Founders Of Living Religions:

Founders of Living Religions Herbert Hewitt Stroup, 1974 The Penguin Handbook of the World's Living Religions John R. Hinnells, 2010-03-25 Comprehensive informative and authoritative The Penguin Handbook of the World's Living Religions is compiled by a team of leading international scholars and is the definitive guide to the religious belief systems and practices of the world today This in depth survey of active religions has now been fully updated to include modern developments and the most recent scholarship It explains the sources and history of the world's religions includes material on the phenomenon of Black African and Asian diaspora religions around the world and explores the role of gender in modern religion The World's Living Religions Archie J. Bahm, 1992 The World's Living Religions is an authoritative study of comparative religion Oriental and Occidental by one of the foremost scholars in the field It differs from other similar works on the subject in that in addition to a detailed study of the five major religions Hinduism Buddhism Judaism Christianity and Islam the book also offers an insight into the lesser known religions such as Jainism Vedantism Taoism Confucianism and Shintoism **A History of the World's Religions** David S. Noss, Blake Grangaard, 2016-09-17 A History of the World's Religions bridges the interval between the founding of religions and their present state and gives students an accurate look at the religions of the world by including descriptive and interpretive details from the original source materials Refined by over forty years of dialogue and correspondence with religious experts and practitioners around the world A History of the World's Religions is widely regarded as the hallmark of scholarship fairness and accuracy in its field It is also the most thorough yet manageable history of world religion available in a single volume treating many subjects largely neglected in other texts Ways of Living Religion Christina M. Gschwandtner, 2024-03-14 This study provides a philosophical analysis of different types of religious experience focusing on the lived experience of religion Living Religions of the World Carl Hermann Voss, 2013-02-05 Carl Hermann Voss has succeeded in presenting a very knowledgeable and comprehensive and at the same time highly readable account of the world's major religions their historical development key personages and basic tenets He writes with clarity insight and sympathetic understanding I found this to be an engrossing and illuminating book Dr Avraham Harman The Hebrew University of Jerusalem Living Religions of the World Our Search for Meaning is both reliable and readable an excellent combination commending it to students and educated laymen alike The living faiths offering real alternatives in a world grown small and compelling every thinking person to make a personal choice are presented with sympathy and scholarship There is a fine concluding summary of the major issues of conscience and decision in a generation which displays an upsurge of religious interest frequently along non traditional paths Dr Franklin H Littell Temple University Philadelphia PA Dr Voss's important scholarly work has always been marked by extraordinary sensitivity combined with wide erudition This marvelous book shows his many admirers anew how our common search for meaning finds distinct but complementary expression in the major religions of the world A lifetime of scholarly reflection renders his book an enriching

Engaging with Living Religion Stephen E. Gregg, Lynne Scholefield, 2015-03-27 Understanding living religion requires students to experience everyday religious practice in diverse environments and communities This guide provides the ideal introduction to fieldwork and the study of religion outside the lecture theatre Covering theoretical and practical dimensions of research the book helps students learn to read religious sites and communities and to develop their understanding of planning interaction observation participation and interviews Students are encouraged to explore their own expectations and sensitivities and to develop a good understanding of ethical issues group learning and individual research The chapters contain student testimonies examples of student work and student led questions

Fast Facts on Defending Your Faith John Ankerberg, John Weldon, 2011-07-02 Always be ready to give a defense to everyone who asks you a reason for the hope that is in you 1 Peter 3 15 What do you do when someone asks How do I know that Jesus is the Son of God Does it matter if Jesus was resurrected from the dead What about all the other world religions don t they offer a way to God Does it matter what I believe as long as I m sincere What proof is there that the Bible is divinely inspired If you find these questions hard to answer or if you have trouble sharing the reason for the hope that is in you here are the responses to some of the common questions skeptics ask about Christianity In a reader friendly style John Ankerberg John Weldon document the extensive evidences for the reliability of the Bible the divinity of Jesus the certainty of the resurrection the uniqueness of Christianity

Theories of Religion Seth Daniel Kunin, Jonathan Miles-Watson, 2006 This book provides a comprehensive selection of readings that relate to and explore the definition of religion The texts come from a wide range of approaches unified both by the questions they are addressing and their broadly social scientific perspective The disciplines covered include anthropology phenomenology psychology and sociology The editors have also included some key texts relating to the feminist approach to and critique of religion The first section of the book includes some of the foundational texts such as materials by Marx Freud and Durkheim The remaining sections look at more recent discussions of the issues from the different disciplinary perspectives Each reading is introduced by a biographical sketch of the author The book also includes introductory discussions to each section that both raise the key issues developed in a particular discipline and address the disciplinary approaches from a more critical stance Theories of Religion A Reader is an invaluable critical resource accessible to a broad audience as well as students of theology and religious studies

The Columbia Documentary History of Religion in America Since 1945 Paul Harvey, Philip Goff, 2005 This unique documentary history brings together manifestos Supreme Court decisions congressional testimonies speeches articles book excerpts pastoral letters interviews song lyrics memoirs

and poems reflecting the vitality diversity and changing nature of religious belief and practice in America since 1945 Covering both the center and the margins of American religious life these documents reflect the role of religion and theology in the civil rights feminist and gay rights movements as well as in the conservative responses to these Issues regarding religion and contemporary American culture are explored in documents about the rise of the evangelical movement and the religious right the impact of new post 1965 immigrant communities on the religious landscape the popularity of alternative New Age and non Western beliefs and the relationship between religion and popular culture The editors conclude with selections exploring major themes of American religious life at the millennium as well as excerpts that speculate on the future of religion in the United States

Unity and Diversity in World'S Living Religions Muhammad

Hedayetullah,2010-11-29 Muhammad Hedayetullah has spent much of his life and career studying the religions of the world and he has come to a very simple but informed conclusion all world religions are basically the same Certainly they are spread across separate geographical areas Yes the deities of different religions are called by different names And yet there is a unity of purpose among them all Unity and Diversity in Worlds Living Religions is one mans educated journey through the religions of the world By focusing on the living religions of today he has derived a conclusive level of similarity underlying every culture known to modern man From the deities worshipped by Hinduism to Confucianism and even Christianity all cultures seek a connection with a higher power for strength guidance and love Hedayetullahs conclusions are remarkable in this day and age especially with religious wars and prejudices based solely on the adverse beliefs of the so called enemy What would the world be like if we were to realize and accept that we are all one people under one higher power seeking to worship together It is not a simple feat but it starts with a solitary insight no matter where we are or what we believe we are one

Dynamics in the History of Religions between Asia and Europe ,2011-11-25 This first volume of the series Dynamics in the History of Religions reviews the opening conference of the K te Hamburger Kolleg at the Ruhr University Bochum The first section concentrates on the formation of what later come to be termed world religions through inter religious contact the second part focuses on the significance of interreligious contacts also during their expansive phase Methodological problems of multi perspective research and especially the lack of a general religious terminology are discussed in the third chapter while the final papers outline various aspects of secularization and re sacralisation in the age of globalisation as an effect of multicultural contacts in a world wide web of religious interferences Contributors include Marion Steinicke Volkhard Krech Peter Wick Victor H Mair Heiner Roetz Patrick Olivelle Jens Schlieter Guy Stroumsa Sarah Stroumsa Nikolas Jaspert Michael Lecker John Tolan Eun jeung Lee Michael Lackner Stephen C Berkwitz Sven Bretfeld Lucian H Ischer Jan Assmann Robert Ford Campany Russell McCutcheon Tim H Barrett Francesca Tarocco Ronald M Davidson Markus Zehnder Aslam Syed Marion Eggert Peter Schalk Peter Beyer Ian Reader Jos Casanova Heinz Georg Held

Category formation and the history of religions

Robert D. Baird,2018-12-03 No detailed description available for Category formation and the history of

religions **God in Context** Karel van der Toorn, 2018-11-13 In this work Karel van der Toorn explores the social setting the intellectual milieu and the historical context of the beliefs and practices reflected in the Hebrew Bible While fully recognizing the unique character of early Israelite religion the author challenges the notion of its incomparability Beliefs are anchored in culture Rituals have societal significance God has a history By shifting the focus to the context the essays gathered here yield a deeper understanding of Israelite religion and the origins of the Bible **History, Religion, and American Democracy** Maurice Wohlgeleer, 2021-09-28 History Religion and American Democracy provides a fundamental review of four major themes naturalism and supernaturalism in an American context issues in the history of Judaism American social philosophy and the teaching and learning of democratic ideals in a pluralistic postmodern environment This book provides a naturalistic context for the deep analysis of religious theological as well as social and political themes **A Little History of Religion** Richard Holloway, 2016-08-23 For curious readers young and old a rich and colorful history of religion from humanity's earliest days to our own contentious times In an era of hardening religious attitudes and explosive religious violence this book offers a welcome antidote Richard Holloway retells the entire history of religion from the dawn of religious belief to the twenty first century with deepest respect and a keen commitment to accuracy Writing for those with faith and those without and especially for young readers he encourages curiosity and tolerance accentuates nuance and mystery and calmly restores a sense of the value of faith Ranging far beyond the major world religions of Judaism Islam Christianity Buddhism and Hinduism Holloway also examines where religious belief comes from the search for meaning throughout history today's fascinations with Scientology and creationism religiously motivated violence hostilities between religious people and secularists and more Holloway proves an empathic yet discerning guide to the enduring significance of faith and its power from ancient times to our own **The Papers of Martin Luther King, Jr., Volume I** Martin Luther King, 1992-01-09 First in a series of 14 volumes this book contains the complete texts of King's letters speeches sermons student papers and other articles The papers range chronologically from his childhood to his young manhood An introductory biographical essay presents a broad picture of the events that the documents themselves cover while extensive annotations of the documents deal with specific details of King's life during these years The passion that drove him is observable in nearly every document ISBN 0 520 07950 7 **Living Religion** James W. Jones, 2019-03-01 Is it reasonable to live a religiously oriented life or is such a life the height of irrationality Has neuroscience shown that religious experiences are akin to delusions or might neuroscience actually support the validity of such experiences In Living Religion James W Jones offers a new approach to understanding religion after the Decade of the Brain The modern tendency to separate theory from practice gives rise to a number of dilemmas for those who think seriously about religion Claims about God the world and the nature and destiny of the human spirit have been ripped from their context in religious practice and treated as doctrinal abstractions to be justified or refuted in isolation from the living religious life that is their natural home

Jones argues that trends in contemporary psychology especially an emphasis on embodiment and relationality can help the thoughtful religious person return theory to practice thereby opening up new avenues of religious knowing and new ways of supporting the commitment to a religiously lived life This embodied relational model offers new ways of understanding our capacity to transform and transcend our ordinary awareness and shows that it can be meaningful and reasonable to speak of a spiritual sense The brain s complexity integration and openness and the many ways embodiment influences our understanding of ourselves and the world all significantly impact our thinking about religious understanding When linked to contemporary neuroscientific theories the long standing tradition of a spiritual sense is brought up to date and deployed in support of the argument of this book that reason is on the side of those who choose a religiously lived life **Interaction**

Between Judaism and Christianity in History, Religion, Art, and Literature Marcel Poorthuis, Joshua Jay Schwartz, Joseph Turner, 2009 This volume contains essays dealing with complex relationships between Judaism and Christianity taking a bold step assuming that no historical period can be excluded from the interactive process between Judaism and Christianity conscious or unconscious as either rejection or appropriation
