Psychoanalysis Is the Only Method of Cure: It's Too Bad No One Knows How to Do One!!!** Dr. Len Bergantino Ed.D. Ph.D., 2018-11-13 Do you think that some slug who looks very professional who whispers an occasional interpretation to you five times a week for 7 years can make one bit of difference in your life or does such a psychotoxic slug called a psychoanalyst merely stick you in an emotional toilet bowl for seven years having the cumulative result of turning you into a hopeless bastard who will never turn the tragic corner in his or her life Can your analyst analyze an archaic liquid symbiotic or an osmotic transference or can they even recognize this phenomena in order to analyze it If the psychoanalyst cannot analyze these transferences they can't do an analysis I used to get good faith patients who had the balls to work on the cutting edge at the same time I did because they had had combinations of twenty years of two seven year analyses plus several briefer psychotherapies only to be as crazy as the day they walked in 200 000 00 As Dr Donald Rinsley M D fellow American College of Psychoanalysts wrote about me my work has both a healing effect and affect Patients used to pay me six months in advance to hold the time open because I was irreplaceable I was the only one who could analyze the psychotic core of the personality and I was the only who could actually do what Dr Wilfred R Bion MRCS Medical Royal College of Surgeons wrote about analyzing the psychotic core of the personality As I am seventy six years old I have written five books that must be read and digested in their entirety As these books are the thing in itself they will transform the reader into the kinds of analyst patient and psychotherapist who can make a difference in helping people turn the tragic corner in their lives In other words these five books are analysis These books were written to be around for a few hundred years and were directly guided by the Almighty By Dr LEN BERGANTINO Ed D USC Ph D A B P P I Am Freud Psychoanalysis Is the Only Method of Cure It s Too Bad No One Knows How to Do One This is a book for all time As I had extrasensory perception to help me find out things on a primitive level and depth with an ability to pick up split off severe pathological projective identifications moment to moment in an era when psychologists were only permitted to be research psychoanalysts by the American Psychoanalytic Association but tightly controlled where that research was going that in many ways nullified it as true psychoanalytic research I present to you a book that might at that time have been considered wild psychoanalysis And I will show you how extrasensory perception can be developed and

utilized by the therapeutic use of self within the psychoanalytic frame in ways that can enhance the treatment of borderline narcissistic obsessive compulsive and schizophrenic disorders and other diagnoses as well as help pinpoint psychophysiological awareness which through the repetition compulsion can prevent disease and will circumvent disease in later life

Psychoanalytic Perspectives on Virtual Intimacy and Communication in Film Andrea Sabbadini, Ilany Kogan, Paola Golinelli, 2018-09-03 Psychoanalytic Perspectives on Virtual Intimacy and Communication in Film brings together a group of psychoanalysts to explore through film the new forms of communication mainly the internet that enter more and more frequently into the affective lives of people their intimacy and even the analytic room The contributors all practising psychoanalysts analyse the potential and surprising transformations that human relationships including psychoanalysis are undergoing At present it is difficult to value the future importance and predict the possible disquieting consequences of the use and abuse of the new technologies we run the risk of finding ourselves unprepared to face this revolutionary transformation in human connections and affects Will it be possible in a near future that human beings prefer to fall in love with a machine gifted with a persuasive voice instead of a psychoanalyst in person The contributors explore the idea that virtual intimacy could begin to replace real life in sentimental and psychoanalytic relationships Imagination and fantasy may be strengthened and may ultimately prevail over the body excluding it entirely Can the voice of the analyst sometimes transmitted only by telephone or computer produce a good enough analytic process as if it were in person or will it help to foster a process of idealisation and progressive alienation from real life and connections with other human beings The film Her 2013 alongside others offers a wonderful script for discussing this matter because of the deep and thoughtful examination of love and relationships in the contemporary world that it provides Psychoanalytic Perspectives on Virtual Intimacy and Communication in Film will be of great interest to all psychoanalysts and psychoanalytic psychotherapists interested in the ongoing impact of technology on human relationships

psychoanalysis *Beyond Psychoanalytic Literary Criticism* Benjamin H. Ogden, 2018-04-17 Through a series of radical and innovative chapters *Beyond Psychoanalytic Literary Criticism Between Literature and Mind* challenges the tradition of applied psychoanalysis that has long dominated psychoanalytic literary criticism Benjamin H Ogden a literary scholar proposes that a new form of analytic literary criticism take its place one that begins from a place of respect for the mystery of literature and the complexity of its inner workings In this book through readings of authors such as J M Coetzee Flannery O Connor and Vladimir Nabokov the mysteries upon which literary works rely for their enduring power are enumerated and studied Such mysteries are thereafter interwoven into a series of pioneering studies of how the conceptions of thinking dreaming and losing become meaningful within the unique aesthetic conditions of individual novels and poems Each chapter is a provisional solution to the difficult bridging problems that arise when literary figures work in the psychoanalytic space and when psychoanalysts attempt to make use of literature for analytic purposes At every turn *Beyond Psychoanalytic Literary Criticism Between Literature and Mind* acts as a living example of the territory it explores the space between two disciplines wherein the writer brings into being a form of psychoanalytic literary criticism of his own making Forgoing traditional applied psychoanalysis and technical jargon this highly accessible interdisciplinary work will appeal to psychoanalysts and psychoanalytic psychotherapists as well as literary critics and scholars *Psychoanalysis and Art* Donald Meltzer, 2018-03-29 This essential edition brings together a collection of classic papers from key figures in Kleinian and post Kleinian thought that explore the relationship between psychoanalysis and art Sandra Gosso begins with a comprehensive and fascinating guide to the history of this relationship which began with Freud and was developed further by Melanie Klein at a time when most analysts were moving away from links with art Melanie Klein s pivotal paper *Infantile Anxiety Situations Reflected in a Work of Art* and in the *Creative Impulse* follows the Introduction The other papers featured are mainly from British analysts who expanded on Melanie Klein s ideas inspired by the influence of the creative Bloomsbury and Imago Groups
