Leadership Marcus K. Kilian,2018-07-17 This book addresses the problem of toxic leadership in Christian contexts Toxic leadership behaviors of narcissistic and obsessive compulsive leaders will be emphasized To counteract toxic Christian leadership this book proposes a leadership development model called formational leadership which is based mostly on Wesleyan spirituality but also includes monastic and Pentecostal spiritualities Formational leadership is an eclectic leadership development model that includes components of transformational authentic and primal leadership approaches Formational leadership emphasizes the spiritual emotional and ethical development processes in the leader and includes an analysis of orthokardia orthodynamis and orthopraxis These components have a circular relationship with one another Orthokardia includes the concepts of spiritual and emotional maturity that a Christian leader needs to develop in order to become an ethical and effective leader Orthodynamis includes right power and influence motives based on Christian affections that should inform formational leadership Orthopraxis refers to right and just leadership behaviors informed by Wesley s social holiness and justice values that need to be adopted as organizational core values The implications of these components for leadership development are outlined in chapters 4 6 that include practical steps for helping toxic leaders change their dysfunctional and harmful intentions and behaviors *Boards That Dare* Marc Stigter,Cary Cooper,2018-04-19 Boards That Dare offers actionable solutions to help board directors chairs and CEOs move away from outmoded thinking and practices THE CHALLENGE Corporate boards as fiduciaries are responsible for delivering maximum value and the highest standards of care The persistent misconception that boards should be driven primarily by shareholder value will soon be an outdated one and boards that continue to apply narrow interpretations of value and care are unlikely to survive THE OPPORTUNITY This book reveals a future proofing opportunity for courageous boards to redefine value and care for employees consumers communities society the environment and shareholders There is no point in trying to reframe value and care for a wider range of audiences if boards don t have the right capabilities and attitudes themselves THE SOLUTION Boards that Dare invites boards to challenge shortcomings in their own ability understanding and courage The book shows how boards embracing this new kind of broadened fiduciary dynamism will become future proof and realize sustained shareholder value as an output THE RESEARCH Based on the authors first hand experiences as well as their own research and interviews with board members and chairs of international private public and not for profit organizations this highly practical and cutting edge book delivers the necessary solutions on how to future proof today s boards **Leaders in**

Transition Andy O. Homer,2016-05-09 Much has been written on the subject of leadership For the most part the discussion

has been on the principles of leadership i.e. how to be an effective leader while in office. This book is about the leader leaving office and how his/her departure affects him/her, the incoming leader, and the members of the faith community or organization. A change of leader can be a very stressful experience for a congregation, particularly if the transition from one leader to another is poorly managed. This book examines the nature of leadership transitions, primarily though not exclusively in the church, and provides ideas and suggestions for effectively managing these transitions for the benefit of all the stakeholders.

Dancing with Cinderella Jeff Harlow, 2017-11-24 Any vision that underestimates the importance of leadership transition is incomplete. After all, God's purposes have longer shelf lives than His leaders. *Dancing with Cinderella* outlines several core principles drawn from Jeff Harlow's leadership transition as the senior pastor of a church of over 3000 members. It serves to help other leaders navigate the organizational, relational, and emotional details of a leadership transition without losing momentum. It doesn't matter if you're the leader of a small or large church, old or plant church, traditional or contemporary church, obscure or iconic church; an unhealthy leadership transition hurts people and cripples mission. Jeff's story will help leaders, teams, and the members of a church think through the principles of transition as they prepare for the exit of a current pastor and the entrance of their new leader. This book addresses many of the questions that a transition raises: Why are transitions so hard? What is really at the heart of the transition? How do the objectives of a leader change after the transition starts? How do departing leaders define future boundaries? In these pages, you can discover how to do transition right so you don't have to figure out why it went wrong.

Managing for Success Morgen Witzel, 2015-04-23 The damage that incompetent managers do is incalculable. Every year they wipe tens of billions off the value of companies around the world. But the routinely incompetent behaviour that leads to failure is often covered up: incompetent managers are paid off, and the causes of failure are swept under the carpet. Yet most of these failures could have been avoided if only we knew how to spot the signs of incompetence in advance and take steps to prevent it happening. Prevention is always better and cheaper than cure. Morgen Witzel tackles the problem of incompetence in the round by exploring the political, cultural, psychological, and personal factors that lead to incompetency at every level of business. Arrogance, excessive reliance on formal plans and metrics, lack of professional pride, and poor and misguided business education and training are among the problems that drag businesses down. Using international case studies from Ford Motor Company, Royal Ahold, and Lehman Brothers, practical solutions are provided for avoiding incompetence by changing the culture within organizations and the ways in which managers are trained and developed to truly manage for success and minimise failure.

Developing a Value-Based Business Stanley Remple, 2025-04-14 Strong business leadership built on a value-based foundation has the power to drive profit while improving the lives of business leaders, employees, and even those in the community. But to truly succeed, a business leadership model must make sense within its cultural context. *Enter Leadership Wisdom for Businesses in China*, a powerful four-book series that explores why an individualistic Western approach won't work in China. Instead, Remple offers a practical

leadership blueprint that reflects Chinese leadership standards and ideals for an uncertain future In Book Two Developing a Value Based Business Author Stanley Remple examines the importance of a shared value based organization worldview to develop individual and collective potential He operationalizes this through a framework of six crucial leadership responsibility areas establishing the worldview identifying community values improving self leadership empowering shared decision making strengthening employee commitment and building effective communication Each of these areas is illustrated by a case study of a successful Chinese business Much more than a theoretical overview of business leadership this series is distinguished by a practical roadmap for developing both self leadership and business leadership within a whole company Supported by a Chinese project team consisting of researchers educators writers and editors business leaders and other stakeholders this culturally relevant series has been written for business leaders and entrepreneurs leadership consultants and trainers and post secondary leadership programs in China However stakeholders in the West will also find great foundational relevance in this comprehensive exploration of value based leadership The other books in the Leadership Wisdom for Businesses in China are Book One Confronting the Business Leadership Crisis Book Three Values Guide Decision Making for Results Book Four Cultural Factors Define Implementation Strategies Also available in Mandarin

Against the Odds: Murray Robertson and Spreydon Baptist Church Kevin Ward, 2016 In 1968 Murray Robertson was called as a young minister to a small elderly church in Christchurch and what followed over the next 40 years was both unexpected and remarkable During this period Spreydon Baptist grew to be one of the largest churches in the country More than 70 people were sent out on overseas mission a significant number of others became ministers of churches elsewhere in New Zealand and others in the church developed a wide range of effective ministries Robertson himself became an influential leader in the wider church in New Zealand In its local community Spreydon developed a large number of

community ministries with such influence that the mayor of Christchurch visited to thank the church for its contribution to the life of the city This book not only tells the story but also provides insights and learning from which anyone interested in the future of Christianity and the church might benefit The 5 Disciplines of Inclusive Organizations Andrés T.

Tapia,Fayruz Kirtzman,2023-05-23 A comprehensive new model for creating inclusive organizations illuminating the vital role that inclusion plays in developing solutions to the critical social environmental and leadership challenges we face Most organizational DE I efforts are focused on changing individual behaviors But unless you change the organizational structures the practices processes and systems that surround and support individual behaviors your change efforts will not take root Structural inclusion makes behavioral inclusion stick Andrs Tapia and Fayruz Kirtzman have found that five disciplines encompass the structures mindsets behaviors and accountabilities required for creating inclusive organizations that will have transformational impact not only on their culture and people but also on society and the planet 1 Manage the Risk know how to deal with the legal reputational and cultural risks of either doing the wrong thing or not doing the right thing 2 Explode the Awareness make sure leaders and employees are deeply informed about and publicly committed to the value of DE I 3 Maximize the Talent Systems ensure that leaders and managers display inclusive behaviors when they manage and optimize talent 4 Master the Logistics integrate DE I into operations in ways that lead to improved efficiencies 5 See the Marketplace expand to new consumer market segments enhance cross culturally competent customer service and form effective partnerships with overlooked communities The authors provide assessment tools and case studies of organizations that have implemented each discipline highlighting what worked and what tripped them up And they take a wider view showing how inclusive organizations practicing the five disciplines can address what they call society s four vital tasks diversify leadership eradicate polarization achieve justice and save the planet This is a complete guide to how to make your organization a systematic process oriented engineer of change for the full range of your stakeholders **Confronting the Business**

Leadership Crisis Stanley Remple,2025-03-19 Competent business leadership drives profit but there is more and it is important to know especially during these trying times If business leadership is practiced with a value based foundation its demonstrated impact on business performance is much greater As human beings are the most treasured business asset business leaders practice values that maintain the asset by creating relationship harmony and trust fostering collaborative learning to realize individual and collective potential and developing the organization as a united community But a business leadership model must also reflect respect for the unique cultural context in which the business operates which is why author Stanley Remple argues the need for improved development of Chinese business leadership development The dominant individualistic and technical Western approach to and practice of leadership development doesn t serve the needs of Chinese business leaders very well And it creates new avoidable challenges Enter Leadership Wisdom for Businesses in China a powerful four book series that examines natural law based values for business leadership within the rich Chinese traditional

and current cultural context Remple offers a framework to promote individual and collective potential while creating a successful and competitive business as community Book One Confronting the Business Leadership Crisis launches the series by providing an overview of business leadership approaches examining the current global business leadership crisis and its realities in China and making a case for natural law based values business leadership Based on these values Remple outlines ten key leadership responsibility areas and supporting operating principles for each responsibility area to realize business leadership improvements Much more than a theoretical overview of business leadership this book series offers a roadmap for developing both self leadership and business leadership within a whole company Both are essential Supported by an experienced Chinese project team consisting of researchers educators writers and editors business leaders and other stakeholders this culturally relevant book series has been written for English and Mandarin speaking business leaders and entrepreneurs leadership consultants and trainers and post secondary leadership programs in China However stakeholders in the West will also find great value in this comprehensive exploration of natural law based values business leadership in the Western cultural context The other three books in the Leadership Wisdom for Business Success in China series are Book Two Developing a Value Based Business Book Three Results Based Community Values in Strategic Decision Making Book Four Culture Impacts Strategic Implementation Success A Mandarin version will soon be available from a Chinese Publisher Also available in Mandarin *Shared Governance for Sustainable Working Landscapes* Timothy M. Gieseke, 2016-08-05

Sustaining our agricultural landscapes is no longer just a technical scientific or even political problem but it has evolved into a socially complex so called wicked problem of conflicting social governance and economics This creates an extreme economic obstacle where the value of ecosystem services remains low and diffuse and the transactions costs remain high and multiple Using Uber like business platform technology and a shared governance model a symbiotic demand for environmental benefits is created Enabling multi sector transactions for environmental benefits this platform innovation would remedy the tragedy of the commons the economic nemesis to achieving landscape sustainability In a nutshell to sustain our agricultural landscapes a transdisciplinary approach supported by a shared governance model housed within a multi sided platform is needed This book introduces an assessment framework identifying governance actors styles and ratios for socio ecological systems The assessment uses a new governance compass to identify the types of actors completing which tasks and identifies the styles of governance used to complete the tasks It is aimed to anyone involved in sustainability science agricultural policy planning or integrated landscape design [The Role of Multinational Enterprises in Supporting the United Nations' SDGs](#) McIntyre, John R., Ivanaj, Silvester, Ivanaj, Vera, 2022-07-08 The Role of Multinational Enterprises in Supporting the United Nations SDGs is an exploration of the place of the private sector in implementing select Sustainable Development Goals Beyond the abundant literature published by the United Nations and journal articles there are few book length treatments of the unique role that multinationals play as facilitators of goal implementation and agents of change This

volume aims to stimulate debate and research on MNEs best practices fleshing out many of the seventeen goals through the lens of corporate strategic choices
