## **France And Women 1789 1914 Gender Society And Politics:**

France and Women, 1789-1914 James McMillan, Professor James F Mcmillan, 2002-01-08 France and Women 1789 1914 is the first book to offer an authoritative account of women s history throughout the nineteenth century James McMillan author of the seminal work Housewife or Harlot offers a major reinterpretation of the French past in relation to gender throughout these tumultuous decades of revolution and war This book provides a challenging discussion of the factors which made French political culture so profoundly sexist and in particular it shows that many of the myths about progress and emancipation associated with modernisation and the coming of mass politics do not stand up to close scrutiny It also reveals the conservative nature of the republican left and of the ingrained belief throughout french society that women should remain within the domestic sphere James McMillan considers the role played by French men and women in the politics culture and society of their country throughout the 1800s

**France After Revolution** Denise Z. Davidson, 2007-04-30 Davidson provides a reevaluation of prevailing views on the effects of the French Revolution and particularly on the role of women Arguing against the idea that women were forced from the public realm of political discussion Davidson demonstrates how women remained highly visible and active

**Women in France Since 1789** Susan Foley, 2017-03-14 This compelling study traces the changes in women s lives in France from 1789 to the present Susan K Foley surveys the patterns of women s experiences in the socially segregated society of the early nineteenth century and then traces the evolution of their lifestyles to the turn of the twenty first century when many of the earlier social distinctions had disappeared Focusing on women s contested place within the political nation Women in France since 1789 examines The on going strength of notions of sexual difference Recurrent debates over gender The anxiety created by women s perceived departure from ideals of womanhood Major controversies over matters such as reproductive rights significant cultural changes and women s often under estimated political roles By addressing and exploring these key issues Foley demonstrates women s efforts over two centuries to create a place in society on their own terms

Gender, Catholicism and Spirituality Laurence Lux-Sterritt, Carmen Mangion, 2010-12-09 This timely collection of essays on British and European Catholic spiritualities explores how ideas of the sacred have influenced female relationships with piety and religious vocations over time Each of the studies focuses on specific persons or groups within the varied contexts of England France Italy the Netherlands and Spain together spanning the medieval period through to the nineteenth century Examining the interplay between women s religious roles and patriarchal norms the volume highlights the relevance of gender and spirituality through a wide geographical and chronological spectrum It is an essential resource for students of Gender History Women s Studies and Religious Studies introducing a wealth of new research and providing an approachable guide to current debates and methodologies Contributions by Nancy Jiwon Cho Frances E Dolan Rina Lahav Jenna Lay Laurence Lux Sterritt Carmen M Mangion Querciolo Mazzonis Marit Monteiro Elizabeth Rhodes Kate Stogdon Anna Welch

**A Concise History of France** Roger

Price,2014-02-06 This is the most up to date and comprehensive study of French history available ranging from the early middle ages to the present Amongst its central themes are the relationships between state and society the impact of war competition for power and the ways in which power has been used Whilst taking full account of major figures such as Philip Augustus Henri IV Louis XIV Napoleon and de Gaulle it sets their activities within the broader context of changing economic and social structures and beliefs and offers rich insights into the lives of ordinary men and women This third edition has been substantially revised and includes a new chapter on contemporary France a society and political system in crisis as a result of globalisation rising unemployment a failing educational system growing social and racial tensions corruption the rise of the extreme right and a widespread loss of confidence in political leaders      Secular Spirituality Lynn L. Sharp,2006-01-01

Secular Spirituality challenges the traditional dichotomy between Enlightenment reason and religion It follows French romantic socialists and spiritists search for a new spirituality based on reincarnation as a path to progress for individuals and society Leaders like Allan Kardec argued for social reform spiritist groups strove for equality and women mediums challenged gender roles Lynn L Sharp looks closely at what it meant to practice spiritism analysing the movement's social and political critique and explaining the popularity of the new belief She explores points of convergence and conflict in the interplay between spiritism and science spiritism and psychology and spiritism and the Catholic church to argue that the nineteenth century was not as disenchanted as has been thought Secular Spirituality successfully places spiritism within a larger cultural conversation going beyond the leaders of the movement to look at the way spiritism functioned for its followers      The Frankenstein of 1790 and Other Lost Chapters from Revolutionary France Julia V. Douthwaite,2024-05-31

The French Revolution brings to mind violent mobs the guillotine and Madame Defarge but it was also a publishing revolution more than 1 200 novels were published between 1789 and 1804 when Napoleon declared the Revolution at an end In this book Julia V Douthwaite explores how the works within this enormous corpus announced the new shapes of literature to come and reveals that vestiges of these stories can be found in novels by the likes of Mary Shelley E T A Hoffmann Honor de Balzac Charles Dickens Gustave Flaubert and L Frank Baum Deploying political history archival research and textual analysis with eye opening results Douthwaite focuses on five major events between 1789 and 1794 first in newspapers then in fiction and shows how the symbolic stories generated by Louis XVI Robespierre the market women who stormed Versailles and others were transformed into new tales with ongoing appeal She uncovers a 1790 story of an automaton builder named Frankenstein links Baum to the suffrage campaign going back to 1789 and discovers a royalist anthem's power to undo Balzac's *Le Goriot* Bringing to light the missing links between the ancien régime and modernity The Frankenstein of 1790 and Other Lost Chapters from Revolutionary France is an ambitious account of a remarkable politico literary moment and its aftermath      Culture Wars Christopher Clark,Wolfram Kaiser,2003-08-14

Across nineteenth century Europe the emergence of constitutional and democratic nation states was accompanied by intense conflict between Catholics and anticlerical forces

At its peak this conflict touched virtually every sphere of social life schools universities the press marriage and gender relations burial rites associational culture the control of public space folk memory and the symbols of nationhood In short these conflicts were culture wars in which the values and collective practices of modern life were at stake These culture wars have generally been seen as a chapter in the history of specific nation states Yet it has recently become increasingly clear that the Europe of the mid and later nineteenth century should also be seen as a common politico cultural space This book breaks with the conventional approach by setting developments in specific states within an all European and comparative context offering a fresh and revealing perspective on one of modernity s formative conflicts      **Citizenship and Wars** Dr Bertrand Taithe,Bertrand Taithe,2003-09-02 Putting the latest theoretical thinking into empirical use the author assesses how the function of the state and its citizens changed during the Paris Commune and Franco Prussian War      Visual Culture and Pandemic Disease Since 1750 Marsha Morton,Ann-Marie Akehurst,2023-07-06 Through case studies this book investigates the pictorial imaging of epidemics globally especially from the late eighteenth century through the 1920s when amidst expanding Western industrialism colonialism and scientific research the world endured a succession of pandemics in tandem with the rise of popular visual culture and new media Images discussed range from the depiction of people and places to the invisible realms of pathogens and emotions while topics include the messaging of disease prevention and containment in public health initiatives the motivations of governments to ensure control the criticism of authority in graphic satire and the private experience of illness in the domestic realm Essays explore biomedical conditions as well as the recurrent constructed social narratives of bias blame and othering regarding race gender and class that are frequently highlighted in visual representations This volume offers a pictured genealogy of pandemic experience that has continuing resonance The book will be of interest to scholars working in art history visual studies history of medicine and medical humanities      All About Love: Anatomy of an Unruly Emotion Lisa Appignanesi,2011-07-18 An intimate and illuminating look at how love shapes our culture and our lives Unruly unpredictable love is a maddening deity In this insightful and eloquent meditation on that many splendored thing Lisa Appignanesi draws together psychology literature popular culture and her own experiences in order to tangle with love s paradoxes across the span of our lives Beginning with the rose tinted raptures of first love she proceeds to love in marriage triangulated love jealousy and adultery love in the family and friendship By illuminating the expectations the joys and difficulties and the cultural undercurrents that accompany each stage Appignanesi raises provocative questions about love in the twenty first century Has the unbinding of obstacles to love emptied it of meaning Do our desires for variety and experimentation result in increased anxiety What gains and losses have come from greater openness and equality and the burgeoning sphere of virtual fantasy As rewarding as it is captivating All about Love will leave you a little wiser about the emotion that rules our lives      **Modernity and Bourgeois Life** Jerrold Seigel,2012-04-12 To be modern may mean many different things but for nineteenth century Europeans modernity suggested

a new form of life in which bourgeois activities people attitudes and values all played key roles Jerrold Seigel's panoramic new history offers a magisterial and highly original account of the ties between modernity and bourgeois life arguing that they can be best understood not in terms of the rise and fall of social classes but as features of a common participation in expanding and thickening networks of means that linked together distant energies and resources across economic political and cultural life Exploring the different configurations of these networks in England France and Germany he shows how their patterns gave rise to distinctive forms of modernity in each country and shaped the rhythm and nature of change across spheres as diverse as politics money and finance gender relations morality and literary artistic and musical life

**Part-Architecture** Emma Cheadle, 2017-07-20 Part Architecture presents a detailed and original study of Pierre Chareau's Maison de Verre through another seminal modernist artwork Marcel Duchamp's Large Glass Aligning the two works materially historically and conceptually the book challenges the accepted architectural descriptions of the Maison de Verre makes original spatial and social accounts of its inhabitation in 1930s Paris and presents new architectural readings of the Large Glass Through a rich analysis which incorporates creative projects into history and theory research the book establishes new ways of writing about architecture Designed for politically progressive gynaecologist Dr Jean Dalsace and his avant garde wife Annie Dalsace the Maison de Verre combines a family home with a gynaecology clinic into a free plan layout Screened only by glass walls the presence of the clinic in the home suggests an untold dialogue on 1930s sexuality The text explores the Maison de Verre through another radical glass construction the Large Glass where Duchamp's complex depiction of unconsummated sexual relations across the glass planes reveals his resistance to the marital conventions of 1920s Paris This and other analyses of the Large Glass are used as a framework to examine the Maison de Verre as a register of the changing history of women's domestic and maternal choices reclaiming the building as a piece of female social architectural history The process used to uncover and write the accounts in the book is termed part architecture Derived from psychoanalytic theory part architecture fuses analytical descriptive and creative processes to produce a unique social and architectural critique Identifying three essential materials to the Large Glass the book has three main chapters Glass Dust and Air Combining theory text creative writing and drawing each traces the history and meaning of the material and its contribution to the spaces and sexuality of the Large Glass and the Maison de Verre As a whole the book contributes important and unique spatial readings to existing scholarship and expands definitions of architectural design and history

*French Early Socialists 1790s-1870s* Pamela Pilbeam, 2025-03-05 This new edition is an updated assessment of the ideas and strategies of early French socialists incorporating recent research which observes the practical and scientific nature of socialist proposals The second edition provides increased coverage of women's contributions including the important roles of activists like Flora Tristan and Jeanne Deroin socialist women's newspapers schools run by women and the demand for suffrage in 1848 There is also further emphasis on socialist experiments in France's new colony Algeria and on transnational

connections particularly with Owen in Britain and Fourierist communities in North America Association still figures prominently as the solution to the social and economic problems created by modernisation and capitalist exploitation It took a variety of forms from Fourier's proposal that private finance create profit sharing communities to Leroux's practical cooperative venture at Boussac through Blanc and Considérant's demands for state initiative to set up worker alternatives to capitalism The democratic republic of 1848 gave socialists the opportunity to engage in politics and despite the setbacks of the Second Empire socialists were set on a parliamentary route in which they still have a presence French Early Socialists 1790s 1870s is an engaging resource for students and scholars in histories of France politics and gender Transnational Representations of the Region, 1840-1940 Giulia Bruna, Marguérite Corporaal, Christopher Cusack, Sophie van Os, Anneloek Scholten, 2025-09-08 The nineteenth century witnessed an upsurge of interest in the region across Europe and North America in media ranging from literary fiction to the illustrated periodical and from visual arts to architecture This rise of regionalism has often been linked to nationalism and nation building However depictions of the region circulated across borders or interacted with transnational cultural repertoires of the local These often overlooked transnational aspects are the focus of this volume which considers cultural representations of the region during the long nineteenth century in its variety of dimensions across all expressive media This collection consistently draws out the border crossing dynamics through which the very perception of regions is generated and maintained Contributions by established and emerging scholars all rise to the challenge of contextualizing representations of specific regions in transnational networks of exchange The volume is resolutely interdisciplinary encompassing various literary genres as well as music visual arts and world fairs It will ensure that the region is in the best possible sense all over the place Raphaël Ingelbien Professor of English Literature at KU Leuven

**French Women and the Empire** Marie-Paule Ha, 2014-05-08 French Women and the Empire is the first book length investigation of colonial gender politics in Third Republic France using Indochina as a case study Its departure point is the interrogation of the dramatic change in the French colonialist view of the empire as an exclusively male preserve where women feared to tread At the turn of the century a reverse discourse emerged in the metropole forcefully arguing that colonial female emigration was essential to true colonisation The study begins by analysing the highly complex web of interconnected factors underlying this radical transformation in the representation of the empire from being a no woman's land into a woman's haven Then drawing on a large body of hitherto little examined sources the study continues by reconstructing the experiences and activities of French women in Indochina from the fin de siècle to the interwar era The most significant finding from this study is that contrary to the image propagated by promotional literature of the colonial woman as essentially a bourgeois homemaker the class and ethnic make up of the French female population in the Asian colony was in fact remarkably heterogeneous with a sizeable contingent of them married or single actively engaging in a variety of paid employment outside the home By thus foregrounding the diversity and complexity of colonial female

experiences French Women and the Empire seeks to move the story of French women and the empire beyond the narrow confines of the imperial family romance to the wider arena of the colonial public sphere *Women, Gender and Disease in Eighteenth-Century England and France* Ann Kathleen Doig, Felicia B. Sturzer, 2014-06-02 Based on encyclopedias medical journals historical and literary sources this collection of interdisciplinary essays focuses on the intersection of women gender and disease in England and France Diverse critical perspectives highlight contributions women made to the scientific and medical communities of the eighteenth century In spite of obstacles encountered in spaces dominated by men women became midwives and wrote self help manuals on women s health hygiene and domestic economy Excluded from universities they nevertheless contributed significantly to such fields as anatomy botany medicine and public health Enlightenment perspectives on the nature of the female body childbirth diseases specific to women gender sex masculinity and femininity adolescence and sexual differentiation inform close readings of English and French literary texts Treatises by Montpellier vitalists influenced intellectuals and physicians such as Nicolas Chambon Pierre Cabanis Jacques Louis Moreau de la Sarthe Jules Joseph Virey and Th ophile de Bordeu They impacted the exchange of letters and production of literary works by Julie de Lespinasse Fran oise de Graffigny Nicolas Chamfort Mary Astell Frances Burney Lawrence Sterne Eliza Haywood and Daniel Defoe In our post modern era these essays raise important questions regarding women as subjects objects and readers of the philosophical medical and historical discourses that framed the project of enlightenment Surmounting the Barricades Carolyn J. Eichner, 2004-11-12 This book vividly evokes radical women s integral roles within France s revolutionary civil war known as the Paris Commune It demonstrates the breadth depth and impact of communard feminist socialisms far beyond the 1871 insurrection Examining the period from the early 1860s through that century s end Carolyn J Eichner investigates how radical women developed critiques of gender class and religious hierarchies in the immediate pre Commune era how these ideologies emerged as a plurality of feminist socialisms within the revolution and how these varied politics subsequently affected fin de si cle gender and class relations She focuses on three distinctly dissimilar revolutionary women leaders who exemplify multiple competing and complementary feminist socialisms Andre Leo Elisabeth Dmitrieff and Paule Mink Leo theorized and educated through journalism and fiction Dmitrieff organized institutional power for working class women and Mink agitated crowds to create an egalitarian socialist world Each woman forged her own path to gender equality and social justice **The Force of Beauty** Holly Grout, 2015-05-13 The market for commercial beauty products exploded in Third Republic France with a proliferation of goods promising to erase female imperfections and perpetuate an aesthetic of femininity that conveyed health and respectability While the industry s meteoric growth helped to codify conventional standards of womanhood *The Force of Beauty* goes beyond the narrative of beauty culture as a tool for sociopolitical subjugation to show how it also targeted women as important consumers in major markets and created new avenues by which they could express their identities and challenge or reinforce gender norms As cosmetics companies and

cultural media from magazines to novels to cinema urged women to aspire to commercial standards of female perfection beauty evolved as a goal to be pursued rather than a biological inheritance The products and techniques that enabled women to embody society's feminine ideal also taught them how to fashion their bodies into objects of desire and thus offered a subversive tool of self expression Holly Grout explores attempts by commercial beauty culture to reconcile a standard of respectability with female sexuality as well as its efforts to position French women within the global phenomenon of changing views on modern womanhood Grout draws on a wide range of primary sources hygiene manuals professional and legal debates about the right to fabricate and distribute medicines advertisements for beauty products and contemporary fiction and works of art to explore how French women navigated changing views on femininity Her seamless integration of gender studies with business history aesthetics and the history of medicine results in a textured and complex study of the relationship between the politics of womanhood and the politics of beauty

**Disruptive Acts** Mary Louise Roberts, 2017-03-15 In fin de siècle France politics were in an uproar and gender roles blurred as never before Into this maelstrom stepped the new women a group of primarily urban middle class French women who became the objects of intense public scrutiny Some remained single some entered nontraditional marriages and some took up the professions of medicine and law journalism and teaching All of them challenged traditional notions of womanhood by living unconventional lives and doing supposedly masculine work outside the home Mary Louise Roberts examines a constellation of famous new women active in journalism and the theater including Marguerite Durand founder of the women's newspaper *La Fronde* the journalists *Suzanne Verine* and *Gyp* and the actress *Sarah Bernhardt* Roberts demonstrates how the tolerance for playacting in both these arenas allowed new women to stage acts that profoundly disrupted accepted gender roles The existence of *La Fronde* itself was such an act because it demonstrated that women could write just as well about the same subjects as men even about the volatile Dreyfus Affair When female reporters for *La Fronde* put on disguises to get a scoop or wrote under a pseudonym and when actresses played men on stage they demonstrated that gender identities were not fixed or natural but inherently unstable Thanks to the adventures of new women like these conventional domestic femininity was exposed as a choice not a destiny Lively sophisticated and persuasive *Disruptive Acts* will be a major work not just for historians but also for scholars of cultural studies gender studies and the theater
