Gabler 1890 now one of his most popular plays but greeted at first with bewilderment and outrage The play is simply a bad escape of moral sewage gas Pictorial World Also included is An Enemy of the People 1883 whose central character was the actor Konstantin Stanislavski s favourite role Michael Meyer s translations are crisp and cobweb free purged of verbal Victoriana Kenneth Tynan The Collected Works of Henrik Ibsen; In eleven volumes, Lady Inger Of Östråt, The Feast At Solhoug, Love's Comedy Henrik Ibsen,2025-08-19 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Eleven Plays** Henrik Ibsen,1950 **Public Library Catalog** ,1989 *Eleven Plays of Hendrik Ibsen* Henrik Ibsen,1935 **A Cultural History of Tragedy in the Age of Empire** Michael Gamer,Diego Saglia,2021-05-20 This volume traces a path across the metamorphoses of tragedy and the tragic in Western cultures during the bourgeois age of nations revolutions and empires roughly delimited by the French Revolution and the First World War Its starting point is the recognition that tragedy did not die with Romanticism as George Steiner famously argued over half a century ago but rather mutated and dispersed converging into a variety of unstable productive forms both on the stage and off In turn the tragic as a concept and mode transformed itself under the pressure of multiple social historical and political ideological phenomena This volume therefore deploys a narrative centred on hybridization extending across media genres demographics faiths both religious and secular and national boundaries The essays also tell a story of how tragedy and the tragic offered multiple means of capturing the increasingly fragmented perception of reality and history that emerged in the 19th century Each chapter takes a different theme as its focus forms and media sites of performance and circulation communities of production and consumption philosophy and social theory religion ritual and myth politics of city and nation society and family and gender and sexuality **The Meaning Of Anxiety** Rollo May Ph.D.,2015-11-06 When this important work was originally published in 1950 the first book in this country on anxiety it was hailed as a work ahead of its time This book is the result of several years of exploration research and thought on one of the most urgent problems of our day Clinical experience has proved to psychologists and psychiatrists generally that the central problem in psychotherapy is the nature of anxiety To the extent that we have been able to solve that problem we have made a beginning in understanding the causes of integration and disintegration of personality But if anxiety were merely a phenomenon of maladjustment it might well be consigned to the consulting room and the clinic and this book to the professional library The evidence is overwhelming however that men and women of today live in an age of anxiety If one penetrates below the surface of political economic business professional or domestic crises to discover their psychological causes or if one seeks to understand modern art or poetry or philosophy or religion one runs athwart the problem of anxiety at almost every turn There is reason to believe that the ordinary stresses and strains of life in the changing world of today are such that few if any escape the need to confront anxiety and to deal with it in some manner This study seeks to bring together in one volume the theories of

anxiety offered by modern explorers in different areas of our culture to discover the common elements in these theories and to formulate these concepts so that we shall have some common ground for further inquiry If the synthesis of anxiety theory presented here serves the purpose of producing some coherence and order in this field a good part of the writer s goal will have been achieved

Forbidden Sex, Forbidden Texts Hoshang Merchant,2020-11-29 The book argues that there is no monolithic homosexuality there are only homosexualities that is there are as many reasons for being gay as there are gays Some people are born gay some have gayness thrust upon them and some do indeed achieve to great gayness Representation of homosexuality homoeroticism as it is understood today is thus a western import The act and public social discourses on same sex love are still illegal it is according to many against the Indian tradition and a sense of history is seriously problematic when we dig out for a past tradition of homoerotic love and desire Hoshang Merchant through an examination of texts films poetry attempts to analyse and crack the codes of sexual mis conduct in contemporary India giving short histories of the fate of several gay writers and explaining the difficulties of coming out

Literatim Howard Markel,2020 In 1959 shortly before his death and while reflecting over his roller coaster career as a Hollywood film director Preston Sturges who I write about more fully later in this book remarked the only amazing thing about my career is that I ever had one at all 1 The same might be said about my career as a physician and historian of medicine As a young boy some of my best companions were the characters I met on the pages of novels stories theatrical scripts and screenplays Fascinated by human stories contradictions both moral and physical and worlds so vastly different from my middle class suburban Detroit upbringing I was inspired to I try my hand at writing some of my own tales In my teens I was an active participant in my high school s theatre program thankfully in an era when taxpayers still supported the arts as a critical part of the public school curriculum and wrote a series of incredibly bad plays Soon enough I was confronted by the decidedly difficult time I had in coming up with believable plots a serious handicap for any budding fabulist
