**To the Elephant Graveyard** Tarquin Hall, 2020-03-03 Introduces us to the darker side of the Asian elephant It is more of a thriller than a straightforward travel book insightful and sensitive Literary Review On India's northeast frontier a killer elephant is on the rampage stalking Assam's paddy fields and murdering dozens of farmers Local forestry officials powerless to stop the elephant call in one of India's last licensed elephant hunters and issue a warrant for the rogue's destruction Reading about the ensuing hunt in a Delhi newspaper journalist Tarquin Hall flies to Assam to investigate To the Elephant Graveyard is the compelling account of the search for a killer elephant in the northeast corner of India and a vivid portrait of the Khasi tribe who live intimately with the elephants Though it seems a world of peaceful coexistence between man and beast Hall begins to see that the elephants are suffering having lost their natural habitat to the destruction of the forests and modernization Hungry confused and with little forest left to hide in herds of elephants are slowly adapting to domestication but many are resolute and furious Often spellbinding with excitement like a page turning detective tale Publishers Weekly To the Elephant Graveyard is also intimate and moving as Hall magnificently takes us on a journey to a place whose ancient ways are fast disappearing with the ever

*Mr. Monk and Philosophy* D. E. Wittkower, 2011-04-15 Mr Monk and Philosophy is a carefully and neatly organized collection of eighteen chapters divided into exactly six groups of precisely three chapters each Drawing on a wide range of philosophers from Aristotle and Diogenes to Siddhartha Gautama and St Thomas Aquinas to David Hume and Karl Popper the authors ask how Adrian Monk solves his cases why he is the way he is how he thinks and what we can learn from him Some of the authors suggest Monk is a kind of tragic hero whose flaws help us live out and expunge the fear and anxiety we all experience that he is more than just his personality or memories but something more individual and indefinable and that his most distinctive traits are not the traits that make him a detective but those that make him a friend His most notable trait is the dedication he shows to his late wife Trudy Other authors explore how Monk encounters the world arguing that his genius comes not from logic or reasoning but from his ability to see his surroundings in a pre conceptualized way that there isn't as much distance between his rational beliefs about crimes and evidence and his irrational phobic beliefs as there might seem and that his phobias have themselves made him approach himself and the world as something to be overcome Just how does Mr Monk come to his conclusions Does he use inductive deductive or abductive reasoning Is he dependent on a false notion of the law of noncontradiction Is it possible that his reasoning might have more to do with constructing harmonious stories than it does with evidence causes or insights Some contributors ponder Monk's name and what it means given his views on religion Some authors argue that Mr Monk's approach to the world is fundamentally similar to that of medieval monastic orders that his rituals and deductive dancing show how he exhibits a kind of shamanism and that he acts in accordance with the Bodhisattva ideal bringing others to enlightenment through circumstances and by accident even though he has no such intention or goal In one chapter the author asks how the character Monk is related to other similar characters arguing that Monk and House are closely related characters each based on the conflict between reason and emotion which exemplifies the motif of the troubled genius that Monk and House both pursue ethical practices and goals even as they fail at the everyday face to face ethics of normal social interactions and that great detectives all through their flaws help us to understand and forgive ourselves for our flaws And finally there are several chapters in which the authors consider Monk from the psychologist's perspective discussing how Monk's relationship with Trudy while having unhealthy codependent elements demonstrates some important aspects of successful romantic partnerships how laughter plays a difficult role in mental illness and the difficult position that the show and therapists are placed in when having to treat seriously disorders that are both

tragic and comic and how from a psychoanalytic perspective Monk's inability to mourn shows us why we both reject and are drawn towards death In the words of author D E Wittkower In order to be sure that the reader is able to enjoy the book every chapter will have an even number of words You'll thank me later      From Metropolis to Wilderness: An Empowering Journey Doug Williamson,2017-07-05 This is a book about a life a life of travel and learning Doug Williamson was born in South Africa He has had several careers and lived in seven different countries Now he lives in Cambridge with his wife and much loved poodle      **The Jewelers' Circular** ,1929      *Language Through the Looking Glass* Marina Yaguello,1998 To play with language is to break its rules disrupt its patterns exploit its weak points Thus paradoxically puns and spoonerisms neologisms and slogans reveal and highlight the patterns to which discourse conforms patterns which reflect the linguistic competence of language speakers Only those who have linguistics competence can play with it thus language games and the poetic use of language are underpinned by unconscious use of linguistic analysis Using Lewis Carroll's Alice as a starting point Marina Yaguello takes the reader on an unconventional voyage around language charting the major themes of linguistics on the way She shows that we can come to an understanding of language in general and of particular languages through exploring the devices of humour word games and poetry devices which reveal the unconscious linguist in all of us The result is an entertaining but rigorous introduction to language and linguistics for non specialists and students alike      **Hunters & Collectors** M. Suddain,2016-07-07 John Tamberlain is The Tomahawk the universe's most feared food critic though he himself prefers the term forensic gastronomer He's on a quest in search of the much storied Hotel Grand Skies a secretive and exclusive haven where the rich and famous retreat to bask in perfect seclusion A place where the waiters know their fish knife from their butter knife their carotid from their subclavian artery and are trained to enforce the house rules with brutal efficiency Blurring the lines between detective story horror and sci fi Hunters Collectors is a mesmeric trip into the singular imagination of M Suddain a freewheeling talent whose poise invention and sensational sentences have already earned him comparisons to Vonnegut Pynchon and Douglas Adams      *Green City In the Sun* Barbara Wood,2012-05-01 A magnificent saga of two proud and powerful families one British one African and their battle over Kenya's destiny in the twentieth century In 1917 Dr Grace Treverton arrives in Kenya determined to bring modern medicine to the African natives Her brother Sir Valentine Treverton has his own dream for the British protectorate to establish an agricultural empire to rival any in England The aspirations of the wealthy Trevertons collide with those of the Mathenge tribe an African family that has lived on the land for years Grace soon finds a deadly rival in Mama Wachera an African medicine woman who fights to maintain native traditions against the encroaching whites After Wachera curses the Trevertons a series of tragedies threatens to destroy what the once great family fought to create But the fates of future generations of these two remarkable families are inextricably bound A bold and brilliant achievement *Green City in the Sun* brims with all the drama violence and fierce beauty of the Kenyan landscape      **The Collector** Natalya Semenova,André Delocque,2018-09-11 A fascinating life of

Sergei Shchukin the great collector who changed the face of Russia's art world Sergei Shchukin was a highly successful textiles merchant in the latter half of the nineteenth century but he also had a great eye for beauty He was one of the first to appreciate the qualities of the Impressionists and Post Impressionists and to acquire works by Cézanne, Matisse and Picasso A trailblazer in the Russian art world Shchukin and his collection shocked, provoked and inspired awe, ridicule and derision among his contemporaries This is the first English language biography of Sergei Shchukin written by art historian Natalya Semenova and adapted by Shchukin's grandson Andr Delocque Featuring personal diary entries, correspondence, interviews and archival research it brings to light the life of a man who has hitherto remained in the shadows and shows how despite his controversial reputation he opened his collection to the public, inspiring a future generation of artists and changing the face of the Russian art world
