France In The Making 843 118:

George Chastelain and the Shaping of Valois Burgundy Graeme Small, 1997 Few texts offer as many insights into the history of Valois Burgundy as the work of George Chastelain c 1414 1475 official chronicler to the dukes Philip the Good and Charles the Bold Chastelain a trusted courtier closely observed his masters authority in the many dominions they ruled in the Low Countries and France and the role they played in the political life of neighbouring kingdoms and principalities and in Christendom as a whole This is the first historical study of Chastelain in over half a century An account of his life and career is followed by a study of the chronicle Chastelain s interpretation within it of ducal actions and aspirations and the role it played in the historical culture of the governing classes in the Netherlands after the death of the last duke in 1477 Overall Dr Small offers a complete reappraisal of the political ambitions of the ducal elite particularly with regard to the supposed evolution of the ducal dominions into a Burgundian state quite distinct from the Kingdom of France Dr GRAEME SMALL is lecturer in medieval history University of Glasgow Official Gazette of the United States Patent Office United States.
