How I Wonder What You Are Jane Lovering,2014-12-07 In this delightfully down to earth romantic comedy love is in the stars It's been over eighteen months since Molly Gilchrist has had a man in any way so when she stumbles upon one lying passed out and stark naked on the moors one morning it seems like the universe is having a laugh at her expense But her discovery Dr Phinneas Baxter is not your everyday drunken layabout as Molly is soon to discover He's got a PhD in astrophysics a razor sharp wit and a trainwreck of a romantic past that's a match for Molly's own love life Neither Molly nor Phinn is in any hurry to get mixed up with the other But sometimes the last person you're looking for is the first person you'd like to find **Umbrella Girl** Natasmi,2022-01-07 Umbrella Girl has been through many lives before ones she couldn't continue on living Ever changing she believed she could never settle for the linear narrative of life growing old and letting the world take its course on her was never quite her style She stood in front of the Grey Building with an umbrella that weighed her down A stranger she could trust came into view and she finally had the courage to ask for help I've only lived

once and I m determined to make this life count I floated by with routines and deadlines while she did whatever made her world brighter Can you hold my umbrella The day she asked me that fateful question I knew everything would change While orphaned twins try to follow the straight lines set by their late parents an unexpected fox like visitor comes back to fill in the empty gaps of our lives a hall of mirrors another fiery incident that leads to another crash as panic of losing more loved ones emerges There are giants in the sky days go by with rain and puddles The only thing protecting her was a single umbrella as her multiple lives danced around her anticipating her next move
