The Innocence Commission Jon B. Gould, 2009-11 Beyond Exonerating the Innocent Author on WAMU Radio Convicted Yet Innocent The Legal Times Review Choice Outstanding Academic Title for 2008 DNA testing and advances in forensic science have shaken the foundations of the U S criminal justice system One of the most visible results is the exoneration of inmates who were wrongly convicted and incarcerated many of them sentenced to death for crimes they did not commit This has caused a quandary for many states how can claims of innocence be properly investigated and how can innocent inmates be reliably distinguished from the guilty In answer some states have created innocence commissions to establish policies and provide legal assistance to the improperly imprisoned The Innocence Commission describes the

creation and first years of the Innocence Commission for Virginia ICVA the second innocence commission in the nation and the first to conduct a systematic inquiry into all cases of wrongful conviction Written by Jon B Gould the Chair of the ICVA who is a professor of justice studies and an attorney the author focuses on twelve wrongful conviction cases to show how and why wrongful convictions occur what steps legal and state advocates took to investigate the convictions how these prisoners were ultimately freed and what lessons can be learned from their experiences Gould recounts how a small band of attorneys and other advocates in Virginia and around the country have fought wrongful convictions in court advanced the subject of wrongful convictions in the media and sought to remedy the issue of wrongful convictions in the political arena He makes a strong case for the need for Innocence Commissions in every state showing that not only do Innocence Commissions help to identify weaknesses in the criminal justice system and offer workable improvements but also protect society by helping to ensure that actual perpetrators are expeditiously identified arrested and brought to trial Everyone has an interest in preventing wrongful convictions from police officers and prosecutors who seek the latest and best investigative techniques to taxpayers who want an efficient criminal justice system to suspects who are erroneously pursued and sometimes convicted Free of legal jargon and written for a general audience The Innocence Commission is instructive informative and highly compelling reading
