*Weston-super-Mare* Allan Brodie, Johanna Roethe, Kate Hudson-McAulay, 2019-03-15 Two centuries ago Weston super Mare was a small rarely visited village but its location alongside the Severn Estuary soon made it a convenient bathing place for the wealthy inhabitants of Bristol and Bath Once the railway arrived in 1841 the handful of brave sea bathers became thousands of day trippers in search of fun and sunshine Weston also became popular with excursionists and holidaymakers arriving by steamer from South Wales To cater for all these visitors the small entertainment and bathing facilities enjoyed by the wealthy Georgian elite were replaced by larger more popular facilities including two

feared daily Running battles were fought with these attacking forces and both ships and lives ashore were lost Spectre of Invasion examines all of the raids made and the success or failure of them and relates these events from the point of view of naval and civilian participants It tells the story of the Royal Navy and its role in the defence of the British coast in the First World War and examines the strategic and political developments resultant from invasion fears And it considers how the plans laid for coastal defence fared under the test of conflict laying bare what it was like to be part of the battles around the British coast both as combatant and as citizen Finally it looks at Britain s inability to co ordinate naval and military effort throughout the War This is a thought provoking book which combines a fast paced narrative with fascinating insights into Britain s predicament in the years leading up to and through the First World War It will appeal to anyone interested in this era of the country s history and the fear on invasion that stalked the country in those years
