

# THE FOUR GOSPELS

## A STUDY OF ORIGINS

TREATING OF  
THE MANUSCRIPT TRADITION, SOURCES,  
AUTHORSHIP AND DATES

BURNETT HILLMAN STREETER

An attempt to penetrate the obscurity which is commonly supposed to veil the origin of the Gospels, by co-ordinating the results of recent investigation along several independent lines, such as Textual Criticism, Source-Analysis, the cultured background of the Early Church and the Psychology of Mysticism.

The book sets out the results of much original research in regard to Textual Criticism and the Synoptic Problem, the effect of which is materially to broaden the basis of evidence, both in regard to the actual text of the Gospels and to the earlier sources used by their authors. A new approach to the Johannine question is also essayed.

It is written in a style easily comprehensible by the educated layman who has no previous technical knowledge of the subject.

Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One sold separately covers the period from the beginnings of Christianity to the end of World War II Volume Two covers the period from the post War era through contemporary debates
