The Wisdom of Stability Jonathan Wilson-Hartgrove,2010-05-01 Voted Best Book of 2010 by Englewood Review of Books In whatever place you live do not easily leave it Abba Anthony In an age where we might email a friend in Africa skype a co worker in Brazil and teleconference with people in different time zones all in one day the sheer speed of life can be dizzying Like children stumbling off a merry go round says Jonathan Wilson Hartgrove we are grasping for something to anchor our lives in a sea of constant change In *The Wisdom of Stability* Wilson Hartgrove illuminates the biblical and monastic understanding of why staying in one place is both a virtue and good for you For the Christian tradition he writes the heart s true home is a life rooted in the love of God When we cultivate an inner stability of heart by rooting ourselves in the places where we live engaging the people we are with and by the simple rhythms of tending to body and soul true growth can happen *The Wisdom of Stability* is a must read for pastors leaders and anyone seeking an authentic path of Christian transformation *Anthroposophy (A Fragment)* Rudolf Steiner,1996-04 Published in 1904 CW 10 Not everyone can immediately achieve spiritual vision but the discoveries of those who have it can be health giving life nourishment for all The results of supersensible knowledge when properly employed in life prove to be not impractical but rather practical in the highest sense The acquisition of higher knowledge is not the end but the means to an end the end consists in the attainment thanks to this knowledge of greater and truer self confidence a higher degree of courage and a magnanimity and perseverance such as cannot as a rule be acquired in the lower world This is the classic account of the modern Western esoteric path of initiation made public by Steiner in 1904 He begins with the premise that the capacities by which we can gain insights into the higher worlds lie dormant within each one of us Steiner carefully and precisely leads the reader from the cultivation of the fundamental soul attitudes of reverence and inner tranquility to the development of inner life through the stages of preparation illumination and initiation Steiner provides practical exercises of inner and outer observation and moral development By patiently and persistently following his guidelines new organs of soul and spirit begin to form which reveal the contours of the higher worlds thus far concealed from us Steiner in this important work becomes a teacher a counselor and a friend whose advice is practical clear and effective The challenges we face in life require increasingly deeper levels of understanding and Steiner s text helps readers to cultivate the capacities for such insights and places them at the

service of humanity This is Steiner s most essential guide to the modern path of initiation he advocated throughout his life It has been translated into many languages and has inspired hundreds of thousands of readers around the world How to Know Higher Worlds has been admired by some of the most brilliant minds of our time The methods by which a student is prepared for the reception of higher knowledge are minutely prescribed The direction he is to take is traced with unfading everlasting letters in the worlds of the spirit where the initiates guard the higher secrets In ancient times anterior to our history the temples of the spirit were also outwardly visible today because our life has become so unspiritual they are not to be found in the world visible to external sight yet they are present spiritually everywhere and all who seek may find them Knowledge of the Higher Worlds and Its Attainment is a translation from German of the written work Wie erlangt man Erkenntnisse der h heren Welten GA 10
