IMPERIAL RIVALRY AND COLONIAL RULE

EDITED BY PROSSER GIFFORD AND WM. ROGER LOUIS

France And Britain In Africa Imperial Rivalry And Colonial Rule

LL Leslie

France And Britain In Africa Imperial Rivalry And Colonial Rule:

France and Britain in Africa Yale University, 1978 *France and Britain in Africa* , 1971 **FRANCE AND BRITAIN IN AFRICA: IMPERIAL RIVALRY AND COLONIAL RULE. ED. BY PROSSER GIFFORD AND WILLIAM R. LOUIS. , 1971**

France and Britain in Africa: Imperial Rivalry and Colonial Rule Prosser Gifford, William Roger Louis, Yale University. Concilium on International Studies, 1971 *Britain and Germany in Africa: Imperial Rivalry and Colonial Rule* Yale University. Concilium on International Studies, 1967 **Colonialism in Africa 1870-1960: Volume 4** L. H. Gann, Peter Duignan, 1969 A comprehensive study of recent African history examining the political social and economic effects of colonialism *Britain and Germany in Africa* Prosser Gifford, 1967 **Britain and Germany in Africa** Prosser Gifford, 1987 *Colonial and Postcolonial Africa* Rosina Beckman, 2016-12-15 By the early twentieth century nearly the entire continent of Africa had been divided up between European powers This volume traces the history of colonialism in each of Africa s regions as well as the fight for independence and the challenges of establishing viable nations after years languishing under the colonial yoke The political economic and social elements of colonialism are all explored The title also delves into the patterns in European African interactions that led to colonialism including the slave trade and the ivory trade A comprehensive wide ranging reference volume **Decentralization and Constitutionalism in Africa** Charles M. Fombad, Nico Steytler, 2019-09-10 This collection of essays assesses the efforts of African governments to constitutionalise decentralisation be it in the form of federalism local government or traditional authorities Since the end of the Cold War jurisdictions across Africa have witnessed an ostensible return to multi party democracy within the paradigm of constitutionalism and the rule of law Linked to the democratisation process many countries took steps to decentralize power by departing from the heavily centralized systems inherited from colonial regimes The centralization of power typically characterized by the personalization and concentration of power in the hands of leaders and privileged elites in capital cities mostly resulted in repressive regimes and fragile states As decentralisation is a response to these challenges this volume analyses the dynamic relationship between the efforts to implement decentralization and presence or absence of constitutionalism This volume examines a variety of forms and degrees of decentralization found across Africa It advances a new understanding of trends and patterns and facilitates the exchange of ideas among African governments and scholars about the critical role that decentralisation may play in democratization of and constitutionalism in Africa *Colonialism in Africa 1870-1960: Volume 5, A Bibliographic Guide to Colonialism in Sub-Saharan Africa* L. H. Gann, Peter Duignan, 1969 A comprehensive study of recent African history examining the political social and economic effects of colonialism

Cooperation and Empire Tanja Bührer, Flavio Eichmann, Stig Förster, Benedikt Stuchtey, 2017-08-01 While the study of indigenous intermediaries is today the focus of some of the most interesting research in the historiography of colonialism its roots extend back to at least the 1970s The contributions to this volume revisit Ronald E Robinson s theory of collaboration in

a range of historical contexts by melding it with theoretical perspectives derived from postcolonial studies and transnational history. In case studies ranging globally over the course of four centuries these essays offer nuanced explorations of the varied complex interactions between imperial and local actors with particular attention to those shifting and ambivalent roles that transcend simple binaries of colonizer and colonized.

Historical Companion to Postcolonial Literatures -

Continental Europe and its Empires Prem Poddar, 2011-09-21 The first reference work to provide an integrated and authoritative body of information about the political, cultural, and economic contexts of postcolonial literatures that have their provenance in the major European Empires of Belgium, Denmark, France, G.

The Statecraft of British Imperialism

Robert Desmond King, Robin W. Kilson, 1999 These stimulating essays reassess the meaning of British imperialism in the nineteenth and twentieth centuries. They are written by leading authorities in the field and range in scope from the aftermath of the American revolution to the liquidation of the British empire from the Caribbean to the Pacific, from Suez to Hong Kong.

Encyclopedia of African History 3-Volume Set KEVIN SHILLINGTON., 2005

TRIUMPH OF RACISM: The History of White Supremacy in Africa and How Shithole Entered the U.S Presidential Lexicon Emmanuel Neba-Fuh, 2021-04-05 Emmanuel Neba Fuh in this comprehensive chronological compilation and thorough narrative of the history of white supremacy in Africa provides an unflinching fresh case that African poverty, a central tenet of the shithole demonization, is not a natural feature of geography or a consequence of culture but a direct product of imperial extraction from the continent, a practice that continues into the present. A brutal and nefarious tale of slave trade, genocides, massacres, dictators, supported progressive leaders, murdered weapon smuggling, cloak and dagger secret services, corruption, international conspiracy, and spectacular military operations, he raised the most basic and fundamental question: how was Africa, the world's richest continent, raped and reduced to what Donald J. Trump called shithole? V. Mbanwie

Heroes of

Empire Edward Berenson, 2011 Examines through the lives of five important English and French figures the history of the exploration and colonization of Africa between 1870 and 1914 and the role the mass media played in promoting colonial conquest.

The Cambridge History of Africa J. D. Fage, Roland Anthony Oliver, Michael Crowder, 1975 The eighth and final volume of The Cambridge History of Africa covers the period 1940-75. It begins with a discussion of the role of the Second World War in the political decolonisation of Africa. Its terminal date of 1975 coincides with the retreat of Portugal, the last European colonial power in Africa, from its possessions and their accession to independence. The fifteen chapters which make up this volume examine on both a continental and regional scale the extent to which formal transfer of political power by the European colonial rulers also involved economic, social, and cultural decolonisation. A major theme of the volume is the way the African successors to the colonial rulers dealt with their inheritance and how far they benefited particular economic groups and disadvantaged others. The contributors to this volume represent different disciplinary traditions and do not share a single theoretical perspective on the recent history of the continent, a subject that is still the occasion for passionate debate.

Theories of War and Peace Michael E. Brown, Owen R. Cote, Jr., Sean M. Lynn-Jones, Steven E. Miller, 1998-09-15 New approaches to understanding war and peace in the changing international system What causes war How can wars be prevented Scholars and policymakers have sought the answers to these questions for centuries Although wars continue to occur recent scholarship has made progress toward developing more sophisticated and perhaps more useful theories on the causes and prevention of war This volume includes essays by leading scholars on contemporary approaches to understanding war and peace The essays include expositions analyses and critiques of some of the more prominent and enduring explanations of war Several authors discuss realist theories of war which focus on the distribution of power and the potential for offensive war Others examine the prominent hypothesis that the spread of democracy will usher in an era of peace In light of the apparent increase in nationalism and ethnic conflict several authors present hypotheses on how nationalism causes war and how such wars can be controlled Contributors also engage in a vigorous debate on whether international institutions can promote peace In a section on war and peace in the changing international system several authors consider whether rising levels of international economic independence and environmental scarcity will influence the likelihood of war

The Failure Of The Centralized State James Wunsch, Dele Olowu, John W Harbeson, Vincent Ostrom, 2019-07-11 This book is an outcome of the workshop on Political Theory and Policy Analysis held in Indiana during the 1985 86 It seeks to explain why the centralized African state has failed and discusses the breakdown of social processes indirectly caused by the policies of the centralized state
