Elements Of Persuasion

William A. Covino

Elements Of Persuasion:

Elements of Persuasion William A. Covino, 1998-12-01 *Discourse on the Move* Douglas Biber, 2007

Discourse on the Move is the first book length exploration of how corpus based methods can be used for discourse analysis applied to the description of discourse organization. The primary goal is to bring these two analytical perspectives together undertaking a detailed discourse analysis of each individual text but doing so in terms that can be generalized across all texts of a corpus. The book explores two major approaches to this task top down and bottom up. In the top down approach the functional components of a genre are determined first and then all texts in a corpus are analyzed in terms of those components. In contrast textual components emerge from the corpus analysis in the bottom up approach and the discourse organization of individual texts is then analyzed in terms of linguistically defined textual categories. Both approaches are illustrated through case studies of discourse structure in particular genres fund raising letters biology biochemistry research articles and university classroom teaching.

Principles, Elements, and Types of Persuasion James Benjamin, 1997 In this text the author emphasizes practical applications as students master the research and theories of persuasion. By acknowledging that both rhetorical and behavioral theories contribute to the understanding of persuasion this text blends production and consumption of persuasion.

The Infinite Book of Words Pasquale De Marco, 2025-08-09 The *Infinite Book of Words* is the definitive guide to the English language. Social Psychology Thomas Heinzen,Wind Goodfriend,2021-01-09

This award winning text invites students to discover social psychology's relevance to their lives. Authors Thomas Heinzen and Wind Goodfriend capture student interest by weaving stories drawn from their own personal experiences with compelling examples from everyday life, all carefully placed in historical context. Social psychology is presented as an evolving science driven conversation; chapters build on core questions central to scientific inquiry while a methods in context approach cultivates psychological literacy. The Second Edition has been thoroughly updated with new pop culture examples, additional diversity coverage, recent controversies related to the Zimbardo and Milgram studies, and over a hundred new citations from the latest research. This title is accompanied by a complete teaching and learning package.

The Forbidden Mind Control Bible Daniel Smith, Ken Talley, 2023-11-08. The Forbidden Mind Control Bible: Unearthing the Dark Secrets of Hypnosis, Manipulation, Deception, and Subliminal Influence presents a stark convergence of two powerful works into one formidable volume. It lays bare the most jealously guarded secrets and methodologies of mind control as unearthed by the keen intellects of Ken Talley and Daniel Smith. In this dark collection, the everyday world's benign mask is torn off to reveal a theater of psychological warfare. Talley's contributions dissect our daily encounters with manipulative tactics, from the subtle coercion used by our loved ones to the strategic mental dominance exerted by media and politicians. His revelations pull the reader into a reality where every smile and gesture may conceal an arsenal of persuasion and influence. Complementing this, Daniel Smith's work pierces deeper into the forbidden realms of the psyche. It's a descent into the cryptic art of mind control techniques that have been deliberately obscured from the public eye, considered too potent and dangerous for unguarded dissemination. His narrative thrusts you into the hidden depths where mind control is not a subject of taboo but a tool wielded with precision by the unseen masters of the human mind. This two-in-one volume is not for the faint of heart; it is an archive of the powerful and the perilous. It stands as a testament to the potency of knowledge that has been suppressed, revealing the true extent of psychological control. The Forbidden Mind Control Bible is an essential tome for those who seek to master the art of influence or protect themselves against the invisible forces that shape our world. Embark upon this journey with caution, for within the pages of this single consolidated book lies a duality of perspective, a fusion of insight that promises mastery over the most intimate element of human existence: the mind. Here lies the synthesis of enlightenment and obscurity, a dual book that serves as a comprehensive manual to the concealed dominions of mind control.

Organizational Behaviour in a Global Context Albert J. Mills, Jean C. Helm Mills, John Bratton, Carolyn Forshaw, 2006-01-01. At last, there is a lucid, well-written OB book which covers key issues required in OB teaching but which has a mind of its own. Students and faculty will recognize this is more than standard fare. Bill Cooke, Manchester Business School.
