Abstract

Although Ziya Gökalp was one of the most important intellectuals who shaped Turkish nationalism, scholarship did not systematically examine the links between his sociological perspective and nationalism. This study portrays how Gökalp's culture-civilization theory, predominantly adapted mainly from Emile Durkheim's sociological perspective, provides a basis to his Turkish nationalism. Gökalp developed two central premises in line with Durkheimian sociology: (a) civilization is dependent on cultural unity; and (b) religion is the root of culture. Via the culture-civilization duality, Gökalp constructed Turkish nationalism that excluded non-Muslim and non-Sunni minorities. This article not only provides a comprehensive account about the roots of Turkish nationalism but also posits a fresh perspective on Gökalp's trinity of Turkification, Islamization and modernization. In so doing, it underlines Durkheim's indirect impact on the foundations of Turkish nationalism.

Trust me [gentlemen], without Ziya Gökalp, this state would not exist today!

Cemal Gürsel, 15 May 1961

A year after the 1960 *coup d'état*, in a heated debate about Turkish nationalism in the parliament, the prime minister of the period and a former commander of the Turkish army, Cemal Gürsel, firmly asserted that Ziya Gökalp (1876–1924) developed the intellectual base of the Turkish state ideology. Indeed, Gökalp can be seen as the most influential sociologist in Turkish history. He was one of the pioneers of Turkish sociology and a very influential political figure during the early twentieth century.¹ Gökalp acted as a key social theorist behind the origins of the Turkish

Sufis and Anti-Sufis Elizabeth Sirriyeh,2014-01-09 Despite its continuing appeal in the Muslim world Sufism has faced fierce challenges in the last 250 years This volume assesses the evolution of anti Sufism since the middle of the eighteenth century and Sufi strategies for survival It also considers the efforts of a few significant Muslim intellectuals to contemplate a future for a mystical approach to Islam without traditional Sufism Many studies of Islam in the modern period have focused on the attempts of Muslim modernists or fundamentalists to come to terms with western modernity and Sufis have often been marginalised in the process Elizabeth Sirriyeh redresses this neglect by assigning to Sufism a central place in the broader history of Islam in the modern world and by examining how changing understandings of Sufism s role in modern conditions have affected Muslims of all shades of opinion *Turkish Foreign Policy, 1943-1945* Edward Weisband,2015-03-08 As it became evident that the Allies were winning World War II Turkish policy makers struggled to achieve their objectives in the shifting circumstances of wartime diplomacy Edward Weisband s detailed description of Turkish foreign policy from 1943 to 1945 reveals that it was complicated by the fact that its two principal aims dictated contradictory positions The first aim was the priority of peace over expansionism this implied a noninterventionist policy On the other hand the belief that the Soviet Union represented the primary threat to the security of the Republic often made intervention to contain Russia seem necessary for national defense Turkish officials became determined to influence the postwar settlement towards an equilibrium among the great powers that would limit Soviet expansionism which the Turks assumed they could not do alone Consequently they were among the first to envision the contours of the Cold War After outlining the historical origins of the ideology that lay behind Turkish diplomacy the first part of the book concentrates on the policy making process in Ankara and assesses the relative influence of individual leaders and institutions The second part analyzes both Turkey s responses to the exigencies of war and the general nature of small state diplomacy Originally published in 1973 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Heydar Aliyev and the Foundations of Modern Azerbaijan M. Hakan Yavuz,Michael M. Gunter,Shamkhal Abilov,2024-06-10 This edited book examines and analyses Heydar Aliyev the architect and founder of modern post Soviet Azerbaijan The editors of the volume discuss developments between 1993 and 2003 a decade that saw the establishment of the institutional foundations of the current republic the adoption of a new form of national identity the redefinition of the

concept of the Azerbaijani state and the creation of a security establishment designed to gain control of territories Armenia had held since the 1988-1994 war over Karabakh. The book explains why this fateful period had far-reaching consequences for Azerbaijan as a fully formed state and society as well as major implications for its political future and its geopolitical strategy.

The Longman Companion to European Nationalism 1789-1920 Raymond Pearson, 2014-09-25. A highly topical analysis of European Nationalism from the French Revolution through to the aftermath of the First World War when the nationalist issues and problems that dominate the political landscape of our own time were already fully established. Covering an enormous range of peoples from the Icelanders to the Gypsies from Brittany to Wallachia, the book presents a wealth of historical geopolitical information unavailable elsewhere. Essential as a reference work, it also provides a unique opportunity to survey systematically a crucial but fragmented subject in its full European context. For historians, political scientists, departments of European studies and general readers.

The Formation of Turkish Republicanism Banu Turnaoğlu, 2017-04-18. Turkish republicanism is commonly thought to have originated with Mustafa Kemal Atatürk and the founding of modern Turkey in 1923 and understood exclusively in terms of Kemalist ideals characterized by the principles of secularism, nationalism, statism, and populism. Banu Turnaoğlu challenges this view, showing how Turkish republicanism represents the outcome of centuries of intellectual dispute in Turkey over Islamic and liberal conceptions of republicanism, culminating in the victory of Kemalism in the republic's formative period. Drawing on a wealth of rare archival material, Turnaoğlu presents the first complete history of republican thinking in Turkey from the birth of the Ottoman state to the founding of the modern republic. She shows how the Kemalists wrote Turkish history from their own perspective, presenting their own version of republicanism as inevitable while disregarding the contributions of competing visions. Turnaoğlu demonstrates how republicanism has roots outside the Western political experience, broadening our understanding of intellectual history. She reveals how the current crises in Turkish politics, including the Kurdish Question, democratic instability, the rise of radical Islam, and right-wing Turkish nationalism, arise from intellectual tensions left unresolved by Kemalist ideology. A breathtaking work of scholarship, *The Formation of Turkish Republicanism* offers a strikingly new narrative of the evolution and shaping of modern Turkey.

Crafting Turkish National Identity, 1919-1927 Aysel Morin, 2021-12-30. Examining Mustafa Kemal Atatürk's Byk Nutuk, *The Great Public Address*, this book identifies the five founding political myths of Turkey: the First Duty, the Internal Enemy, the Encirclement, the Ancestor, and Modernity. Offering a comprehensive rhetorical analysis of Nutuk in its entirety, the book reveals how Atatürk crafted these myths, traces their discursive roots back to the Orkhon Inscriptions, epic tales, and ancient stories of Turkish culture, and critiques their long-term effects on Turkish political culture. In so doing, it advances the argument that these myths have become permanent fixtures of Turkish political discourse since the establishment of Turkey and have been used by both supporters and detractors of Atatürk. Providing examples of how past and present leaders, including Recep Tayyip Erdoğan, a vocal critic of Atatürk, have deployed

these myths in their discourses the book offers an entirely new way to read and understand Turkish political culture and contributes to the heated debate on Kemalism by responding to the need to go back to the original sources his own speeches and statements to understand him Contributing to emerging discourse based approaches this book is ideal for scholars and students of Turkish Studies History Nationalism Studies Political Science Rhetorical Studies and International Studies

The First World War and Its Aftermath T. G Fraser,T.G. Fraser,2015-09-15 Think of a map of World War I and chances are that map will be of Europe but the First World War had just as heavy an impact on the Middle East shaping the region into what we know it as today This book gathers together leading scholars in the field to examine this impact which is crucial to understanding the region s current problems and the rise of groups like the Islamic State In addition to recounting the crucial international politics that drew fierce lines in the sands of the Middle East a story of intrigue between the British Russians Ottomans North Africans Americans and others the contributors engage topics ranging from the war s effects on women the experience of the Kurds sectarianism the evolution of Islamism and the importance of prominent intellectuals like Ziya G kalp and Michel Aflaq They examine the dissolution of the Ottoman empire the exploitation of notions of Islamic unity and pan Arabism the influences of Woodrow Wilson and American ideals on Middle East leaders and likewise the influence of Vladimir Lenin s vision of a communist utopia Altogether they tell a story of promises made and promises broken of the struggle between self determination and international recognition of centuries old empires laying in ruin and of the political poker of the twentieth century that carved up the region separating communities into the artificial states we know today

Islamic Law, Tribal Customary Law and Waqf Aharon Layish,2023-10-30 In this collected volume Aharon Layish demonstrates that legal documents are an essential source for legal and social history Since the late nineteenth century Islamic law has undergone tremendous transformations some of which have strongly affected the basic features of its nature The changes include the transformation of Islamic law from a jurists law to a statutory law the abolishment of waqf the Islamization of tribal customary law the creation of Sudanese legal methodologies strongly inspired by f and Salaf traditions or Western law and the emergence of an Israeli version of Islamic law

Collective and State Violence in Turkey Stephan Astourian, Raymond Kévorkian,2020-11-01 Turkey has gone through significant transformations over the last century from the Ottoman Empire and Young Turk era to the Republic of today but throughout it has demonstrated troubling continuities in its encouragement and deployment of mass violence In particular the construction of a Muslim Turkish identity has been achieved in part by designating internal enemies at whom public hatred can be directed This volume provides a wide range of case studies and historiographical reflections on the alarming recurrence of such violence in Turkish history as atrocities against varied ethnic religious groups from the nineteenth century to today have propelled the nation s very sense of itself

Political Tutelage and Democracy in Turkey Weiker,2022-11-07 **The Routledge Handbook of Turkish Politics** Alpaslan Özerdem,Matthew Whiting,2019-04-09 The Routledge Handbook of Turkish Politics

pulls together contributions from many of the world's leading scholars on different aspects of Turkey. Turkey today is going through possibly the most turbulent period in its history with major consequences both nationally and internationally. The country looks dramatically different from the Republic founded by Atatürk in 1923. The pace of change has been rapid and fundamental with core interlinked changes in ruling institutions, political culture, political economy and society. Divided into six main parts, this Handbook provides a single source overview of Turkish politics. Part I: History and the making of Contemporary Turkey; Part II: Politics and Institutions; Part III: The Economy, Environment and Development; Part IV: The Kurdish Insurgency and Security; Part V: State, Society and Rights; Part VI: External Relations. This comprehensive Handbook is an essential resource for students of Politics, International Relations, International Security Studies with an interest on contemporary Turkey.

Britain and the Armenian Question Akaby Nassibian, 2023-11-06. First published in 1984, *Britain and the Armenian Question* examines the direction changes and ramifications of British policy towards Armenia during 1915 to 1923. The author has made extensive use of parliamentary papers and those of the Cabinet, Foreign Office, War Office and India office as well as documents produced by pro-Armenian groups during the period. This material is used to build up a detailed and incontrovertible study of British policy which shows the extent to which it was governed by self-interest even when support for Armenia was its most altruistic. Once Britain secured predominance in the Persian Gulf, she lost all her interest in Armenian territory and the dilemma was posed when the war ended: not only did she no longer need Armenia but also had to decide who to support. In Russia, Armenia lost out on all sides and was compelled eventually to adapt herself to the policies of the surrounding countries. This is an interesting read for scholars and researchers of international relations and international political history.

Devastation Mark Levene, 2013-12. Explores the genocidal events of the period from 1912 to 1938, particularly focussing on the Balkans, the Great War and the emergence of the Stalin and Hitler States, and seeks to integrate them into a single coherent history.

Turkey Simon V. Mayall, 1997.

The Armenian Massacres in Ottoman Turkey Guenter Lewy, 2005-11-30. Avoiding the sterile 'was it genocide or not' debate, this book will open a new chapter in this contentious controversy and may help achieve a long overdue reconciliation of Armenians and Turks.

Turkey's Kurdish Question from an Educational Perspective Adem Ince, 2017-11-15. Turkey's Kurdish question is a long-standing issue which gained special importance after the start of armed conflict between Kurdish insurgents and Turkish security forces. Despite multiple failed attempts to solve the Kurdish question, it remains the most significant issue in Turkey today. This book approaches Turkey's Kurdish question for the first time from an educational perspective. It scrutinizes the relationship between the ideological Kemalist education and the challenges facing Kurdish pupils educated in Turkish public schools. *Turkey's Kurdish Question from an Educational Perspective* represents a comprehensive examination of all major factors in education: teachers, curriculum, policy, documents, educational attainments and textbooks that might possibly affect Kurds. It sheds a critical spotlight on the educational side of the issue, offering a summary of existing challenges, ways to deal with

these problems and the proposal of long term solutions to achieve permanent peace in the region
