application in practice Drawing on her rich academic and clinical experience Carmel includes treatment recommendations planning and intervention strategies as well as suggestions for how to deal with the phenomenon at policy level in the legal social community and education fields Calling for the involvement of legal educational and community systems this book is essential reading for researchers in psychology law social work education gender studies and sociology as well as therapeutic practitioners such as clinicians educational consultants art therapists and policymakers

**Long-Term Effects of Intimate Partner Violence on Children's Social Behavior** Megan R. Holmes, 2012 Children who have been exposed to intimate partner violence IPV experience a wide variety of short term social adjustment and emotional difficulties While children are affected at all ages less is known about the long term consequences of IPV exposure at younger ages This study examined the impact of early IPV exposure i e between birth and age 3 IPV exposure over time and IPV severity on the development of children s prosocial skills and aggressive behavior Additionally the effect of maternal warmth and maternal depression over time on IPV exposed children s social behavior trajectories was examined Secondary data analysis was conducted using the National Survey of Child and Adolescent Well Being NSCAW a national longitudinal study designed to assess outcomes of children who have been abused or neglected Latent growth curve modeling was used while controlling for maternal demographics maternal substance use household characteristics and child maltreatment The more frequently children were exposed between birth and the age of 3 the more aggressive behavior problems were exhibited by age 8 compared to nonexposed children When examining IPV exposure across time IPV exposure was associated with increases in preschool age children s aggressive behavior and decreases in school age children s prosocial skills Longer durations of exposure to severe forms of IPV were significantly related to higher aggressive behavior over time Higher levels of maternal warmth were a significant predictor of increased prosocial skills over time while maternal depression was a significant indicator of increased aggressive behavior over time Understanding the developmental period of when IPV exposure has the greatest effect on children s development may provide insight into when to intervene before problem behaviors become more pervasive Results from this study suggest that assessments conducted by social worker clinicians need to account for the child s age when IPV exposure began and the nature of exposure i e duration and level of severity Interventions should be targeted towards those children who are exposed when they are 3 years or younger who have experienced longer duration or severe forms of IPV exposure and who have mothers who are currently depressed or exhibiting low levels of maternal warmth

**Children and Adolescent's Experiences of Violence and Abuse at Home** Julie C. Taylor, Elizabeth A. Bates, 2023-12-20 Children and Adolescent s Experiences of Violence and Abuse at Home is a unique book that explores some of the main controversies and challenges within the field The book is organised into three sections the first covering work that has focused on the experiences of living in DV settings as a child or young person the second offers overviews of the impact of child victimisation and the final section is about working with children in practice and service based settings It includes extensive reviews of the

literature empirical research and practice observations all of which provide compelling evidence of a need to change how we construct victims and design services It provides evidence for the need to work sensitively inclusively and responsively around issues of victim identification support and prevention Moreover the evidence urges us to include children s and adult victim survivor s experiences and contributions in the creation of services Concluding with a series of recommendations for both future research and ways in which we can help use the research findings to inform practice it is a must read for researchers practitioners and educators working with children and young people within the field of domestic violence and abuse It will also be of interest and value to policy makers who are reviewing legislation and those involved in commissioning psychological services and victim services that work with child and adolescent victims

Pyrek,2006-01-13 Written by an award winning investigative journalist with more than twenty years of experience Forensic Nursing takes an objective yet engaging look at a profession that according to the author is only for those with a strong stomach a pure heart and a quick mind It presents the personal experiences and perspectives of forensic nurses that w Child Abuse, Child Exploitation, and Criminal Justice Responses Daniel G. Murphy, April G. Rasmussen, 2020-01-08 There are few things in our society that provoke such raw emotions as that of child abuse Most people justifiably so are outraged when they hear of allegations of abuse and their anger is intensified as they learn of what seems to be an inappropriate criminal justice response However the debate on child abuse usually happens through visceral emotions rather than facts Taking emotions out of a child abuse debate is much easier said than done but it is of utmost importance to identify the facts When the reader has a better understanding of the scope of child abuse they can become more objective but still maintain their passion about ways to protect this vulnerable and targeted population Child Abuse Child Exploitation and Criminal Justice Responses is unique in that it offers the reader contributing facts based not only through scholarly research but practical experience working in field from this wonderful collaboration of criminal investigator and forensic nurse Thus providing much personal insight and demonstrating how these two areas of expertise can join forces to achieve the objective of working as a team to facilitate safeguarding children The authors also presents the research on this complex yet worthy topic by identifying the unique challenges of investigating these offenses while ultimately bringing the perpetrators to justice and presenting the research from various perspectives of child abuse including both national and international issues and responses
