Elementary Greek Translations A. E. Hillard, C. G. Botting, 1991-04-01 *An Elementary Greek Translation Workbook* Norman Horn, 2017-07-16 From the introduction When I took New Testament Greek in graduate school the translation activity I found most helpful was having the Greek text before me and writing in the words underneath on a fresh sheet of paper However no workbook was available that had the text laid out easily in big spacious pages where I could take notes in the margin and make it work for me So I created my own and the following is what I built as an expanded version to share with others This workbook contains the full Greek text from 1 John 2 John 3 John chapter 1 of the Gospel of John and chapter 1 of the Gospel of Mark It mostly follows the form of The Greek New Testament 4th Edition edited by Aland et al The text is larger than normal printings and plenty of space has been provided in the margins Moreover verses are divided into multiple lines with phrases separated as much as possible In this way you can work through it in small logical chunks I have also included several blank pages at the end for the user's additional notes
