Frontiers of Materials Research: Electronic and Optical Materials Meiying Kong, 2012-12-02 Frontiers of Materials Research Electronic And Optical Materials Volume I is part of a five volume compilation of the proceedings of C MRS International 1990 Conference held in Beijing China The said conference discusses the areas of research in materials science The book is divided into three parts Part 1 covers topics involved in the development and progress of materials such as the focused beam ion intermetallic compounds polymers and the application of computers in the field Part 2 includes studies related to high Tc superconductors such as methods related to the field the effects of oxygen and partial pressure on the properties of superconducting and the study of superconductivity and crystallography Part 3 presents papers related optoelectronic materials and functional crystals which are mostly about the growth properties and uses of the different crystals being studied in each paper The text is recommended for scientists and engineers who would like to know more about the field of materials science especially those who would like to be involved in materials research

WEIZAC: An Israeli Pioneering Adventure in Electronic Computing (1945-1963) Leo Corry, Raya Leviathan, 2019-08-16 The book tells the unique story of WEIZAC an early computer built by a new nation in the early 1950s It was created in Israel even though the feasibility of this project was actually close to null

when it was initially conceived in 1946 and unlike most of the early computer projects was privately financed mainly by the Jewish world community The book draws on a wealth of documents and historical insights to reveal the processes and powers that led to the successful completion of the project and as well as its actual impact on scientific activities in Israel and on the rise of a local computing community Based on archival data the book shows how a synergy of personal dedication together with an organizational and national mission that links the Zionist vision with science and technology for the Jewish people helped to achieve a well defined goal The book offers intriguing insights and refreshing perspectives to all readers interested in the Zionist movement or in the history of computing

Fundamental Research on Nanomanufacturing Bingheng Lu, 2023-08-14 This book explores new principles and methods of nanomanufacturing based on physical chemical effects through interdisciplinary research and reveals surface interface effects and scale effects in processing forming modification and cross scale manufacturing at nanoscale and nanoscale precision It is a summary of a major research project in the field of engineering and materials science of China the Fundamental Research of Nanomanufacturing It clarifies the evolution mechanism of material structure establishes the accurate characterization and measurement method of nanomanufacturing process develops some original nanomanufacturing processes and equipment and provides theoretical basis for realizing the consistent batch process of nanomanufacturing It reports a series of research breakthroughs in principles and methods of nano precision manufacturing nanoscale structure fabrication as well as efficient and multiscale fabrication of large area nanostructures
