James Simpson,2017-12-02 This book traces the history of a complex sexual fantasy which features recurrently in Goethe's writings from his days as a student in Leipzig to the final years as Europe's most celebrated living poet Simpson shows how the young man's fantasy of innocent sexuality became an increasingly troubled one during the poet's first decade in Weimar Goethe began to recognize in it a submerged element the incestuous roots of desire Triggered by this discovery Goethe's imagination becomes increasingly analytic and diagnostic and startlingly prefigures the work of Freud Yet paradoxically Goethe's insight leads him to a triumphant reassertion of an innocent sexuality purged of those elements he identifies as diseased Central to Goethe and Patriarchy is a new account of the genesis of the first part of Faust which is shown to contain a record of Goethe's changing attitudes to human sexuality In particular Simpson is the first critic to demonstrate that the Gretchen episode is a deliberate Kontrafaktur of the patriarchal idyll of the Song of Songs The book explores numerous other Goethe texts and casts entirely new light on his creative imagination *Language and Meaning* Christopher

Wischermann,Aline Steinbrecher,Philip Howell,2018-09-06 This book is open access and available on www.bloomsburycollections.com It is funded by Knowledge Unlatched Animals are increasingly recognized as fit and proper subjects for historians yet their place in conventional historical narratives remains contested This volume argues for a history of animals based on the centrality of liminality the state of being on the threshold not quite one thing yet not quite another Since animals stand between nature and culture wildness and domestication the countryside and the city and tradition and modernity the concept of liminality has a special resonance for historical animal studies Assembling an impressive cast of

contributors this volume employs liminality as a lens through which to study the social and cultural history of animals in the modern city It includes a variety of case studies such as the horse human relationship in the towns of New Spain hunting practices in 17th century France the birth of the zoo in Germany and the role of the stray dog in the Victorian city demonstrating the interrelated nature of animal and human histories *Animal History in the Modern City* is a vital resource for scholars and students interested in animal studies urban history and historical geography **Paradisal Love** John D. Baildam,1999-10-01 This is the first comprehensive study of Herder s preoccupation with the Song of Songs Baildam considers the importance of this poetry in his thinking and examines his commentaries and translations of 1776 and 1778 Despite Herder s claims to the contrary his own cultural position is revealed in his translations and in his unique interpretation of the work as the voice of pure paradisal love Starting with Herder s interest in the Song of Songs between 1765 and 1778 this book sets his reflections in the wider context of his relativistic views on the nature of poetry contemporary German culture and the importance of primitive poetry in general and the poetry of the Bible in particular Then Baildam looks at current literary critical theories with implications for Herder s translations of these *Lieder der Liebe* and discusses Herder s theories of language and translation in comparison with German translation theories Herder s reading of the Song as the most primitive natural and sublime example of Hebrew poetry is placed in the context of earlier and contemporary interpretations his opinion of which is examined In the last part of the book there is an appraisal first of Herder s commentaries themselves analysing how the details reflect his overall concept of the work and then of his translations comparing them with each other with the Lutheran text to which Herder ultimately directed his readership and with the Hebrew text A concluding chapter reviews the reception of Herder s work and three appendices offer a parallel presentation of Herder s translations of 1776 and 1778 Luther s translation of 1545 and Goethe s translation of 1775
