Elements Of Successful Trading Developing Your Comprehensive Strategy Through Psychology

Robert R. Redfield

Elements Of Successful Trading Developing Your Comprehensive Strategy Through Psychology:

The Elements of Successful Trading Robert Paul Rotella, 1992 After the turbulence on Wall Street in the 1980s it is more important than ever for a trader to have a clearly defined strategy that incorporates the technical financial aspects of trading as well as the less easily defined mind set of success This ground breaking work charts the way to creating such a trading strategy teaching readers how to combine money management analysis techniques established trading techniques and the realities of trading on the floor This will be welcomed by the legion of traders eager to learn how applied psychology can benefit them professionally

Entries and Exits Alexander Elder, 2010-12-15 Come behind closed doors and see real trades made by real traders Dr Alexander Elder leads you into 16 trading rooms where you meet traders who open up their diaries and show you their trades Some of them manage money others trade for themselves some trade for a living others are on the semi professional level All are totally serious and honest in sharing their trades with those who would like to learn You will meet American and international traders who trade stocks futures and options using a variety of methods All are normally very private but now thanks to their relationships with Dr Elder you can see exactly how these traders decide to enter and exit trades Each chapter illustrates an entry and an exit for two trades with comments by Dr Elder With this book as your guide you can get closer to mastering the key themes of trading psychology tactics risk control record keeping and the decision making process The companion Study Guide is filled with striking insights and practical advice allowing you to test your knowledge and reinforce the principles outlined in Entries Exits
