Fourfront Contemporary Stories Translated From The Irish

Warwick Gould

Fourfront Contemporary Stories Translated From The Irish:

Fourfront Micheál Ó Conghaile, Pádraic Breathnach, Dara Ó Conaola, Alan Titley, 1998 Despite the richness of the short story in Irish literature there remains a relative absence of stories translated from the Irish This collection of stories aims to help fill this gap Micheal O Conghaile is one of Ireland's foremost contemporary Irish language prose writers His stories are filled with dissidents and rebels protagonists who find themselves suddenly revealed as errata in someone else's master narrative Pádraic Breathnach is probably the most prolific short story writer in Irish with over 150 The four included here show isolated individuals struggling against inherited authority structures and they may tell us more than any sociologist about the destiny of community He is glorious and unmatched in his depiction of decay the decay of social cultural and moral fabrics of landscape and mind gone to seed Dara O Conaola's stories share a real generic affinity with that other favored form of Gaelic tradition the lyric poem His stories are full of wonder and imagination Lastly Alan Titley is probably best known as a novelist Politically his stories probably represent a more radical subversive side while his language reveals a linguistic virtuosity that verges on the carnivalesque

Modernist Afterlives in Irish Literature and Culture Paige Reynolds, 2016-09-22 *Modernist Afterlives in Irish Literature and Culture* explores manifestations of the themes forms and practices of high modernism in Irish literature and culture produced subsequent to this influential movement The interdisciplinary collection reveals how Irish artists grapple with modernist legacies and forge new modes of expression for modern and contemporary culture

Frank O'Connor Hilary Lennon, 2007 This volume investigates unexplored areas of O'Connor's work his achievements as a translator of Irish language poetry his role in the debates on Irish literary modernism his relationships with writers and intellectuals of his time and Denis Johnston's film adaptation of *Guests of the Nation* are examined

Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004

A Sociological Approach to Poetry Translation Jacob S. D. Blakesley, 2018-10-31 This volume provides an in depth comparative study of translation practices and the role of the poet translator across different countries and in so doing demonstrates the need for poetry translation to be extended beyond close reading and situated in context Drawing on a corpus composed of data from national library catalogues and Worldcat the book examines translation practices of English language French language and Italian language poet translators through the lens of a broad sociological approach Chapters 2 through 5 look at national poetic movements literary markets and the historical and socio political contexts of translations with Chapter 6 offering case studies of prominent and representative poet translators from each tradition A comprehensive set of appendices offers readers an opportunity to explore this data in greater detail Taken together the volume advocates for the need to study translation data against broader aesthetic historical and political trends and will be of particular interest to students and scholars in translation studies and comparative literature

The British National Bibliography Arthur James Wells, 2000

Yeats's Legacies Warwick Gould, 2018-03-22 The two great Yeats Family Sales of 2017 and the legacy of the Yeats family's 80 year

tradition of generosity to Ireland's great cultural institutions provide the kaleidoscope through which these advanced research essays find their theme Hannah Sullivan's brilliant history of Yeats's verse craft challenges Poundian definitions of Modernism Denis Donoghue offers unique family memories of 1916 whilst tracing the political significance of the Easter Rising Anita Feldman addresses Yeats's responses to the Rising's appropriation of his symbols and myths the daring artistry of his ritual drama developed from Noh his poetry of personal utterance and his vision of art as a body reborn rather than a treasure preserved amid the testing of the illusions that hold civilizations together in ensuing wars Warwick Gould looks at Yeats as founding Senator in the new Free State and his valiant struggle against the literary censorship law of 1929 with its present day legacy of Irish anti blasphemy law still presenting a constitutional challenge Drawing on Gregory Estate documents James Pethica looks at the evictions which preceded Yeats's purchase of Thoor Ballylee in Galway Lauren Arrington looks back at Yeats Ezra Pound and the Ghosts of The Winding Stair 1929 in Rapallo Having co edited both versions of A Vision Catherine Paul offers some profound reflections on Yeats and Belief Grevel Lindop provides a pioneering view of Yeats's impact on English mystical verse and on Charles Williams who while at Oxford University Press helped publish the Oxford Book of Modern Verse Stanley van der Ziel looks at the presence of Shakespeare in Yeats's Purgatory William H O'Donnell examines the vexed textual legacy of his late work On the Boiler while Gould considers the challenge Yeats's intentionalism posed for once fashionable post structuralist editorial theory John Kelly recovers a startling autobiographical short story by Maud Gonne While nine works of current biographical textual and literary scholarship are reviewed Maud Gonne is the focus of debate for two reviewers as are Eva Gore Booth Constance and Casimir Markievicz Rudyard Kipling David Jones T S Eliot and his presence on the radio

The Oxford History of British and Irish Catholicism, Volume V Alana Harris, 2023-09-01 The fifth volume of The Oxford History of British Irish Catholicism covering the period from the Great War through the Second World War and the Second Vatican Council surveys the transformed ecclesial landscape between the papacies of Benedict XV and Pope Francis It explores the efforts of bishops priests and people in Ireland and Scotland Wales and England to respond to modern challenges and reintegrate the experiences and expertise of the laity into the ministry of the Church Alongside the twentieth century's designation as an era of technological innovation war peace globalization decolonization and liberation this period has also been designated the People's Century Viewed through the lens of the Catholic church in Britain and Ireland these same dynamics are explored within thematic synoptic chapters by leading scholars As a century characterized by the rise or better renewal of the apostolate of the laity this edited collection traces the struggles to reconcile tradition re evaluate hierarchical authority adapt to social and educational mobility as well as to adjudicate serious challenges from outside and within including inflammatory biopolitics and clerical sexual abuse to religious belief and the legitimacy of the Church as an institution

Disillusioned Decades - Ireland 1966-87 Tim Pat Coogan, 1987-12-01 From Seán Lemass to mass unemployment Ireland changed between

1966 and 1987 and Tim Pat Coogan argues in *Disillusioned Decades* not for the better. The year 1966 was one in which to take stock fifty years since the Rising what had the Republic achieved. In *Disillusioned Decades* Ireland's most celebrated and controversial historian Tim Pat Coogan looks at a country in bloom. Seán Lemass was at the end of a successful term as Taoiseach the economy appeared stable and the newly founded Raidió Teilíís Éireann was providing homes around Ireland with art and culture through their television screens. Over the next 21 years every aspect of Irish life was changed dramatically and profoundly. By 1987 Ireland was a country characterised by high levels of urbanisation chronic unemployment mass emigration and a heroin problem comparable in percentage terms to New York. What happened in those pivotal 20 years Tim Pat Coogan famous for his perceptiveness and sharp observations was editor of national newspaper *The Irish Press* for most of this period reporting on the people and events that *Disillusioned Decades* analyses. Using his in depth knowledge of the political cultural and social changes of the 1960s 70s and 80s rounded out with his personal reminiscences in *Disillusioned Decades* Coogan steps back to view the events in a wider context. Throughout *Disillusioned Decades* Coogan paints a grim and no punches pulled picture of Ireland's trajectory from 1966 to 1987. Sharply perceptive and enlivened by frequent flashes of personal reminiscence this book presents a wealth of information and opinion in Coogan's distinctive and authoritative style.

The Oxford History of British and Irish Catholicism, Volume IV Carmen M. Mangion, James Edward Kelly, John David McCafferty, Susan O'Brien, 2023. The fourth volume of *Oxford History of British and Irish Catholicism* provides an overview of the history of Catholicism in the four nations of the United Kingdom of Britain and Ireland between 1830 and 1913 and demonstrates how Catholics in both islands participated in national European and global cultures.

The Oxford History of British and Irish Catholicism, Volume III James Edward Kelly, Liam Chambers, John David McCafferty, 2023. The third volume of *The Oxford History of British and Irish Catholicism* examines the period from the defeat of the Jacobite army at the battle of Culloden in 1746 to the enactment of Catholic emancipation in 1829. The first part of the volume offers a chronological overview tracing the decline of Jacobitism the easing of penal legislation which targeted Catholics the complex impact of the French Revolution the debates about the place of Catholics in the post Union state and following the mass mobilisation of Irish Catholics the passage of emancipation. The second part of the volume shows that this political history can only be properly understood with reference to the broader transformations that occurred in the later eighteenth and early nineteenth centuries. The period witnessed the expansion of Catholic infrastructure pastoral structures chapel building elementary education and finances and changes in Catholic practice for example in liturgy and devotion. The growing infrastructure and more public profession of Catholicism occurred in a society where anti Catholicism remained a force but the volume also addresses the accommodations and interactions with non Catholics that attended daily life. Crucially the transformations of this period were international as well as national. The volume examines the British and Irish convents colleges friaries and monasteries on the continent especially during the events of the 1790s when many institutions

closed and successor or new ones emerged at home The international dimensions of British and Irish Catholicism extended beyond Europe too as the British Empire expanded globally and attention is given to the involvement of British and Irish Catholics in imperial expansion This volume addresses the literary intellectual and cultural expressions of Catholicism in Britain and Ireland Catholics produced a rich literature in English Irish Scots Gaelic and Welsh although the volume shows the disparities in provision They also engaged with and participated in the Catholic Enlightenment particularly as they grappled with the challenges of accommodation to a Protestant constitution This also had consequences for the public expression of Catholicism and the volume concludes by exploring the shifting expression of belief through music and material culture

The Oxford History of British and Irish Catholicism, Volume II James Edward Kelly, John David McCafferty, John Morrill, Liam Peter Temple, 2023 The second volume of The Oxford History of British Irish Catholicism traces the fortunes of Catholic communities in England Wales Scotland and Ireland from the outset of the Civil Wars in 1641 to the Jacobite rising of 1745 Consciously transnational it stresses connections with the European continent and beyond

The Oxford History of British and Irish Catholicism, Volume I James Edward Kelly, John McCafferty, 2023 The first volume of The Oxford History of British Irish Catholicism explores the period 1530 1640 from Henry VIII's break with Rome to the outbreak of the civil wars in Britain and Ireland It analyses the efforts to create Catholic communities after the officially implemented change in religion as well as the start of initiatives that would set the course of British and Irish Catholicism including the beginning of the missionary enterprise and the formation of a network of exile religious institutions such as colleges and convents This work explores every aspect of life for Catholics in both islands as they came to grips with the constant changes in religious policies that characterised this 110 year period Accordingly there are chapters on music on literature in the vernaculars on violence and martyrdom and on the specifics of the female experience Anxiety and the challenges of living in religiously mixed societies gave rise to new forms of creativity in religious life which made the Catholic experience much more than either plain continuity or endless endurance Antipope or the extent to which Catholics became a symbolic antitype for Protestants became in many respects a kind of philosophy about which political life in England Scotland and colonised Ireland began to revolve At the same time the legal frameworks across both Britain and Ireland which sought to restrict fine or exclude Catholics from public life are given close attention throughout as they were the daily exigencies which shaped identity just as much as devotions liturgy and directives emanating from the Catholic Reformation then ongoing in continental Europe

Subject Guide to Books in Print, 1991 Ireland John P. McCarthy, 2006 Ireland from the European Nations series is a useful reference guide for any student interested in the modern history of Ireland

Histories of Nationalism in Ireland and Germany Shane Nagle, 2016-12-15 Focusing on the era in which the modern idea of nationalism emerged as a way of establishing the preferred political cultural and social order for society this book demonstrates that across different European societies the most important constituent of nationalism has been a specific understanding of the

nation's historical past Analysing Ireland and Germany two largely unconnected societies in which the past was peculiarly contemporary in politics and where the meaning of the nation was highly contested this volume examines how narratives of origins religion territory and race produced by historians who were central figures in the cultural and intellectual histories of both countries interacted it also explores the similarities and differences between the interactions in these societies Histories of Nationalism in Ireland and Germany investigates whether we can speak of a particular common form of nationalism in Europe The book draws attention to cultural and intellectual links between the Irish and the Germans during this period and what this meant for how people in either society understood their national identity in a pivotal time for the development of the historical discipline in Europe Contributing to a growing body of research on the transnationality of nationalism this new study of a hitherto unexplored area will be of interest to historians of modern Germany and Ireland comparative and transnational historians and students and scholars of nationalism as well as those interested in the relationship between biography and writing history
