Edwardian England, 1901-15 Donald Read,1972      **Liberalism and Liberal Politics in Edwardian England** George L. Bernstein,2023-08-11 First published in 1986 Liberalism and Liberal Politics in Edwardian England makes a lively contribution to the historical debate over whether the Liberal Party was already threatened by decline before the First World War It challenges the current orthodoxy among historians of the Liberal Party arguing that neither the new liberalism nor the progressive alliance with Labour helped to make it more attractive to working class voters Dr Bernstein takes a wide view of liberal ideology and policies stressing that the new liberalism cannot be treated in isolation from traditional domestic and external policies He examines the crucial relationship between party leaders and constituency activists and argues that the party was more effective when the leadership could mobilize the activists in support of traditional domestic and foreign policies such as peace and retrenchment free trade education and temperance reform land reform the House of Lords and Irish Home Rule This book will be welcomed by both scholars and students of history and political science      Depictions and Images of War in Edwardian Newspapers, 1899-1914 G. Wilkinson,2002-12-13 Through a detailed examination of newspaper coverage from 1899 1914 this book seeks to understand the vicarious experience of warfare held by Edwardians at the outset of the First World War The attitudes towards and perceptions of war held by those who participated in it or encouraged others to do so are crucial to our understanding of the origins of the First World War Taking into account media history cultural studies and military history Wilkinson argues that the press depicted war as distant and safe beneficial and desirable and even as some kind of sport or game We are cautioned to avoid the same misconceptions of war in our own contemporary discussions of armed conflict      **The World of the Edwardian Child** Michael Tracy,1998      **British Economic and Social History** R. C. Richardson,William Henry Chaloner,1996      *The Bloomsbury Group and Modernity* Dianne C. Betts,2025-05-05 Historians have long noted the change in England s social and political life that occurred after the death of Queen Victoria in 1901 The Bloomsbury Group began to coalesce during the early years of Edwardian England responding to the shifts that were occurring Among these writers artists critics political scientists and economists a shared sensibility and common ethos drove the group to scrutinize middle class values and authority and to champion the priorities of the individual in the face of a stifling socioeconomic system This study examines the relationship between the Bloomsbury intellectuals and the moral compass of society Their philosophy influenced English history as each member in their own way sought to realize the civilization of their dreams constantly fluctuating between the illusion of their ideals and the disillusion of reality      Aleister Crowley and the Temptation of Politics Marco Pasi,2014-09-11 Aleister Crowley 1875 1947 is one of the most famous and significant authors in the history of western esotericism Crowley has been long ignored by scholars of religion whilst the stories of magical and sexual practice which circulate about him continue to attract popular interest Aleister Crowley and the Temptation of Politics looks at the man behind the myth by setting him firmly within the politics of his time

and the development of his ideas through his extensive and extraordinarily varied writings Crowley was a rationalist sympathetic to the values of the Enlightenment but also a romantic and a reactionary His search for an alternative way to express his religious feelings led him to elaborate his own vision of social and political change Crowley's complex politics led to his involvement with many key individuals organisations and groups of his day the secret service of various countries the German Nazi party Russian political activists journalists and politicians of various persuasions as well as other writers both in Europe and America Aleister Crowley and the Temptation of Politics presents a life of ideas an examination of a man shaped by and shaping the politics of his times *Edwardian England* Donald Read,1982 **Pleasures and Pastimes in**

**The Radical Twenties** John Lucas,1999 Studies writers from the 1920s with regard to their political radicalism Draws on the works of D H Lawrence Virginia Woolf Sylvia Townsend Warner and Patrick Hamilton among others to identify the decade as a time of both political activism and of deliberately transgressive behavior particularly among women Meets head on the argument of earlier commentators who take for granted the post war decade as defined by cynicism and hedonism and looks at the work and lifestyles of those determined to find ways out of despair Annotation copyrighted by Book News Inc Portland OR [A Study Guide for John Masefield's "Cargoes"](#) Gale, Cengage Learning,2016 A Study Guide for John

A riveting biography that vividly captures the life and times of the last Victorian king To his mother Queen Victoria he was poor Bertie to his wife he was my dear little man while the President of France called him a great English king and the German Kaiser condemned him as an old peacock King Edward VII was all these things and more as Hibbert reveals in this captivating biography Shedding new light on the scandals that peppered his life Hibbert reveals Edward's dismal early years under Victoria's iron rule his terror of boredom that led to a lively social life at home and abroad and his eventual ascent to the throne at age 59 Edward is best remembered as the last Victorian king the monarch who installed the office of Prime Minister **Women, Identity and Private Life in Britain, 1900-50** Andrew Gamble,Gillian Peele,1995-04-10 Women

Identity and Private Life in Britain 1900 50 explores the meanings and experience of home and private life for women who grew up in England before 1950 It considers the extent to which class suburbanisation and historical moment as well as gender constructed women's understanding of domesticity and discusses the part played by conceptions of home and private life in the shaping of identities Oral narratives fiction autobiography and diaries are used in conjunction with psychoanalytic linguistic and historical explanations of women's lives to map a psychological as well as a social history of women's

relationship to the home in the early part of this century      *Documents from Edwardian England 1901-15* Donald Read, 1972

*Peaceful Path* Stephen Ward, 2016-03-14 The title of this book is taken from Ebenezer Howard's visionary tract *To-morrow A Peaceful Path to Real Reform* Published in 1898 as a manifesto for social reform via the creation of Garden Cities it proposed a new way of providing cheap and healthy homes workplaces and green spaces in balance in cohesive new communities underpinned by radical ideas about collective land ownership While Howard's vision had international impact in this book planning historian Stephen Ward largely honors the special place that Hertfordshire occupies on the peaceful path beginning with the development of Letchworth and Welwyn Garden Cities      *Between Empire and Continent* Andreas Rose, 2017-05-01 Prior to World War I Britain was at the center of global relations utilizing tactics of diplomacy as it broke through the old alliances of European states Historians have regularly interpreted these efforts as a reaction to the aggressive foreign policy of the German Empire However as *Between Empire and Continent* demonstrates British foreign policy was in fact driven by a nexus of intra British continental and imperial motivations Recreating the often heated public sphere of London at the turn of the twentieth century this groundbreaking study carefully tracks the alliances conflicts and political maneuvering from which British foreign and security policy were born      **Charles Conder** Ann Galbally, 2004-12-30 Charles Conder was one of the youngest most original and most talented members of the Heidelberg School of impressionist painters and one of the few to achieve a lasting reputation outside Australia His work hangs in many major collections including the Tate Britain the Victoria and Albert Museum and the National Portrait Gallery in London and the Metropolitan Museum in New York Conder painted the Hawkesbury region and Sydney's beaches including Coogee with Tom Roberts who invited him to Melbourne There he joined the artists camps at Box Hill and Heidelberg painted urban and bayside scenes and was a major instigator of the famous 9 x 5 Exhibition in 1889 As in Sydney his carefree charm and delicate witty paintings endeared him to literary and artistic circles Paris beckoned early and he soon fell in with the fin de siècle generation led by Oscar Wilde Henri de Toulouse Lautrec and Aubrey Beardsley He embraced Bohemia was forever in debt worked erratically but unceasingly and lived as if there were no tomorrow Although Conder was rescued from poverty by marriage to a wealthy Canadian widow his bohemian past eventually called in its account Tragically he descended into syphilitic madness and died in his fortieth year Conder's was a beguiling charmed desperate life He was handsome and rakish and sociable sensitive to people and place and extraordinarily talented Yet his work has been long neglected If he was waiting for the right biographer Conder's patience has been vindicated Ann Galbally investigates her subject with scholarly rigour but writes with lightness of touch and with passion sharing her fascination with the people and places Conder knew This is a splendid biography of a gifted artist whose personal style and unconventional life will appeal to another fin de siècle generation of readers

**Crippen** Roger Dalrymple, 2020 How did the case of the mild mannered murderer Hawley Harvey Crippen come to have such an enduring cultural resonance Almost as notorious as Jack the Ripper US citizen and homeopath Dr Hawley Harvey

Crippen was forty eight years old when he was hanged in London in November 1910 for the murder and mutilation of his wife. When Cora Crippen vanished in February 1910 he claimed that she had returned to the United States. Yet the discovery of a dismembered body buried beneath the coal cellar of their house and Crippen's attempt to flee to Canada with his cross-dressed mistress exposed and convicted him. The case aroused enormous public interest at the time and it has remained in the popular imagination ever since, memorialised in crime history, fiction, film and even musical theatre. As late as 2007 some American academics were claiming that the dead body was not Cora's and that Crippen was in fact innocent. This book aims to account for the endurance of the Dr Crippen murder case in the cultural imagination. Highlighting the case's disruptive blending of cultural traditions, it discusses historical precedents, analyses diverse literary traditions, looks at broadside balladry and music hall repertoire and addresses queer theory discourses. The book shows how the case part throwback to earlier crime sensations and part presage of a new understanding of criminality represents a watershed in the representation of criminality and played a distinctive role in the development of crime fiction. Davies, 2011

Walter and Katie Hume coped with isolation from family and the deaths of five infants while working to establish their financial future, secured promotions for Walter and created a place for themselves among the colonial elite. They attained the ideal middle class family life with Walter's career success providing sufficient income to educate their children overseas, reside in elite homes and engage in genteel and philanthropic pastimes.
