**Midcentury Modern Art in Texas** Katie Robinson Edwards, 2014-07-01 Before Abstract Expressionism of New York City was canonized as American postwar modernism the United States was filled with localized manifestations of modern art One such place where considerable modernist activity occurred was Texas where artists absorbed and interpreted the latest most radical formal lessons from Mexico the East Coast and Europe while still responding to the state's dramatic history and geography This barely known chapter in the story of American art is the focus of *Midcentury Modern Art in Texas* Presenting new research and artwork that has never before been published Katie Robinson Edwards examines the contributions of many modernist painters and sculptors in Texas with an emphasis on the era's most abstract and compelling artists Edwards looks first at the Dallas Nine and the 1936 Texas Centennial which offered local artists a chance to take stock of who they were and where they stood within the national artistic setting She then traces the modernist impulse through various manifestations including the foundations of early Texas modernism in Houston early practitioners of abstraction and non objectivity the Fort Worth Circle artists at the University of Texas at Austin Houston artists in the 1950s sculpture in and around an influential Fort Worth studio and to see how some Texas artists fared on a national scale the Museum of Modern Art's Americans exhibitions The first full length treatment of abstract art in Texas during this vital and canon defining period Midcentury

Modern Art in Texas gives these artists their due place in American art while also valuing the quality of Texan ness that subtly undergirds much of their production      **Pollock and After** Francis Frascina,2000 This revised edition features ten new articles and is fully updated to take account of new critical approaches to post war American art      **A to Z of American Women in the Visual Arts** Carol Kort,Liz Sonneborn,2014-05-14 Presents biographical profiles of American women of achievement in the field of visual arts including birth and death dates major accomplishments and historical influence      **Edwin Dickinson** Douglas Dreishpoon,Edwin Walter Dickinson,Francis V. Office of Education,1948      *Modern Sculpture* Douglas Dreishpoon,2022-10-25 Artists of any ilk can be extremely opinionated when it comes to what they do how they do it and what it might mean Sculptors are no exception *Modern Sculpture Artists in Their Own Words* presents a selection of manifestos documents statements articles and interviews from more than ninety subjects including an ample selection of contemporary sculptors With this book editor Douglas Dreishpoon defers to sculptors whose varied points of view illuminate the medium s perpetual transformation from object to action concept to phenomenon over the course of two centuries Each chapter progresses in chronological sequence to highlight the dominant stylistic philosophical and thematic threads that unite each kindred group The result is a distinctive artist centric history and survey of sculpture that showcases the expansive dimensions and malleability of the medium

**Re-envisioning the Everyday** John Fagg,2023-09-22 Often seen as backward looking and convention bound genre painting representing scenes of everyday life was central to the work of twentieth century artists such as John Sloan Norman Rockwell Jacob Lawrence who adapted such subjects to an era of rapid urbanization mass media and modernist art *Re-envisioning the Everyday* asks what their works do to the tradition of genre painting and whether it remains a meaningful category through which to understand them Working with and against the established narrative of American genre painting s late nineteenth century decline into obsolescence John Fagg explores how artists and illustrators used elements of the tradition to picture everyday life in a rapidly changing society whether by appealing to its nostalgic and historical connotations or by updating it to address new formal and thematic concerns Fagg argues that genre painting enabled twentieth century artists to look slowly and carefully at scenes of everyday life and on some occasions to understand those scenes as sites of political oppression and resistance But it also limited them to anachronistic ways of seeing and tied them to a freighted history of stereotyping and condescension By surveying genre painting when its status and relevance were uncertain and by looking at works that stretch and complicate its boundaries this book considers what the form is and probes the wider practice of generic categorization It will appeal to students and scholars of American art history art criticism and cultural studies      **Frank O'Hara and MoMA** Matthew Holman,2025-08-07 This is the first book to closely examine the

curatorial work that the celebrated poet Frank O'Hara 1926-1966 undertook for the Museum of Modern Art in New York and abroad. Upon his premature death the New York Times obituary ran with the headline 'Frank O'Hara 40: Museum Curator, Exhibitions Aide at Modern Art Dies. Also a Poet.' However, in the half a century since O'Hara's fascinating career as a curator, where he oversaw exhibitions of the likes of Jackson Pollock, Helen Frankenthaler, David Smith and Larry Rivers among others, has been eclipsed by the critical attention given over to his poetry. Drawing on a broad range of unpublished archival material, the book reveals the impact O'Hara's curatorial work had both on the reception of American modern art abroad and on the curatorial profession itself. It focuses on his travelling exhibitions for MoMA's International Program, a vehicle for soft power during the fraught years of the cultural Cold War, exposing him to new art artists and cities while developing important transnational networks far from New York, from Madrid to Venice, Zagreb to Otterlo. Bringing together close readings of O'Hara's poems and unpublished letters with a selection of archival illustrations, Holman argues for O'Hara's sense of exuberant continuity between life as a writer and a curator, an American and a cosmopolitan, revealing that he was so much more besides the quintessential New York poet. It is perfect reading for anyone interested in American art in the mid-20th century, curatorial and museum studies or simply this lesser-known but fascinating aspect of the legendary poet's career.
