Founding Of Pakistan An Annotated Bibliography:

The Founding of Pakistan Roger D. Long, 1998-09-10 Contains resources related to the founding of Pakistan collected from the vantage point of the fiftieth anniversary of partition August 1997 State and Nation-Building in Pakistan Roger D. Long, Gurharpal Singh, Yunas Samad, Ian Talbot, 2015-10-08 Religion violence and ethnicity are all intertwined in the history of Pakistan The entrenchment of landed interests operationalized through violence ethnic identity and power through successive regimes has created a system of authoritarian clientalism This book offers comparative historicist and multidisciplinary views on the role of identity politics in the development of Pakistan Bringing together perspectives on the dynamics of state building the book provides insights into contemporary processes of national contestation which are crucially affected by their treatment in the world media and by the reactions they elicit within an increasingly globalised polity It investigates the resilience of landed elites to political and social change and in the years after partition looks at the impact on land holdings of population transfer It goes on to discuss religious identities and their role in both the construction of national identity and in the development of sectarianism The book highlights how ethnicity and identity politics are an enduring marker in Pakistani politics and why they are increasingly powerful and influential An insightful collection on a range of perspectives on the dynamics of identity politics and the nation state this book on Pakistan will be a useful contribution to South Asian Politics South Asian History and Islamic Studies **Pakistan** Yasmeen Niaz Mohiuddin, 2006-11-27 A comprehensive study of the history politics religion economy and culture of Pakistan how it came to be where it is and where it is going Pakistan occupies a position of geopolitical and strategic importance for the United States This book explains why and reveals the reality of this little studied country Although Pakistan became a country only in 1947 its people and culture have a rich history It is a Muslim state a nuclear power and a politically troubled land Pakistan stretches from the heights of the Hindu Kush to the lowlands of the Indus delta Its people and culture are as varied as its landscape This scholarly yet accessible work treats the full range of modern Pakistan Its thorough examination of the country's problems along with its strengths makes this an ideal resource for high school or college course work and an indispensable addition to library collections *Journal of the Pakistan Historical Society* Pakistan Historical Society, 2002 *Varieties of Religious Authority* Azyumardi Azra, Kees van Dijk, Nico J G Kaptein, 2010 The twentieth century was a fascinating period of profound political social and economic changes in Indonesia These changes contributed to the diversification of the religious landscape and as a result religious authority was redistributed over an increasing number of actors Although many Muslims in Indonesia continued to regard the ulama the traditional religious scholars as the principle source of religious guidance religious authority has become more diffused and differentiated over time The present book consists of contributions which all deal with the multi faceted and multidimensional topic of religious authority and aim to complement each other Most papers deal with Indonesia but two dealing with other countries have been included in order to add a comparative dimension

Amongst the topics dealt with are the different and changing roles of the ulama the rise and role of Muslim organizations developments within Islamic education like the madrasa and the spread of Salafi ideas in contemporary Indonesia India and World War I Roger D. Long,Ian Talbot,2018-02-02 World War I directly and indirectly caused events and social and political trends which defined the history of the world for the rest of the century including the Russian Revolution and the rise of communism to the Great Crash of 1929 which lead to the Great Depression and the rise of Hitler and Nazi Germany It marked a turning point in world history as the end of the historical era of European dominance and the ushering in of a period which accelerated demands for freedom and autonomy in colonial settings India played a significant role in the war and in the Allied victory on the battlefield This book explores India s involvement in the Great War and the way the war impacted upon the country from a variety of different viewpoints including case studies focusing on key individuals who played vital roles in the war The long and short term impacts of the war on different locations in India are also explored in the chapters which offer an analysis of the importance of the war on India while commemorating the sacrifices which were made A new innovative and multidisciplinary examination of India and World War I this book presents a select number of case studies showing the intimate relationship of the global war and its social political and economic impacts on the Indian subcontinent It will be of interest to academics in the field of War Studies Colonial and Imperial History and South Asian and Modern Indian History **American Reference Books Annual, 2000** Bohdan S. Wynar,Shannon M. Graff,2000-03 Thorough and in depth coverage of reference materials is at your fingertips with American Reference Books Annual With nearly 1600 descriptive and evaluative entries it continues its tradition as a comprehensive review source for reference works published or distributed in the United States It encompasses the entire subject spectrum covering such areas as general reference history education literature urban studies economics and business and science and technology Some CD ROMs and Canadian reference publications are covered **Research in Education** ,1974 *Resources in Education* ,1994 *Farmington Plan Newsletter* ,1968 *A History of Islamic Societies* Ira M. Lapidus,2014-10-13 This new edition of one of the most widely used course books on Islamic civilizations around the world has been substantially revised to incorporate the new scholarship and insights of the last twenty five years Ira Lapidus history explores the beginnings and transformations of Islamic civilizations in the Middle East and details Islam s worldwide diffusion The history is divided into four parts Part I is a comprehensive account of pre Islamic late antiquity the beginnings of Islam the early Islamic empires and Islamic religious artistic legal and intellectual cultures Part II deals with the construction in the Middle East of Islamic religious communities and states to the fifteenth century Part III includes the history to the nineteenth century of Islamic North Africa and Spain the Ottoman Safavid and Mughal empires and other Islamic societies in Asia and Africa Part IV accounts for the impact of European commercial and imperial domination on Islamic societies and traces the development of the modern national state system and the simultaneous Islamic revival from the early nineteenth century to the present

Select List of Recent Publications East-West Center. Library,1963 *South Asia and the Strategic Indian Ocean Army* Library (U.S.),1973 The Partition of India C. H. Philips,Mary Doreen Wainwright,2025-06-02 The partition of India in 1947 was an outstanding event in world history It formed a major turning point in the modern history of the sub continent and of the Commonwealth Originally published in 1970 after more than twenty years had passed this title brought together the evidence and put into perspective the course of events which had led to the transfer of power in India from Britain to two successor states rather than to one In 1937 the Muslims in India were thought to be politically weak and disorganized yet ten years later they were able to put forward a convincing claim for a separate state How did this come about The lack of any sense of urgency in making a constitutional settlement between the wars Congress miscalculations during the war and the political exploitation of Muslim nationalism all played a part but the interpretation of the events leading to partition tends to vary with the preconceptions and outlook of the various contributors to the debate at the time The enquiry which led to this volume began as a simple attempt to collect evidence from those still alive From this grew a regular series of meetings between participants and historians of the three countries culminating in a conference The material presented here discusses the more important aspects of the partite from the different viewpoints It is arranged in two sections first hand accounts by those who took part and an analysis by leading specialists In his Introduction Professor Philips points to the main historical problems which had emerged and suggests areas of study which would repay early investigation The time was not yet ripe for a wholly definitive account but this book suggests a framework within which this could be done and brought together raw material for future historians before the generation of eye witnesses passed away The resources of the School of Oriental and African Studies enabled an enterprise to be mounted which would have been beyond the capacity of any one individual This book is a re issue originally published in 1970 The language used and views portrayed are a reflection of its era and no offence is meant by the Publishers to any reader by this re publication **Understanding Kashmir and Kashmiris** Christopher Snedden,2015 The seemingly intractable Kashmir dispute and the fate of Kashmiris throughout South Asia and beyond are the twin themes in Snedden s meticulously researched book *Book Review Digest* ,1999
