Fragments Et Autres Textes:

Fragments, *Le Rouleau de la guerre* J.P.M. van der Ploeg, 2018-10-16 *Unfinished Business* Brian Gordon Kennelly, 1997 This is the first study systematically to appraise *Splendid s Elle* and *Le Bagne* the three plays by Jean Genet published after his death both in the context of the dramatist s dramatic canon and with respect to one another After showing that their unusual publishing history necessarily sets these works apart from *Haute surveillance* *Les Bonnes* *Le Balcon* *Les N gres* and *Les Paravents* it argues that from *Splendid sto Le Bagne* the question of incompleteness is exteriorized moving from a purely thematic to an increasingly formal context and that the status of each posthumously published work differs *Splendid sis* a completed play thematizing incompleteness *Elle* with its seemingly incomplete form having thematic currency is a properly unfinished play and as the intentionally fragmentary purposefully suspended beginning of a play *Le Bagne* is shaped by incompleteness

Disturbing Attachments Kadji Amin, 2017-08-31 Jean Genet 1910 1986 resonates perhaps more than any other canonical queer figure from the pre Stonewall past with contemporary queer sensibilities attuned to a defiant non normativity Not only sexually queer Genet was also a criminal and a social pariah a bitter opponent of the police state and an ally of revolutionary anticolonial movements In *Disturbing Attachments* Kadji Amin challenges the idealization of Genet as a paradigmatic figure within queer studies to illuminate the methodological dilemmas at the heart of queer theory Pederasty which was central to Genet s sexuality and to his passionate cross racial and transnational political activism late in life is among a series of problematic and outmoded queer attachments that Amin uses to deidealize and historicize queer theory He brings the genealogy of Genet s imaginaries of attachment to bear on pressing issues within contemporary queer politics and scholarship including prison abolition homonationalism and pinkwashing *Disturbing Attachments* productively and provocatively unsettles queer studies by excavating the history of its affective tendencies to reveal and ultimately expand the contexts that inform the use and connotations of the term queer
