Eighteen Stories:

The World's Finest Mystery and Crime Stories: 2 Edward Gorman, Ed Gorman, 2001-10-25 Gathers mystery suspense and crime stories from around the world *The Chinese Short Story* Patrick Hanan, 1973 During the centuries of its popularity early Chinese vernacular fiction was never adequately preserved or even documented The great popular appeal of the short stories saved them from oblivion but it was only in the sixteenth and seventeenth centuries that they were first collected and published Mr Hanan's erudite study is the first thorough attempt to uncover the history of the Chinese short story Using a variety of techniques but principally that of stylistic analysis the author solves the fundamental problem of dating the stories in terms of periods He is able to place each story in one of three broad categories early ca 1250 1450 middle ca 1400 1575 and late ca 1550 1627 and to assign some of them to the earlier or later part of the time span In many cases he offers evidence of sources and influences place of origin and possible or probable authorship On the basis of the author's research it is possible to see in minutely researched detail how the short story developed in China what kind of men composed it its relationship to other kinds of literature and the main social preoccupations with which it deals The results of Mr Hanan's study are vitally important to all scholars of Chinese literature Historians and linguists will also find it valuable as a model of the innovative use of stylistic analysis **Fantastic Women: 18 Tales of the Surreal and the Sublime**

In 1945 the modern country and people of Greece were unknown to many Britons. This book explores the transformation and varying fortunes of Anglo-Greek relations since that time. The focus is on the perceptions and attitudes shown by British and Greek writers, audiences, and organisations. Greece and Britain Since 1945 contains chapters from leading academics, journalists, novelists, and public servants and covers subjects including literature by Greek writers in English translation, the work of the British Council and international aid agencies, and television series set in Greece. The second edition has been substantially updated to reflect the financial, economic, and social effects of the recent Greek Crisis. Four specially commissioned new chapters discuss how Greece has been portrayed in the British media and the responses of cultural organisations to the present needs of the Greek people.
