Four Great Religions Annie Besant, 1959 **Four Great Religions** Annie Besant, 1906 **Four Great Religions** Annie Besant, 1906 **Four Great Religions** Annie Besant, 1897 *The Four Great Religions* Annie Besant, 2021-02-21 This present Theosophical work is a compilation of four different lectures delivered by Annie Besant of the Theosophical Society and details a bit about the history and lore of Hinduism Zoroastrianism Buddhism and Christianity in both the Protestant and Catholic senses Largely it seeks to display how they represent different eras and aspects of spiritual development often drawing comparisons between them It is well sourced and refers frequently to texts considered holy within each religious group such as the Zend Avesta and Upanishads *Four Great Religions* Annie Besant, 1897 Have This Mind James E. Royster, 2014-04-18 Have This Mind uses a rational logical and systematic approach to spirituality religion and God by focusing on the mind or consciousness rather than doctrine ritual etc It provides a model that resolves the many seemingly conflicting views of religion and God The four largest religions of the world Hinduism Buddhism Christianity and Islam are introduced in terms of their transformative dimensions that lead to an inclusive and eminently happy life These principles and practices are illustrated with biographies of exemplary saints and sages from the traditions Have This Mind outlines three different ways of being religious regardless of one s particular religious tradition based on a progressively maturing mind Of particular import to Christian readers are interpretations of biblical and theological views that facilitate transition from a traditional and mythic outlook tending toward exclusivism to one that is rational transrational and inclusive On the basis of an appreciative and inclusive view of the world s great religions one discovers how these religions can actually enhance one s own spirituality and religious outlook A perspective central to Have This Mind is that authentic religion and spirituality lie in the loving quality of one s life and not simply the ideas or beliefs held in one s mind Four Great Religions: Four Lectures Annie Wood Besant, 2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Four Great Religions, Four Lectures Delivered on the Twenty-First Anniversary** Besant Annie Wood, 2019-03-04 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and

World Edward Jabra Jurji,2015-12-08 Here is the answer to the desire of many thoughtful laymen for an intelligent appraisal of the great contemporary faiths This is not a reference book but a group of essays for the general reader on the idea the spiritual core of the chief religions of the modern day Each essay is written simply and objectively by an eminent scholar with the authority that is the fruit of a lifetime study of his subject Fidelity to the classical tenets of each religion and a desire to permit each to speak for itself are salient features of the work of these men They collaborated on the fundamental outline of

the book with the result that it is well integrated not a random collection of articles Recent events in China Palestine India Indonesia Japan and many other parts of the globe lend a special interest to the subject at this time but this is not a book on current events It takes a larger view and is a study of religion in its widest connotations as a potent force in history and as a meaningful influence in the world today Originally published in 1946 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 The Dumbness of the Great Joseph McCabe,1948 *Lucifer* ,1897 *The Publishers' Trade List Annual* ,1877 *Studies in Japanese Buddhism* August Karl Reischauer,1917 *The Stream of History* Geoffrey Parsons,1928 Chambers's Encyclopædia ,1888 **Chambers's encyclopædia** Chambers W. and R., ltd,1901
