Elephants Highlights Animals:

Elephant Bowling and Other Animal Play Richard Haynes, 2025-08-12 Take a walk on the wild side and prepare to be entertained by the shenanigans of critters around the globe Step into the fascinating world of animal playtime to find penguins surfing for the joy of it primates playing peekaboo and sneaky keas the pranksters of the bird world yanking one another's legs just for kicks Creatures of all stripes like to play Some play builds strength and teaches survival skills a game of tug of war prepares wolf cubs for hunting and taking down prey while games of hide and seek give mongooses practice at quick escapes handy for outmaneuvering predators Some games appear to be played simply for enjoyment Polar bears love to slide down snowy hills then climb back up and do it again Gorilla parents swing hug and give bouncy rides to their children And elephants have been known to lie in wait for a companion to come strolling along then BAROOM roll downhill to bowl them over like a friendly ball Join Richard Haynes and Stephanie Laberis creators of Orangutan Hats and Other Tools Animals Use for another illuminating walk on the wild side Scientific observations from the natural world a glossary and a bibliography combine with colorful and vivacious illustrations to make this guide an extra fun look at fun **Elephants Are Not Picked from Trees** Liv Emma Thorsen, 2014-08-29 Elephants are not picked from trees are the words of Swedish taxidermist and conservator David Sjolander spoken while he was in Angola looking for a fine bull elephant specimen in the autumn of 1948 At the age of 62 Sjolander was to satisfy his life's dream of shooting the elephant he for so long had wished to prepare and exhibit The African elephant was to be the main attraction in the Mammal Room of the Gothenburg Museum of Natural History Liv Emma Thorsen professor of cultural history has reconstructed the collection history of four mammals exhibited in the Gothenburg Museum of Natural History that attracted much attention when they were displayed to the public for the first time The elephant gorilla Tonkean macaque and walrus The book examines how the museum acquired animals for its exhibits from 1906 to 1948 and how living animal bodies became museum exhibits Using photographs and documents from the Gothenburg Museum of Natural History the book shows that these museums are in possession of valuable material for writing the cultural history of animals and that the museums of natural history display a nature that is historically socially and culturally construed *Captive Ambassadors: The Hidden Lives of Zoo Animals* Eve D'Vincent, 2025-09-25 *Captive Ambassadors* challenges the notion of zoo animals as ambassadors for their species revealing the exploitative marketing tactics behind their individualized narratives Drawing on cognitive and behavioral ethology transspecies psychology and critical anthropomorphism this multidisciplinary work exposes how zoos fabricate biographies to mask the harsh reality of animals lived experiences in captivity It critiques the disruptions of animal culture caused by captive breeding programs and the tragic fate of surplus animals deemed no longer useful Advocating for authentic animal biographies and ethical engagement this book argues for a shift in human animal relations that honors animals as unique individuals with intrinsic value transcending the confines of their captive roles War Elephants Sabine

Lorca, AI, 2025-03-29 **War Elephants** explores the fascinating history of elephants in ancient warfare highlighting their initial dominance and eventual decline These massive animals often armored and bearing armed riders were once a formidable tactical asset The book reveals intriguing details such as how some cultures invested heavily in elephant domestication and training while others developed specialized anti elephant tactics to neutralize their impact The book progresses chronologically beginning with the natural history of elephants and their suitability for war It then examines their use in significant battles and campaigns from Alexander the Great's encounters to Hannibal's daring crossing of the Alps Finally it analyzes the factors that led to their obsolescence including logistical challenges and new military technologies This study uniquely examines the ecological and economic context surrounding the use of war elephants detailing the resources needed for their upkeep and deployment By combining historical narrative with scientific insights **War Elephants** provides a comprehensive account of these magnificent creatures as instruments of war appealing to military history enthusiasts and anyone interested in the intersection of humans animals and conflict

Colonizing Animals Jonathan Saha, 2021-11-11 Animals were vital to the British colonization of Myanmar In this pathbreaking history of British imperialism in Myanmar from the early nineteenth century to 1942 Jonathan Saha argues that animals were impacted and transformed by colonial subjugation By examining the writings of Burmese nationalists and the experiences of subaltern groups he also shows how animals were mobilized by Burmese anticolonial activists in opposition to imperial rule In demonstrating how animals such as elephants crocodiles and rats were important actors never fully under the control of humans Saha uncovers a history of how British colonialism transformed ecologies and fostered new relationships with animals in Myanmar **Colonizing Animals** introduces the reader to an innovative historical methodology for exploring interspecies relationships in the imperial past using innovative concepts for studying interspecies empires that draw on postcolonial theory and critical animal studies

Humans in an Animal's World - How Non-Human Animals Perceive and Interact with Humans Christian Nawroth, Luigi Baciadonna, Nathan J. Emery, 2021-10-20 **The Presence of Elephants** Paul G. Keil, 2024-10-14 How to dwell in a forest alongside giants avoid disturbing a living god assist an animal with their manners and help an elephant cross the road The **Presence of Elephants** is an anthropological consideration of coexistence grounded in people's everyday interactions with Asian elephants Drawing on two years of ethnographic fieldwork in Assam Northeast India this book examines human elephant copresence and how minds tasks identities and places are shared between the two species Sharing lives and landscapes with such formidable beings is a continuously shifting and negotiated exchange inherently composed of tensions asymmetries and uncertainties especially in the Anthropocene when breakdowns in communication increasingly have a violent effect Developing a multifaceted picture of human elephant relations in a postcolonial setting each chapter focuses on a different dimension of encounter where elephants adapt to human norms people are subject to elephant projects and novel interspecies possibilities emerge at the threshold of nature and society Vulnerability is a common experience intensified in

contemporary human elephant relations felt through the elephant's power to disrupt and transform human lives as well as the risks these endangered animals are exposed to This book will be of interest to scholars of multispecies ethnography and human animal relations environmental humanities conservation and South Asian studies

The Elephant Tourism Business Eric Laws,Noel Scott,Xavier Font,John Koldowski,2020-11-23 Elephant tourism is a growing activity in many countries across Asia and Africa and is popular with tourists from all parts of the world Elephant tourism has grown rapidly providing the only viable way for elephants and their owners to survive since the banning of logging Old logging camps have been developed into sanctuaries for some elephants but many other camps were established as entertainment centres resulting in serious welfare issues for the elephants and their mahouts The profits from elephant tourism in Asia have encouraged African operators to follow a similar business model This book draws attention to the need for a comprehensive and rigorous focus on local solutions to improve the welfare of captive elephants their mahouts and local residents and to enhance tourists experiences of elephant tourism

Why Elephants Cry John T. Hancock,2023-05-29 *Why Elephants Cry* is a fascinating frolic through the literature and evidence surrounding the use of unusual behavior of animals to measure and predict the environment The role of animals from the smallest ant to the biggest elephant as predictors of environmental changes is framed around the climate crisis which highlights the increasingly important part that animals will have to play in the future Renowned biologist Professor John T Hancock collects anecdotal stories and myths along with scientific evidence demonstrating that observation of animals

can be of tangible use He looks at the measurement of the air temperature using ants crickets and snakes and goes on to assess the evidence that the observation of a wide range of animals can predict the weather or the imminent eruption of volcanoes and earthquakes Evidence of animals being able to predict lunar and solar events such as lunar cycles and the Northern Lights is also considered This is the only time that all this literature has been brought together in one place a fascinating reference for anybody interested in animals and the environment The book is also an ideal supplementary textbook for students studying animal behaviour

Animals and Criminal Justice Carmen M. Cusack,2017-07-05 Mahatma Gandhi said The greatness of a nation and its moral progress can be judged by the way its animals are treated Since civil societies are ruled by law they can be evaluated both figuratively and literally by how animals are treated in the criminal justice system This book depicts animals roles within society and the laws that govern how humans treat them Carmen M Cusack focuses on current issues in human animal relationships and how these are affected by the criminal justice system Her analysis while objective is rooted in first hand activist professional legal and criminal justice experience She presents a comprehensive overview of the place of animals and the law including pets in prison K 9 units constitutional rights animal sacrifice wild animals entertainment domestic violence rehabilitation history and religion She includes information about law behavioural and social science systemic responses and procedure anecdotal evidence current events and theoretical considerations Animals and Criminal Justice is a useful handbook and a thorough textbook as well as a practical guide to animals relationships with the criminal justice system Professionals including police child protective services judges animal control officers and corrections staff as well as scholars in the fields of criminal justice and criminology will find this book invaluable

Elephant management Robert (Bob) Scholes,Kathleen G Mennell,2008-03-01 Elephants are among the most magnificent but also most problematic members of South Africa s wildlife population While they are sought after by South African and foreign tourists alike they also have a major impact on their environment As a result elephant management has become a highly complex and often controversial discipline The information needed to underpin vital decisions about elephant management has largely been unavailable to decision makers contested by experts or simply unknown As a result the South African Minister for Environmental Affairs and Tourism

convened a round table to advise him on this issue The round table recommended that a scientific assessment of elephant management be undertaken to gather evaluate and present all the relevant information on this topic Its main findings and recommendations are contained in this volume Elephant Management is the first book of its kind combining the work of more than 60 national and international experts Extensively reviewed by policy makers and other stakeholders it is the most systematic and comprehensive review of savanna elephant populations and factors relevant to managing them to date As such it is of interest to a broad spectrum of readers in South Africa and elsewhere Above all it is aimed at helping

conservation policy makers and practitioners to choose the best possible options for the sustainable preservation of these iconic animals *Animals in World History* Helen Louise Cowie,2024-11-08 This volume provides a concise synthesis of human animal relations over time charting shifting attitudes towards animals from domestication to the present day It asks how non human species have shaped human history and how humans have reconfigured the animal world Humans have had a long and close relationship with animals They have hunted them consumed them as food and fashion exploited them as energy sources utilised them in warfare exhibited them in zoos and menageries and studied them for science In the process they have radically changed the way in which many animals live subjecting them to captivity altering their diets constraining their movements and through selective breeding reshaping their bodies The book explores the use of animals for sustenance labour companionship and display and traces the rise of the animal rights movement It also assesses how humans have impacted the overall biodiversity of the planet driving some species of animals to extinction and permitting others to colonise new continents With case studies on animal astronauts celebrity kakapos globetrotting pandas and cocaine hippos *Animals in World History* offers a lively and accessible introduction to human animal relations for students and instructors of animal studies environmental history and social and cultural history **The Planetary Subaltern** Somasree Sarkar,Agnibha

Maity,2025-09-30 This book initiates a dialogue between two discursive fields of study the Anthropocene and the Subaltern Studies It highlights communities that bear the brunt of climate precarity and planetary crises and examines critiques of the Anthropocene discourse for grossly overlooking the subaltern communities and failing to integrate their historiography The essays in the volume retrieve and amplify voices of subaltern communities amid planetary crises especially in India to set up new paradigms to engage and tackle the climate crises that confront our times This volume will be of great interest to scholars and researchers of South Asian studies literary criticism especially ecocriticism environmental studies and climate action *Animals in Person* John Knight,2020-08-29 Our relationship with animals is complex and contradictory we hunt kill

and eat them yet we also love respect and protect them This ambivalent relationship is further complicated by the fact that we attribute human emotions and intelligence to animals We even go as far as likening them to children and treating them as family members Drawing on a diverse range of case studies *Animals in Person* attempts to unravel our close and fascinating link with the animal kingdom This book highlights the theme of cross species intimacy in contexts such as livestock care pet

keeping and the use of animals in tourism The studies draw on data from different parts of the world including New Guinea Nepal India Japan Greece Britain The Netherlands and Australia Animals in Person documents the existence of relations between humans and animals that in many respects recall relations among humans themselves *Animals in Our Midst: The Challenges of Co-existing with Animals in the Anthropocene* Bernice Bovenkerk, Jozef Keulartz, 2021-04-29 This Open Access book brings together authoritative voices in animal and environmental ethics who address the many different facets of changing human animal relationships in the Anthropocene As we are living in complex times the issue of how to establish meaningful relationships with other animals under Anthropocene conditions needs to be approached from a multitude of angles This book offers the reader insight into the different discussions that exist around the topics of how we should understand animal agency how we could take animal agency seriously in farms urban areas and the wild and what technologies are appropriate and morally desirable to use regarding animals This book is of interest to both animal studies scholars and environmental ethics scholars as well as to practitioners working with animals such as wildlife managers zookeepers and conservation biologists
