France The People:

The French People Arthur Hassall,1901 **France** Greg Nickles,2000 Explains the daily lives of the French people including school work family activities and everyday life both in the city and the country The pictorial history of France and of the French people, to the Revolution, by G.M. Bussey and T. Gaspey George Moir Bussey,1843 *The People of New France* Allan Greer,1997-01-01 A brief overview of French colonial society before the British conquest of 1759 60 The primary focus is on what is now called Quebec but there are also chapters on Louisiana and the West as well as on the Atlantic colonies of Acadia and Ile Royal *Young People's History of France* Charlotte Mary Yonge,1881 **The French People** Arthur Hassall,1917 *The French People* Arthur Hassall,1901 **American Red Cross work among the French people** Fisher Ames,1921 The National Front in France Peter Davies,2012-11-12 This provocative and non polemic study explores the value system of the National Front movement in France and explains the way in which the movement s ideology has been formulated and articulated in the 1980s and 1990s Also discussing the crucial role of Le Pen this book provides a fascinating enquiry into the most controversial political party in contemporary France **Modern France** Arthur Augustus Tilley,1922 *People's Diplomacy of Vietnam* Harish C. Mehta,2019-08-20 This is the first full length book on the concept of People s Diplomacy promoted by the president of North Vietnam Ho Chi Minh at the peak of the Vietnam War from 1965 1972 It holds great appeal for historians international relations scholars diplomats and the general reader interested in Vietnam A form of informal diplomacy people s diplomacy was carried out by ordinary Vietnamese including writers cartoonists workers women students filmmakers medical doctors academics and sportspersons They created an awareness of the American bombardment of innocent Vietnamese civilians and made profound connections with the anti war movements abroad People s diplomacy made it difficult for the United States to prolong the war because the North Vietnamese together with the peace movements abroad exerted popular pressure on the American presidents Lyndon Johnson and Richard Nixon to end the conflict It was much more effective than the formal North Vietnamese diplomacy in gaining the support of Westerners who were averse to communism It damaged the reputation of the United States by casting North Vietnam as a victim of American imperialism *A People's History of the French Revolution* Eric Hazan,2014-09-16 A bold new history of the French Revolution from the standpoint of the peasants workers women and sans culottes The assault on the Bastille the Reign of Terror Danton mocking his executioner Robespierre dispensing a fearful justice and the archetypal gadfly Marat the events and figures of the French Revolution have exercised a hold on the historical imagination for more than 200 years It has been a template for heroic insurrection and to more conservative minds a cautionary tale In the hands of Eric Hazan author of *The Invention of Paris* the revolution becomes a rational and pure struggle for emancipation In this new history the first significant account of the French Revolution in over twenty years Hazan maintains that it fundamentally changed the Western world for the better Looking at history from the bottom up

providing an account of working people and peasants Hazan asks how did they see their opportunities What were they fighting for What was the Terror and could it be justified And how was the revolution stopped in its tracks The People's History of the French Revolution is a vivid retelling of events bringing them to life with a multitude of voices Only in this way by understanding the desires and demands of the lower classes can the revolutionary bloodshed and the implacable will of a man such as Robespierre be truly understood

The Origins of the French Nationalist Movement, 1886-1914 Robert Lynn Fuller, 2014-01-10 This narrative history explores the emergence of one of the most influential Nationalist movements of modern Europe It explains how and why the movement united the far right with the far left in a militant campaign to wrest control of France from the moderate republicans who were attempting to stabilize the country after a century of political volatility The agitation groups propaganda machines street fighting gangs and political hustlers who made up the Nationalists all campaigned for one end to overthrow the Third Republic The eruption of the Dreyfus Affair 1894-1899 provided the Nationalists with a convenient target for their assaults the Dreyfusard defenders of a wrongly convicted Jewish army captain Alfred Dreyfus This work based on original archival research in France argues that the Nationalists posed a real and dangerous threat that dissipated only when their goals were adopted by more moderate competing groups

France's Modernising Mission Ed Naylor, 2017-12-12 This volume explores how France's modernising mission unfolded during the post war period and its reverberations in the decades after empire In the aftermath of the Second World War France sought to reinvent its empire by transforming the traditional civilising mission into a modernising mission Henceforth French claims to rule would be based on extending citizenship rights and the promise of economic development and welfare within a Greater France In the face of rising anti colonial mobilization and a new international order redefining the terms that bound colonised peoples and territories to the metropole was a strategic necessity but also a dynamic which Paris struggled to control The language of reform and equality was seized upon locally to make claims on metropolitan resources and wrest away the political initiative Intertwined with coercion and violence the struggle to define what modernisation would mean for colonised societies was a key factor in the wider process of decolonisation Contributions by leading specialists extend geographically from Africa to the Pacific and to metropolitan France itself examining a range of topics including education policy colonial knowledge production rural development and slum clearance

France Laurence Jerrold, 2006-05-01 The pleasant land of France hides a deep ruthless realism beneath its amenities and its philosophy which tries to make life as agreeable as may be on the surface is grave sometimes bitter beneath The silent peasant of the North the chattering southerner in his second rate vineyards the solemn priest like vintner of the great Mdoc the bullet headed Auvergnat the little bourgeois the big bourgeois the striving little shopkeeper the man of big undertakings they are all realists they all have a great faith in life perhaps a rather dry hard too shrewd faith but because of it they anyhow try to make life more not less worth living from Chapter II The Land and Its People As the chief Paris correspondent for London's Daily

Telegraph British journalist Laurence Jerrold was intimately familiar with the people and places of the Gallic nation and his love of the country shines through in this beautifully written book In what is as much valentine to the French as it is a deconstruction of their cultural character Jerrold explores everything from the rich importance of family in the Gallic society a couple doesn't merely marry he explains but rather the man and the woman found a family to her diverse cities which he warns the reader who makes unfair assumptions are not only Paris and are not all smaller Parises Published in 1916 on the cusp of the worst years of World War I this is a lovely portrait of nation and a celebration of her indomitable spirit just as it was about to face one of its greatest most tragic tests OF INTEREST TO students of French history and World War I armchair travelers LAURENCE JERROLD b 1873 also wrote *The Real France* 1911 and *The French and the English* 1913 [Native Peoples of the World](#) Steven L.
