Four Bastards:

Bastards Matthew Gerber, 2012-02 Children born out of wedlock were commonly stigmatized as bastards in early modern France Deprived of inheritance they were said to have neither kin nor kind neither family nor nation Why was this the case Gentler alternatives to bastard existed in early modern French discourse and many natural parents voluntarily recognized and cared for their extramarital offspring Drawing upon a wide array of archival and published sources Matthew Gerber has reconstructed numerous disputes over the rights and disabilities of children born out of wedlock in order to illuminate the changing legal condition and practical treatment of extramarital offspring over a period of two and half centuries Gerber's study reveals that the exclusion of children born out of wedlock from the family was perpetually debated In sixteenth and seventeenth century France royal law courts intensified their stigmatization of extramarital offspring even as they usurped jurisdiction over marriage from ecclesiastic courts Mindful of preserving elite lineages and dynastic succession of power reform minded jurists sought to exclude illegitimate children more thoroughly from the household Adopting a strict moral tone they referred to illegitimate children as bastards in an attempt to underscore their supposed degeneracy Hostility toward extramarital offspring culminated in 1697 with the levying of a tax on illegitimate offspring Contempt was never unanimous however and in the absence of a unified body of French law law courts became vital sites for a highly contested cultural construction of family Lawyers pleading on behalf of extramarital offspring typically referred to them as natural children French magistrates grew more receptive to this sympathetic discourse in the eighteenth century partly in response to soaring rates of child abandonment As costs of foundling care increasingly strained the resources of local communities and the state some French elites began to publicly advocate a destigmatization of extramarital offspring while valorizing foundlings as children of the state By the time the Code Civil 1804 finally established a uniform body of French family law the concept of bastardy had become largely archaic With a cast of characters ranging from royal bastards to foundlings *Bastards* explores the relationship between social and political change in the early modern era offering new insight into the changing nature of early modern French law and its evolving contribution to the historical construction of both the family and the state

Johnson,2002-07-12 Genealogical material occurs frequently in the Old Testament and in the Gospels of Matthew and Luke as well as in later Jewish literature What is the purpose of these lists How do they relate to their historical and literary context and what is their function in the Hebraic Christian literary tradition Dr Johnson answers these questions in relation to contemporary biblical scholarship and is concerned to show that such genealogies are not merely appendices to biblical narratives but are closely related to their context in language structure and theology He attempts to assess the extent to which they reflect the views of the authors of the books or contexts into which they are placed He also examines the transition of the genealogical form and shows how its function changed from tribal expressions to the Gospel writers use of it to illustrate the conviction that Jesus is the fulfillment of the hope of Israel Concerned as he is more with the literary purpose of this type of biblical literature than with the historical authenticity of various lists Dr Johnson examines a subject that is only now beginning to engage the attention of scholars generally **Elegant Extracts, Or, Useful and Entertaining**

The Five-Fold Ministry Gifts Clement C. Butler,2021-04-09 Why does the Lord appoint apostles prophets evangelists pastors and teachers to the church Ephesians 4 12 says they are bestowed for the perfecting of the saints the work of the ministry and to edify the body of Christ However these three objectives are best understood in the context of God s purpose His purpose provides the why for understanding the five fold ministry gifts or the gifts of Christ From before the foundation of the world the Father predetermined spiritual blessings in Christ for all humanity In essence His purpose is one of unity The blessings outlined in Ephesians Chapter 1 says that He chose humanity to be His sons who would share His very nature and be like Him In short the Father s simply wanted a family born of His nature who would reflect His character and on whom He could bestow an eternal inheritance Therefore the gifts of Christ exist in accordance with this purpose Indeed each gift has individual responsibilities but collectively they serve to bring the entire body of Christ into maturity a unified body that manifests the Father s glory or character The gifts exist to fulfill the purpose that the Father predetermined from before the foundation of the world This book discusses all these elements in detail and brings the Father s purpose for the church into perspective in relation to the gifts
