Effective Behavior And Human Development:

Theories of Human Development Michael G. Green, John A. Piel, 2015-07-14 The authors have grouped the theories into three classical families which differ in their views relative to the prime motives underlying human nature They show how theories are specific examples of more general points of view called paradigms The theories chosen to represent the three paradigms the Endogenous Paradigm Exogenous Paradigm and the Constructivist Paradigm were selected because they met four criteria importance as judged by academic and research psychologists fertility as judged by the amount of research the theory has generated scope as judged by the variety of phenomena the various theories explain family resemblance as judged by how well each theory represents its paradigm The authors present the paradigm case in the lead chapter for each paradigm This paradigm case is the best example for the paradigm The authors explain why paradigm cases are important and give them more detailed treatment than other theories in the same paradigm

Human Behavior for Social Work Practice, Second Edition Wendy L. Haight, Edward H. Taylor, 2013-06-15 Contemporary social workers continue to face growing challenges of complex and diverse issues such as child maltreatment poverty unemployment oppression violence mental illness and end of life care across varied contexts Wendy L Haight and Edward H Taylor present their book Human Behavior for Social Work Practice Second Edition as a core text that will help students implement a consistent framework through which to approach multifaceted social issues in any environment whether it be in inner city schools or rural nursing homes with individuals of different ages ethnicities and socioeconomic status Human Behavior for Social Work Practice Second Edition uses the developmental ecological systems perspective as an analytic tool to show students how social scientific evidence helps us understand human development and enhances social work practice Students will learn that by effectively connecting theory to practice they can develop successful strategies to use as they encounter complex issues currently facing social workers The authors have reorganized and expanded this new edition to better

illustrate developmental thinking in social work practice throughout the lifespan This book also now includes special topic chapters on human brain development and the increasing relevance of neuroscience to social work practice as well as important social justice issues specific to race and gender that occur throughout the lifespan Also new to this edition Haight and Taylor have developed instructor s materials that can be tailored to include the social work experience of the instructor It is comprehensive so that no additional resources are needed and it is dynamically structured so information can be added where relevant to the course material

Human Behavior for Social Work Practice Wendy L. Haight,Edward H. Taylor,Ruth Soffer-Elnekave,2020 The primary goal of this text is to support social work students in HBSE 1 courses to develop a conceptual framework for understanding and meeting the challenges they will likely encounter in 21st century practice Through contemporary scholarship in human development ecology and systems theory we build on social work s classic bio psycho social spiritual framework Our interdisciplinary developmental ecological systems framework addresses the ways in which human beings shape and are shaped within complex and dynamic national and international contexts across the lifespan We attempt to establish a bridge between undergraduate courses in the social behavioral and biological sciences and social work practice courses We begin by establishing a framework for understanding human behavior in the social environment through chapters providing an historical overview of the interdisciplinary roots of the developmental ecological systems framework the brain and development and the role of empirical evidence on social work practice Then we examine social work issues at various points in human development using specific programs and policies to illustrate developmentally and culturally sensitive social work practice These chapters include excerpts from interviews with practicing social workers Part 3 focuses on social work issues affecting individuals across the lifespan and around the globe through chapters on disability and stigmatization race racism and resistance women and gender and terrorism

An Introduction to Theories of Human Development Neil J Salkind,2004-01-22 This brief accessible core text provides a comprehensive view of the major developmental perspectives in a way that should appeal especially to students going on to applied careers in the social and behavioral sciences education and the human services and other helping professions Neither overly detailed nor unnecessarily technical it is intended as a basic introduction At the same time the author does not talk down or condescend to the reader He emphasizes the applied nature of these developmental theories not only in the text material but also with features such as boxed highlights The book is organized into five major parts beginning with an introduction to the primary concepts and important ideas about human development and research and then grouping various theories into four major theoretical perspectives maturational and biological psychodynamic behavioral and cognitive developmental before concluding with an integrative chapter that compares the various theories covered

Motivational Psychology of Human Development J. Heckhausen,2000-09-15 The idea for this book grew out of the conference Motivational Psychology of Ontogenesis held at the Max Planck Institute for Human Development in Berlin Germany in May 1998 This conference

focused on the interface of development and motivation and therefore brought together scholars from three major areas in psychology developmental motivational and lifespan This combination of fields represents the potential influence of development on motivation and the potential role motivation plays in development and its major contexts of family work and school Thus contributors were chosen to apply motivational models to diverse settings of human everyday life and in various age groups across the life span ranging from early childhood to old age

Addiction in Human Development Bruce Carruth, Jacqueline Wallen, 2014-03-05 Find fresh perspectives on the treatment of addictions and effective methods for helping recovering alcohol and drug abusers in this valuable book *Addiction in Human Development* provides practical strategies based on theories of human development for working with clients recovering from alcoholism and drug addiction An understanding of these theories will help therapists and addictions counselors recognize stages of recovery and better select appropriate interventions for every phase of treatment of addicted clients *Addiction in Human Development* shows how a developmental perspective is particularly appropriate to the treatment of alcohol and substance abusers and the patterns involved in their addiction Disruptions in clients childhood or adolescent development stemming from their own or a parent s drug abuse can influence their present recovery process This informative book also describes the developmental course of addiction and provides tools designed to interrupt addictive patterns In addition stages in the developmental process of recovery are identified to help therapists select appropriate interventions Some of the topics related to human development and addiction covered in this insightful volume include developmental deficits and developmental arrest in recovering clients delayed reactions to sexual abuse and other childhood trauma stages in recovery from alcoholism or drug addiction developmental issues in the professional s own life and multi problem families with a multigenerational history of substance abuse Applying these developmental strategies to work with addicted individuals will significantly improve communication and rapport between helping professionals and recovering addicts and lead to more success in alcohol and drug addiction therapy
