Four Mothers:

Four Mothers Shifra Horn, 2000-06-10 This beautifully imagined debut novel tells the story of five generations of women in one family against the backdrop of 100 years in Jerusalem Starting with the birth of the family's first boy to the last generation this epic is rich in the magical realism of fable and folklore

Four Mothers Abigail Leonard, 2025-05-06 Abigail Leonard's page turning narrative of four real women Anna from Finland Tsukasa from Japan Sarah from the U S and Chelsea from Kenya is a deeply personal look at women worldwide grappling with the best and worst moments of their first year eye opening and cathartic this is a love letter to parents and a clarion call for better policy Eve Rodsky New York Times bestselling author of Fair Play Tsukasa in Japan grapples with memories of a difficult childhood as she tries to chart a new healthier path for her own daughter while balancing onerous cultural expectations Chelsea in Kenya endures a devastating loss just before she gives birth and finds that without the traditional support of previous generations motherhood can be grueling but it can also provide emotional healing Anna in Finland navigates a complicated relationship with her child's father but the country's robust family policies allow her to still pursue the kind of parenthood that she envisioned Sarah in the US leaves the religious community that raised her in order to create a less traditional family of her own only to find she's largely confronting motherhood alone Utterly moving and propulsively readable from page one Leonard interweaves these stories with a critically researched exploration of how parental support programs evolved in each country and why some provide more help than others As nations around the world debate programs like paid leave universal daycare reproductive healthcare and family tax incentives Four Mothers offers a uniquely intimate moving portrait of what those policies mean for parents on the ground and considers what modern families really want

Choice, Pathways and Transitions Post-16 Stephen Ball, Sheila Macrae, Meg Maguire, 2013-11-05 This internationally appealing book is based on a two year case study of a group of young people as they move through their final year of mandatory schooling and into their first year of post 16 experience It looks at their choices the market behaviour of local education and training providers and those who help and advise these choices The authors show that recent and current political policies for post 16 education disadvantage marginalise and exclude young people rather than improve their life chances The book draws together the major issues and attempts to suggest alternative ways forward for a more inclusive post 16 education and training system

Taking a unique bottom up approach to the study of Native Americans Peach reveals how local actors guided and thwarted Indigenous headmen far more frequently and creatively than has been assumed He also shows that although the Creeks traced descent through the maternal line some became more comfortable with bilateral kinship giving weight to both the paternal and maternal lineages Fathers and sons thus played greater roles in Creek governance than Indigenous scholarship has acknowledged Weaving a new narrative of the Creeks and outlining the contours of their riverine mode of governance this work unpacks the fraught dimensions of political power in the Native South and indeed Native North America in the eighteenth and early nineteenth centuries By privileging Indigenous thought and intertribal history it also advances the larger project of Native American history *"The Gift" by H.D.* H.D.,2021-10-05 In this complete unabridged edition of H D s visionary memoir *The Gift* Jane Augustine makes available for the first time the text as H D wrote it and intended it to be read including H D s coda to the book her Notes never before published in its entirety Written in London during the blitz of World War II *The Gift* re creates the peaceful childhood of Hilda Doolittle in Bethlehem Pennsylvania where she was born in 1886 As an antidote to war s destructiveness H D invokes the mystical Moravian heritage of her mother s family to convey an ideal world peace and salvation that would come through the spiritual power of women a power that also endowed her with the gift of her own art *The Gift* is key to intertextual studies of H D s wartime oeuvre and to an understanding of the religious and gender concerns pervading her later work especially the women centered poems *Trilogy* and *Helen in Egypt* Augustine s introduction and annotations based on extensive research in Moravian archives provide a biographical and historical context to make this the definitive edition of *The Gift* essential to students and scholars of H D modernism and feminist literature
