing people and tasting traditional foods. The Chile Chica and her generation are the future of the Chile industry if it's to survive. Pay attention to them, Santa Fe Travelers. For both the film and the book, she let Chile and the people who grow it and cook it do the talking. Albuquerque Journal
