Gleaming Coffins. Iconography and Symbolism in Theban Coffin Decoration (21st Dynasty) Rogério Sousa, 2018-03-15 Egyptian coffin decoration is a complex and multidimensional phenomenon with its own history and evolution Yellow coffins were crafted in Thebes during a particular critical period in the Egyptian History witnessing to a situation of political unrest and severe economic scarcity affecting Egypt the Near East and the Mediterranean And yet there is no evidence for a decline in the production of these outstanding funerary artefacts On the contrary the corpus of yellow coffins outnumbers the previous types of Egyptian anthropoid containers and stands out among the most complex and sophisticated objects ever crafted in the Ancient World Besides this historical paradox the yellow corpus presents important epistemological challenges for our understanding of Egyptian material culture what kind of space is created within the walls and forms of an anthropoid coffin What role plays variability and change in this process Last but not the least can we understand the meaning behind the multiple shapes and endless variations adopted in coffin decoration during this period This book addresses these questions presenting the results of a comparative study on coffin decoration involving an extensive sample of objects from the yellow corpus dispersed in museums around the world The results of this study reveal the principles of composition that ruled the work of the ancient Theban craftsmen and show how important coffin decoration was for the Theban priesthood of Amun to convey their own corporative values

Imagining the Past Colleen

Manassa, 2013-10-25 Five hundred years before Homer immortalized the Trojan Horse the ancient Egyptians had already composed a tale of soldiers hiding Ali Baba like in baskets to capture a besieged city Shortly after the rise to power of the warrior pharaoh Ramesses II Egyptian authors began to write stories about battles and conquest However these stories were not set in the present but in the past they were the world's first works of historical fiction These literary recreations of past

events which preserve fascinating mixtures of fact and fiction provide unparalleled information about topics as diverse as ancient Egyptian historiography religion and notions of humor and wit *Imagining the Past* is the first volume to provide complete translations and commentary for the historical fiction composed during Egypt's New Kingdom The four works include *The Quarrel of Apepi and Seqenenre* *The Capture of Joppa* *Thutmose III in Asia* *The Libyan Battle Story* An introduction explores Egyptian conceptions of the past the universe of historical and literary texts in New Kingdom Egypt and the definition of a new genre of Egyptian literature Extensive commentary and new translations appear within each chapter and a concluding analysis summarizes the audience and function of historical fiction as well as theology and historiography within the tales Despite the fragmentary nature of the papyrus copies the thorough research into the literary political and social context of each tale allows a modern reader to explore this forgotten literary subfield and appreciate the stories as works of historical fiction *Gematon: Living and Dying in a Kushite Town on the Nile, Volume II* Derek A.

Welsby, 2024-11-28 This volume documents the Sudan Archaeological Research Society's 1997-2018 excavations at Kawa Sudan with topographical mapping and digs across urban sites and the Kushite cemetery Recovered artefacts from pottery shards to dressed stone blocks highlight the site's diverse material culture and ancient rituals
