Egon Schiele Postcard Book Magna Books,1993-12-01 *Egon Schiele* Egon Schiele,1999 *Egon Schiele, 1890-1918* Reinhard Steiner,Egon Schiele,2000 Schiele had the most long lasting influence on the Vienna art scene after the great era of Klimt came to a close After a short flirtation with the style of his mentor Klimt Schiele soon questioned the aesthetic orientation to the beautiful surface of the Viennese Art Nouveau with his rough and not easily accessible paintings

Egon Schiele and the Art of Popular Illustration Claude Cernuschi,2022-09-02 Presenting a radically different picture of Egon Schiele s work this study documents in one to one comparisons the extent of the artist s visual borrowings from the Viennese humoristic journal Die Musketiere Claude Cernuschi analyzes each comparison on a case by case basis primarily because the interpretation of cartoons and caricatures is highly contingent on their specific historical and cultural context Although this connection has gone unnoticed in the literature in retrospect this correlation makes perfect sense Not only was Schiele s artistic production frequently compared to caricature and derided for being grotesque but Expressionism and caricature are natural allies One may belong to high art and the other to popular culture yet both presuppose similar assumptions and deploy a similar rhetorical position namely that the exaggeration of human physiognomy allows deeper psychological truths to emerge The book will be of interest to scholars working in art history visual culture popular culture and politics **Egon Schiele, 1890-1918** Serge Sabarsky,1990 **The Postcard's Radical Openness** Mariluz

Restrepo,2024-04-05 The Postcard s Radical Openness offers a groundbreaking exploration of what this multifaceted double sided open card entails and how it has affected our being in the world With a holistic approach it focuses on studying the postcard s specific way of being and performing a particular ontology that opens up what is constitutively implicated in such an apparently trivial artifact The book organized into four parts meticulously unveils the postcard s political technological aesthetic and ethical dimensions ending with a coda correlating the postcard s radical openness to G Klimt s painting Nuda Veritas 1899 in reference to the scope of truth By examining the postcard s complex worldwide history its socio cultural significance and its global effect the book reveals hidden stories shedding light on its impact on photography printing marketing trade and business practices and exposes the aesthetic communicative and ethical qualities that lie behind the enormous success of postcards at the turn of the 20th century This comprehensive study is positioned as a thought provoking invitation to scholars and students interested in material culture media studies and human interactions as well as to history enthusiasts art lovers and postcard collectors Offering a distinctive contribution the book not only fills a void in the literature but also encourages readers to question and reflect on the transformative power inherent in the postcard s radical openness presenting a novel and unparalleled analysis of this seemingly trivial yet culturally significant object **The Postcards of Alphonse Mucha in the Art Nouveau Style** Q. David Bowers,Mary L. Martin,1980 *The Art of Egon Schiele* Egon Schiele,Erwin Mitsch,1975 Examines the character and developments of the art of Egon Schiele and considers a balanced

selection of his paintings and drawings *The Art of Egon Schiele* Erwin Mitsch, Egon Schiele, 1988 This study examines the character and development of Egon Schiele whose instinctive and original Expressionism reaffirmed the unrecognized role of Vienna as one of the leading centres of the fine arts He is regarded as one of the major artists of the twentieth century here and the text examines his contact with and influences of Munch Rodin Klimt and other contemporaries the plate section consists of examples of his paintings watercolours and drawings in chronological order nudes portraits allegories and landscapes until his death in 1918 Postcard from Hell Michael Kilian, 2015-09-29 A back alley murder carries Andr Derain from the streets of New Orleans to the sun drenched hell of the Cayman Islands It's quiet in the Garden District and Andr Derain can't sleep After a lifetime as a fashion photographer in New York and the French Quarter he needs noise excitement action and he's about to get more than he can handle A call comes in from the New Orleans homicide department tipping Derain off to a grisly shooting on Tchoupitoulas Street He grabs his camera and charges out the door The night has just begun The victim was the pretty boy son of a local gangster who flies into a rage when Derain tries to sell the crime scene photos to the local tabloids With the entire criminal underworld of New Orleans at his throat Derain is desperate for a vacation He'll have to settle for a very deadly trip to the Caribbean *Postcard from Hell* is the 2nd book in the *Andr Derain Mysteries* but you may enjoy reading the series in any order **The Banana Sculptor, the Purple Lady, and the All-night Swimmer** Susan Sheehan, Howard B. Visual Culture in Freud's Vienna Mary Bergstein, 2024-02-22 Visual Culture in Freud's Vienna shows how photography and film in turn of the century Vienna the birthplace of psychoanalysis not only reflected modernist ideas already in force but helped to bring into being what might be referred to as a psychoanalytic imagination Mary Bergstein demonstrates that visual images not only illustrated but also engendered ways of seeing social psychological and scientific ideas during a formative time in the creation and development of psychoanalysis and the modern age Indeed she argues that visual culture initiated significant aspects of psychoanalytic thought Visual Culture in Freud's Vienna examines a variety of visual materials and texts ranging from scientific illustrations to popular low culture and even forms of erotica including film Attention is also given to women's dresses and shoes in a social context and as they are represented in photography and circulated as fetish objects Bergstein maintains a commitment to women's history and feminist inquiry throughout particularly in her final chapter which is devoted to the representations of women in the erotic photography and film Visual Culture in Freud's Vienna is well illustrated with images drawn from the sources discussed and makes a significant contribution to our understanding of modernism and psychoanalysis

Complex Art Conservation and Preservation Problems Paul-Bernhard Eipper, 2023-09-13 In this book for the first time an examination of Egon Schiele's general painting technique is carried out The main case study for this comprehensive investigation is the painting *Stadtende Huserbogen III* 1918 one of Egon Schiele's last works which is housed at Universalmuseum Joanneum Graz Austria In this book the conservation campaign is detailed uncovering portrait sketches integrated and painted over in the painting unmasking the signature as a forgery and recognising the frame as the original decorative frame The research in the years following the conservation is detailed discussing that among other pigments cadmium sulphide was confirmed in the paint material which will influence subsequent conservation measures for the painting The book's examination continues with the complex interactions between environment and object that were also addressed in recently completed EU projects concluding that continuously gained knowledge about external influences and storage materials used will help to adapt further measures to the painting as it continues to degrade
