## **Fountains Of Praise University College Cardiff 18831983:**

**The History and Architecture of Cardiff Civic Centre** John B. Hilling, 2016-05-20 History of the civic centre and how it came to be created Detailed architectural descriptions of all the buildings in the civic centre Specially prepared maps and plans showing how the civic centre developed over two centuries up to date and complete coverage of the subject including a history of the site over two centuries full descriptions of individual buildings and monuments *Fountains of Praise* Gwyn Jones, Michael Quinn, 1983 Graduate Women and Work in Wales, 1880-1939 Beth Jenkins, 2022-11-07 This book traces the social backgrounds educational experiences and subsequent lives of women who attended the university colleges in Wales from their inception to the outbreak of the Second World War Using a sample of 2 000 graduates the book foregrounds the experience of working class women and critically assesses the claim of social inclusivity built around education in Wales It charts changes and continuities in women s career prospects explores graduates relationship with the communities in which they studied lived and worked and finally examines the extensive networks which underpinned their personal and professional lives

**Women, Periodicals and Print Culture in Britain, 1890s-1920s** Binckes Faith Binckes, 2019-04-10 New perspectives on women s contributions to periodical culture in the era of modernism This collection highlights the contributions of women writers editors and critics to periodical culture in the late nineteenth and early twentieth centuries It explores women s role in shaping conversations about modernism and modernity across varied aesthetic and ideological registers and foregrounds how such participation was shaped by a wide range of periodical genres The essays focus on well known publications and introduce those as yet obscure and understudied including middlebrow and popular magazines movement based radical papers avant garde titles and classic Little Magazines Examining neglected figures and shining new light on familiar ones the collection enriches our understanding of the role women played in the print culture of this transformative period Key Features Helps recover neglected women writers and cast new light on canonical ones Highlights the geographical diversity of modern British print culture Emphasises the interdisciplinary nature of modernism including essays on modernist dance music cinema drama and architecture Includes a section on social movement periodicals

History of Universities Mordechai Feingold, 2006-05-11 Volume XXI 1 of History of Universities contains the customary mix of learned articles book reviews conference reports and bibliographical information which makes this publication such an indispensable tool for the historian of higher education Its contributions range widely geographically chronologically and in subject matter The volume is as always a lively combination of original research and invaluable reference material The Impact of the First World War on British Universities John Taylor, 2018-07-04 The First World War had innumerable consequences for all aspects of society universities and education being no exception This book details the myriad impacts of the war on British universities telling how universities survived the war their contribution to the war effort and the changes that the war itself brought about In doing so the author highlights the changing relationship between universities and

government arguing that a transformation took place during these years that saw universities moving from a relatively closed world pre 1914 to a more active and open role within the national economy and society The author makes extensive use of original documentary material to paint a vivid picture of the experiences of British universities during the war years combining academic analysis with contemporary accounts and descriptions This uniquely researched book will appeal to students and scholars of the history of higher education social history and the First World War **No Distinction Of Sex?**

Carol Dyhouse,2016-09-17 In 1939 women represented nearly one quarter of the student population in British universities Though tantamount to a social revolution in the eyes of many contemporaries the process has recieved scant attention from historians Whilst prejudice and hostility towards women lingered on in Oxford and Cambridge it has often been assumed that the female presence was welcomed elsewhere The younger civic universities commonly advertised themselves as making no distinction of sex in admissions appointments or in educational policy This work of social history based on extensive archival research examines the truth of these claims and explores the experiences of women teachers and students in this period

Dorothy Edwards Claire Andrea Flay-Petty,2011-10-15 Informed by newly available diaries and correspondence here is the first comprehensive biographical and critical study of this enigmatic writer whose tragic suicide at the age of thirty one served to plunge her fascinating body of work into obscurity **The Welsh National School of Medicine, 1893-1931**

Alun Roberts,2008 This book is an account of the origins and development of Cardiff s and Wales s medical school during the first four decades of its controversial existence A contribution not only to the history of medical education in the United Kingdom but also to the often acrimonious history between the University of Wales and Cardiff College this volume addresses the evolving relationship between medical schools and teaching hospitals the uniquely negative relationship between the Cardiff Royal Infirmary and the medical school during the 1920s and the development of clinical practice within the Cardiff school among other topics **Institutions of Higher Education** Linda Sparks,1990-01-24 This bibliography brings

together in one comprehensive volume citations of books dissertations theses and ERIC microfiche relating to the history of specific institutions of higher education worldwide All types of postsecondary institutions two years colleges liberal arts colleges seminaries specialized institutions and universities are included Entries include the following elements when available author editor title place of publication publisher publication date and number of pages Citations from 85 countries are included Entries are by country dependency and territory The United States has been further divided by state Names of institutions are in English References are in the language in which they were written The majority of the citations should be available in a library somewhere in the United States Obscure sources that may be difficult to obtain have been included because they are often the only citation All editions of a title as well as older works are included because of their potential value to a researcher The book should be a part of all college university and large public library collections College of Education faculty members specializing in higher or comparative education will find much of value here Redbrick William

Whyte, 2016-08-11 In the last two centuries Britain has experienced a revolution in higher education with the number of students rising from a few hundred to several million Yet the institutions that drove and still drive this change have been all but ignored by historians Drawing on a decade s research and based on work in dozens of archives many of them used for the very first time this is the first full scale study of the civic universities new institutions in the nineteenth century reflecting the growth of major Victorian cities in Britain such as Liverpool Manchester Birmingham York and Durham for more than 50 years Tracing their story from the 1780s until the 2010s it is an ambitious attempt to write the Redbrick revolution back into history William Whyte argues that these institutions created a distinctive and influential conception of the university something that was embodied in their architecture and expressed in the lives of their students and staff It was this Redbrick model that would shape their successors founded in the twentieth century ensuring that the normal university experience in Britain is a Redbrick one Using a vast range of previously untapped sources Redbrick is not just a new history but a new sort of university history one that seeks to rescue the social and architectural aspects of education from the disregard of previous scholars and thus provide the richest possible account of university life It will be of interest to students and scholars of modern British history to anyone who has ever attended university and to all those who want to understand how our higher education system has developed and how it may evolve in the future **Swansea University** Sam Blaxland, 2020-06

Swansea University Campus and Community in a Post War World 1945 2020 marks Swansea University s centenary It is a study of post Second World War academic and social change in Britain and its universities as well as an exploration of shifts in youth culture and the way in which higher education institutions have interacted with people and organisations in their regions It covers a range of important themes and topics including architectural developments international scholars the changing behaviours of students protest and politics and the multi layered relationships that are formed between academics young people and the wider communities of which they are a part Unlike most institutional histories it takes a bottom up approach and focuses on the thoughts feelings and behaviours of people like students and non academic staff who are normally sidelined in such accounts As it does so it utilises a large collection of oral history testimonies collected specifically for this book and throughout it explores how formative paradoxical and unexpected university life can be **Wales and**

**Socialism** Martin Wright, 2016-11-20 This study examines the spread of socialism in late Victorian and Edwardian Wales paying particular attention to the relationship between socialism and Welsh national identity Welsh opponents of socialism often claimed it to be a foreign import whereas socialists often asserted that the Welsh were socialist by nature This study the first full scale study of the influence of early socialism across all of Wales demonstrates that the reality was more complex than either assertion would admit Rather than focusing on the structural growth of socialism the topic is discussed in terms of the spread of ideas and the development of a political culture The study culminates in a discussion of attempts in the period before the Great War to create a specifically Welsh socialist tradition In approaching the topic from this angle this

study restores a part of the lost diversity of British socialism that is of striking contemporary relevance     A Bibliography of British History, 1914-1989 Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996  
Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index     The University of Wales, 1939-1993 Prys Morgan, 1997 The final title of a series this volume traces the history of the federal University of Wales through a period of vast expansion and the inherent problems of such an expansion It examines the role the University played in the end of the British Grants Commission as well as the transformation from small under funded colleges in 1939 into one of the largest British universities in the 1990s  
*Morgannwg* ,1983     British Books in Print ,1985     Cumulative Bibliography of Victorian Studies ,1970     *The University College of North Wales* J. Gwynn Williams, 1985     The Transactions of the Honourable Society of Cymmrodorion Honourable Society of Cymmrodorion (London, England), 2003
