Elemental The:

Elemental - The Calling Manuel Arbanassi,2016-11-19 The nights of Jason a normal student at the New York University are tormented by images of ancient creatures and fierce battles But when dark signs appear on his skin he will have to embark on a journey along with five strangers Brought together by a shared destiny they ll face it under the guidance of a mysterious figure

Elementals: the Next Generation Carmen Guerrero,2013-08-02 It has been many centuries since the last human left Earth believing it to be a dying world The Elementals have continued their mission of undoing the damage they have left However one of them thinks that perhaps there is a possibility of there being other Elementals on the new plants that have been colonized and wishes to bring these individuals back to Earth The others are convinced that this would spell disaster for Earth Could they be right

Occult Chemistry: Clairvoyant Observations on the Chemical Elements Annie Besant,C. W. Leadbeater,2022-05-28 This is a book written by Annie Besant and C W Leadbeater who were all members of the Theosophical Society based in Adyar India Besant was at the time the President of the Society having succeeded Henry Olcott after his death in 1907 The book consists both of coordinated and illustrated descriptions of presumed etheric counterparts of the atoms of the then known chemical elements and of other expositions of occult physics

The Chemical Element Andrew G. Ede,2006-06-30 One of the most familiar features of any high school chemistry lab is the Periodic Table of Elements Elegant informative useful to any student in the lab the Periodic Table neatly summarizes our scientific knowledge of the chemical elements from hydrogen to uranium and beyond atomic number atomic weight isotopes and more But how did scientists discover all of these features of the elements How did the Periodic Table come to be And even more basically how did the concept of the chemical element come to dominate how scientists understand chemistry This book shows readers the answers to these and other questions regarding the scientific understanding of matter The Chemical Element a volume in the Greenwood Guides to Great Ideas in Science traces the history of this tremendously powerful concept from the ancient philosophers to the present day The volume covers the idea of the elements held by Aristotle and the other ancient Greek philosophers how Chinese Arabic and other ancient civilizations thought about the elements Mendeleev and the creation of the Periodic Table of Elements the predictive power of which helped in the discovery of dozens of new elements and the discovery of the artificial elements that are heavier than uranium Jargon and mathematics is kept to a minimum and the volumes includes a timeline a glossary and a bibliography making The Chemical Element an ideal resource for students researching chemistry and the history and nature of the scientific understanding of the world around us

Saberhagen,2025-08-22 In the distant future society has crumbled Dark forces now rule the land keeping all humans under their oppressive thumbs In the darkness of the shadows and whispered on the winds there is talk of a rebellion In the swamps a small band has formed Determined to regain their freedom the rebellion heavily outnumbered plans to overthrow an army of thousands with the help of one incredible weapon It is only a legend a story left over from the Old World before magic and the wizards came to the land A weapon of technology It is the mystical Elephant and whoever masters it holds the key to freedom or defeat One young man determined to avenge the death of his family sets out to join the rebellion and find Elephant What he discovers will change everything At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **Twilight Memories** Andreas Huyssen,1995 As we are approaching our fin de siecle issues of time and memory haunt contemporary culture Museums and memorials are being constructed rapidly as if there were no tomorrow Contemporary art and literature focuses on memory and the past rather than claiming radical breakthroughs into some unknown future With the recent resurgence of nationalism and issues of national identity the political future too seems to fold itself back into the past rather than offering a bold vision of the 21st century The great paradox of our fin de siecle culture is that novelty is even more associated with memory and the past rather than future expectation But if the obsession with memory is one salient symptom in this age of a modernity grown old then cultural and political amnesia is undoubtedly its counterpoint Rather than blaming amnesia on television or the school *Twilight Memories* argues that the danger of amnesia is inherent in the information revolution Our obsessions with cultural memory can be read as re representing a powerful reaction against the electronic archive and they mark a shift in the way we live structures of temporality In this book the media are the hidden veil through which the author looks at the problem of cultural memory and an emerging new sensibility of temporality in literature art politics media theory and the museum **A Heart of Flesh**

Steven E. Knepper,2023-11-09 The Irish philosopher William Desmond is one of the most compelling and adventurous Christian thinkers of our time The essays gathered here undertake a journey through the Bible with Desmond that ranges across biblical theology philosophy of religion metaphysics ethics aesthetics political theory and literary studies Some of the essays examine the place of the Bible in Desmond s thought considering his readings of the creation the Abraham cycle and the Beatitudes Other essays bring Desmond s ideas to bear on broad questions that emerge from the Bible about philosophy and revelation exegesis theopoetics eschatology and tyranny Still others bring Desmond into conversation with influential philosophers who engage or conspicuously do not engage the Bible such as Hegel Schopenhauer Kierkegaard Heidegger and Tillich Together these essays show the rich possibilities of approaching the Bible with Desmond All take their bearings from Desmond s metaxological approach which does not seek to claim the final word which attends to the text rather than simply
