Four and Twenty Minds Giovanni Papini,1922 **Four and Twenty Minds** Giovanni Papini,1922 The New Republic Herbert David Croly,1922 *Fascism, Anti-Fascism, and the Resistance in Italy* Stanislao G. Pugliese,2004-01-13

While the historical significance of fascism and anti fascism is still being hotly debated in Europe and around the world this anthology offers a new look at the many faces of repression and resistance Stanislao G Pugliese brings together a wide range of voices that illuminate more than eighty years of fascism and anti fascism in Italy Many of the pieces including letters from women to Mussolini and anti fascist graffiti from a Nazi prison in Rome are available in English for the first time The selections include historical documents political analysis stories songs and memoirs from a variety of perspectives Taken together the documents provide a compelling account of the political historical economic and social impact of fascism and the resistance Touching on fields as far ranging as political science history women s studies and religion *Fascism Anti Fascism and the Resistance in Italy* is immediate human and eminently readable *Orient* ,1923 **Futurist Conditions** David Mather,2020-10-29 Italian futurism visualized diverse types of motion which had been rooted in pervasive kinetic and vehicular forces generated during a period of dramatic modernization in the early 20th century Yet as David Mather s sweeping intellectual and art historical scholarship demonstrates it was the camera not the engine that proved to be the primary invention against which many futurist ideas and practices were measured Overturning several misconceptions about Italian futurism s interest in the disruptive and destructive effects of technology *Futurist Conditions* provides a refreshing update to the historical narrative by arguing that the formal and conceptual approaches by futurist visual artists reoriented the possibly dehumanizing effects of mechanized imagery toward more humanizing spiritual aims Through its sustained analysis of the artworks and writings of Umberto Boccioni Giacomo Balla and the Bragaglia brothers dating to the first decade after the movement s founding in 1909 Mather s account of their obsession with kinetic motion pivots around a 1913 debate on the place and relative import of photography among traditional artistic mediums a debate culminating in the expulsion of the Bragaglias but one that also prompted a range of productive responses by other futurist artists to world changing social political and economic conditions *Italian Literature since 1900 in English Translation* Robin Healey,2019-03-14 Providing the most complete record possible of texts by Italian writers active after 1900 this annotated bibliography covers over 4 800 distinct editions of writings by some 1 700 Italian authors Many entries are accompanied by useful notes that provide information on the authors works translators and the reception of the translations This book includes the works of Pirandello Calvino Eco and more recently Andrea Camilleri and Valerio Manfredi Together with Robin Healey s *Italian Literature before 1900 in English Translation* also published by University of Toronto Press in 2011 this volume makes comprehensive information on translations from Italian accessible for schools libraries and those interested in comparative literature **Italian Silhouettes** Ruth Shepard Phelps,1924 *Biennial Report of the President of the*
