Elements Of Christian Belief:

Elements of Christian belief D. B. Taylor, 1969 Christian Belief Interpreted by Christian Experience Charles Cuthbert Hall, 1905 *Perspectives in Social Research Methods and Analysis* Howard Lune, Enrique S. Pumar, Ross Koppel, 2010 This book shows students the steps involved in the research process the various strategies for conducting a valid social inquiry and most importantly the persuasiveness and elegance of reliable social research It highlights the link between academic research and the real world Included are carefully chosen examples of each of the major methodological techniques survey interviews fieldwork observations experiments content analysis secondary analysis and program evaluation Also included are selections on sampling strategies research ethics and both qualitative and quantitative data analysis What Do Christians Believe? Malcolm Guite, 2020-03-31 A lucid summary and interpretation of the Christian faith from one of the leading Christian poets of our time Jeremy Begbie Duke University I give you a new commandment that you love one another Just as I have loved you you also should love one another Jesus Christ Christianity began as a minor sect within Judaism and has become one of the major world religions What started as a small group of people who shared the same language lifestyle and background is now a movement which embraces many different languages and cultures giving rise to an astonishing variety of practices and interpretations yet all with a common basis of shared faith inspired by the teaching life death and new life of a carpenter from Nazareth How did this happen What Do Christians Believe was written for the reader looking for quick practical insights into the beliefs and practices of Christianity Jesus himself identified love as the essential element in both worship and daily life Using this teaching and the core Christian belief that Jesus was God's way of opening himself to humanity theologian poet and songwriter Malcolm Guite explains the inner meaning of such key Christian teachings as atonement redemption and the concept of God as Trinity **The Westminster Dictionary of Christian Theology** Alan Richardson, John Bowden, 1983-01-01 The Westminster Dictionary of Christian Theology is an important reference for any pastor scholar or student of theology The articles are clearly written historically informative and conceptually clarifying The entries are arranged alphabetically for ease of use **The Truth and Excellence of the Christian Religion Exhibited. In Two Parts. Part I. Containing Sketches of the Lives of Eminent Laymen who Have Written in Defence of the Christian Religion. Part II. Containing Extracts from Their Writings** Hannah ADAMS, 1804 **Some Aspects of Christian Belief** Hugh Ross Mackintosh, 1923 **The Mosaic of Christian Belief** Roger E. Olson, 2016-03-21 In this second edition of Roger E Olson's classic work he thematically traces the contours of Christian belief down through the ages revealing a pattern of both unity and diversity He finds a consensus of teaching that is both unitive and able to incorporate a faithful diversity when not forced into the molds of false either or alternatives Believing by Faith John Bishop, 2007-04-12 Can it be justifiable to commit oneself by faith to a religious claim when its truth lacks adequate support from one's total available evidence In *Believing by Faith* John Bishop defends a version of

fideism inspired by William James's 1896 lecture *The Will to Believe*. By critiquing both isolationist Wittgensteinian and Reformed epistemologies of religious belief, Bishop argues that anyone who accepts that our publicly available evidence is equally open to theistic and naturalist atheistic interpretations will need to defend a modest fideist position. This modest fideism understands theistic commitment as involving doxastic venture: practical commitment to propositions held to be true through passionate causes other than the recognition of evidence of or for their truth. While Bishop argues that concern about the justifiability of religious doxastic venture is ultimately moral concern, he accepts that faith ventures can be morally justifiable only if they are in accord with the proper exercise of our rational epistemic capacities. Legitimate faith ventures may thus never be counter-evidential and furthermore may be made supra-evidentially only when the truth of the faith proposition concerned necessarily cannot be settled on the basis of evidence. Bishop extends this Jamesian account by requiring that justifiable faith ventures should also be morally acceptable both in motivation and content. Hard-line evidentialists however insist that all religious faith ventures are morally wrong. Bishop thus conducts an extended debate between fideists and hard-line evidentialists, arguing that neither side can succeed in establishing the irrationality of its opposition. He concludes by suggesting that fideism may nevertheless be morally preferable as a less dogmatic, more self-accepting even a more loving position than its evidentialist rival.

John the Baptizer and Prophet Robert L. Webb, 2006-10-01. This volume, a revised version of a doctoral dissertation submitted to the University of Sheffield in 1990, places John the Baptist within his first-century Jewish context by exploring his public roles and activities as a baptizer and a prophet as they would have been understood within the sociohistorical context of Second Temple Judaism. After surveying the relevant traditions concerning John the Baptist in particular, Josephus, canonical Gospels, and extracanonical sources, the volume turns to the use of ablutions and immersions in the Hebrew Bible, in Second Temple Jewish literature, and especially in the Qumran literature. In light of this context, several functions of John's baptism are proposed both in continuity with his context and in distinction from it. Then Webb explores John's role as a prophet in two respects. First, after surveying the expectation of eschatological figures of judgment and restoration in the Hebrew Bible and Second Temple Jewish literature, John's own proclamation of a coming one is understood as describing Yahweh's coming to judge and restore, but through an unspecified human agent. Second, in light of the varieties of prophetic figures in the Second Temple period, John is best understood as a popular prophet who uses the symbolic event of the people's baptism in the Jordan River and their return home to symbolize not only their entrance into the true remnant Israel but also their entrance into the Promised Land. When this symbolic activity is placed alongside John's prophetic critique of Herod Antipas and of Herod's marriage, the social and political implications of this critique become evident. The symbolic activity and strong critique led to the Baptist's death under Herod Antipas.

Brümmer on Meaning and the Christian Faith Vincent Brümmer,2019-10-01 This volume presents a wide ranging selection from the writings of a leading contemporary philosophical theologian Vincent Brümmer In his many books and articles Brümmer has demonstrated how the tools of philosophical analysis are not only fruitful but also essential for dealing with the central issues of systematic theology The title of this volume Meaning and the Christian Faith highlights two characteristic themes that recur throughout the many writings of Vincent Brümmer Much of his work has been devoted to exploring the meaning of the Christian faith and especially of its central claim that God is a personal being whose fellowship believers may enjoy On the other hand Brümmer has also shown that religious belief should not be understood as an explanatory theory but rather as a way in which believers understand the meaning of their lives and their experience of the world and direct their lives accordingly Thus in the Christian tradition believers claim that their lives are meaningful because they seek to attain ultimate happiness in the love of God In the introductory sections throughout this volume Vincent Brümmer describes how he came to pay attention to the various themes dealt with in his writings and explains why he came to deal with them in the ways he did

Melanesians and Missionaries Darrell L. Whiteman,2002-05-10 In Melanesians and Missionaries one of the best of the younger generation of missionary anthropologists demonstrates that a commitment to the missionary enterprise on the part of a solid scholar facilitates rather than hinders the anthropological study of a missionary

topic This is better anthropology because Dr Whiteman is able to probe more deeply into his topic and demonstrates that he understands and appreciates both Melanesians and missionaries Charles H Kraft Professor of Anthropology School of World Mission Fuller Theological Seminary Pasadena **We Believe in the Holy Spirit** Henco van der Westhuizen, 2023-07-07
