Four Hundred Years Of University Printing And Publishing In Cambridge 1584 1984:

Cambridge University Press 1584-1984 Michael H. Black, 2000-03-30 In 1984 the Press celebrated 400 years of continuous printing and publishing This history now published as a paperback provides a readable introduction to that unique period with a foreword by Gordon Johnson which comments on the continuing achievement of the Press The story is of the development of the printing and publishing arm of the University of Cambridge from the medieval system of resident stationers to the modern international printing and publishing house The narrative is set within the development of the University in the history of the book trade as a whole and in the intellectual and political history of England **A History of the University of Cambridge: Volume 4, 1870-1990** Christopher Brooke, Christopher N. L. Brooke, Damian Riehl Leader, Victor Morgan, Peter Searby, 1988 This is the fourth volume of *A History of the University of Cambridge* and explores the extraordinary growth in size and academic stature of the University between 1870 and 1990 Though the University has made great advances since the 1870s when it was viewed as a provincial seminary it is also the home of tradition a federation of colleges one over 700 years old one of the 1970s This book seeks to penetrate the nature of the colleges and of the federation and to show the way in which university faculties and departments have come to vie with the colleges for this predominant role It attempts to unravel a fascinating institutional story of the society of the University and its place in the world It explores in depth the themes of religion and learning and of the entry of women into a once male environment There are portraits of seminal and characteristic figures of the Cambridge scene and there is a sketch inevitably selective but wide ranging of many disciplines an extensive study in intellectual and academic history **Four Hundred Years of University Printing and Publishing in Cambridge, 1584-1984** Cambridge University Library, 1984* **Cambridge University Archives** D. M. Owen, 2011-06-02 A list of all the materials deposited in the Cambridge University Archives before June 1987 *A History of Cambridge University Press: Volume 2, Scholarship and Commerce, 1698-1872* David McKitterick, 1992 The second volume of the history of Cambridge University Press covering the 1690s to 1872 *A History of Cambridge University Press: Volume 3, New Worlds for Learning, 1873-1972* David McKitterick, 1992 The third and final volume of *A History of Cambridge University Press* covering 1873 1972 **Four hundred years of University printing and publishing in Cambridge 1584 - 1984** David McKitterick, 1984 **A History of the University of Cambridge: Volume 2, 1546-1750** Victor Morgan, Damian Riehl Leader, Peter Searby, 1988 This volume brings to completion the four volume *A History of the University of Cambridge* and is a vital contribution to the history not only of one major university but of the academic societies of early modern Europe in general Its main author Victor Morgan has made a special study of the relations between Cambridge and its wider world the court and church hierarchy which sought to control it in the aftermath of the Reformation the country that is the provincial gentry and the wider academic world Morgan also finds the seeds of contemporary problems of university governance in the struggles which led to and followed the new Elizabethan Statutes of
