

FRANCE ON THE EVE OF REVOLUTION

British Travellers' Observations 1763-1788
JOHN LOUGH

France On The Eve Of Revolution British Travellers Observations

David Garrioch

France On The Eve Of Revolution British Travellers Observations:

France on the Eve of Revolution John Lough, 2016-06-10 Before the Terror and then the Napoleonic Wars made it impracticable to travel through France many young British men and women were able to watch at first hand the changes taking place in French society and the agitations that were becoming increasingly loud for reform This book originally published in 1987 is a study of France in these crucial years seen through the eyes of the travellers It marries the travellers accounts to analysis of the political state of France to produce a book equally illuminating of British taste and attitudes to France and of the French political and social scene *Travellers in Eighteenth Century Europe* Julie Peakman, 2025-01-16 Travellers in Eighteenth Century Europe is an edited collection with contributions by leading scholars brought together by a prolific author with expertise in eighteenth century culture The Grand Tour was considered a part of the education of a young gentleman Travellers included blossoming scholars poets writers and scientists Visits were made to Greece and Italy via France and Switzerland often taking in Turkey But women also traveled extensively though these accounts have been under explored The book will examine first hand accounts of the impact of foreign travel on both women and men seen through their letters travel diaries journals and their creative response in poems music and art Its originality is seen in its exploration of a comparison between the views of women and men abroad and the differences in what they deemed interesting and worthy of comment The book is especially relevant in light of the many past and current xenophobic views of the foreigner Here we more often see travellers viewing their experience of otherness and exoticism in a positive light a cultural appreciation rather than a cultural appropriation This book examines how men and women saw these new worlds opening up before them what delighted them what influenced them and their interaction with others in the light of domesticity antiquity politics work science sex and friendships *France and the Grand Tour* J. Black, 2003-04-15 In this innovative study of the Grand Tour Black relies on archival sources to provide an exploration of the real tourist experience rather than as for the majority of studies of the Grand Tour an account that is essentially based on travel literature While sensitive to wider cultural dimensions the author demonstrates his interest in the experience of tourists particularly the circumstances they encountered and the impact of the Grand Tour on British Society **In Destiny's Hands** C. Vovk Justin C. Vovk, Justin C. Vovk, 2010 Justin Vovk's In Destiny's Hands is the heartbreaking story of five children of Austria's iconic empress Maria Theresa who watched as their royal worlds were ripped apart by tragedy and epic misfortunes These are the stories of Joseph whose disastrous reign forced Austria to the brink of civil war Amalia the brazen and scandalous duchess who married a boy prince and died exiled and forgotten Leopold Maria Theresa's unassuming second son who was the envy of Europe until his tumultuous reign was cut tragically short Maria Carolina the very Austrian queen of Naples who ended her days fighting Napoleon with her dying breath and Marie Antoinette the legendary teenage bride who was hated and reviled as Queen of France and met her ultimate fate on the guillotine a testimony to her mother's vain ambition

Painstakingly researched and masterfully crafted *In Destiny's Hands* brings to vivid life the world of eighteenth century like never before Readers will find many fascinating details in Vovk's *In Destiny's Hands* Vovk has shed light on these individuals and provided a much needed new work on Maria Theresa's progeny Julia P Gelardi author of the critically acclaimed *Born to Rule* *Five Reigning Consorts* *Granddaughters of Queen Victoria* and *In Triumph's Wake* *Royal Mothers* *Tragic Daughters* and *the Price They Paid For Glory* Be prepared for heart break smiles and most of all a roller coaster of enlightenment you will not be able to it down David Antunes M A author of *Napoleon's Way* *How One Little Man Changed the World*

Biographical Memoirs of Fellows British Academy, 2004 Volume 124 of the Proceedings of the British Academy contains 19 obituaries of recently deceased Fellows of the British Academy **Elephant Slaves & Pampered Parrots** Louise E. Robbins, 2003-04-29 This lively history adds a new dimension to our understanding of 18th century France by exploring the Parisian fashion of importing exotic animals American Historical Review In 1775 a visitor to Laurent Spinacuta's Grande Menagerie at the annual winter fair in Paris would have seen two tigers several kinds of monkeys an armadillo an ocelot and a condor in all forty two live animals In the streets of the city one could observe performing elephants and a fighting polar bear Those looking for unusual pets could purchase parrots flying squirrels and capuchin monkeys The royal menagerie at Versailles displayed lions cranes an elephant a rhinoceros and a zebra which in 1760 became a major court attraction For Enlightenment era Parisians exotic animals piqued scientific curiosity and conveyed social status Their variety and accessibility were a boon for naturalists like Buffon author of *Histoire naturelle* Louis XVI use his menagerie to demonstrate his power while critics saw his caged animals as metaphors of slavery and oppression In her engaging account Robbins considers nearly every aspect of France's obsession with exotic fauna from the animals transportation and care to the inner workings of the oiseleurs birdsellers guild Based on wide ranging research *Elephant Slaves and Pampered Parrots* offers a major contribution to the history of human animal relations eighteenth century culture and French colonialism

Travels in Revolutionary France and a Journey Across America , 2012-11-15 In July 1789 George Cadogan Morgan born in Bridgend Wales and the nephew of the celebrated radical dissenter Richard Price 1723-91 found himself caught up in the opening events of the French Revolution and its consequences In 1808 his family left Britain for America where his son Richard Price Morgan travelled extensively made a descent of the Ohio and Mississippi Rivers by raft and helped build some of the early American railroads The adventures of both men are related here via letters George sent home to his family from France and through the autobiography written by his son in America **The French Revolution 1787-1804** P. M. Jones, 2016-08-19 P M Jones The French Revolution now in its third edition is an authoritative survey of events in France from 1787 as the power of the ancien regime began to crumble until 1804 and the demise of the Republic It provides a balanced and accessible account of the dramatic events of the intervening years including the fall of the Bastille the months of the Terror and the journey towards the creation of the First French Empire are analysed along with an assessment of the wider

significance of the revolutionary decade This new edition has been fully revised and updated to include new material on citizenship gender equality and legal reforms and the imperial dimension of the Revolution The historiographical debate is brought right up to date taking into account the most recent scholarship on the Revolution The narrative is supported by a selection of original documents which shed light on events of the period from the perspective of those who lived through it With supplementary materials including a chronology who s who glossary and guide to further reading this book remains an invaluable resource for students of the French Revolution

The Oxford History of the French Revolution ,1990-07-26

This is the most authoritative comprehensive history of the French Revolution of 1789 Published to mark the bicentenary of its outbreak this survey draws on a generation of extensive research and scholarly debate to reappraise the most famous of all revolutions Opening with the accession of Louis XVI in 1774 the book traces the history of France through revolution terror and counter revolution to the triumph of Napoleon in 1802 and analyses the impact of events both in France itself and the rest of Europe William Doyle shows how a movement which began with optimism and general enthusiasm soon became a tragedy not only for the ruling orders but for the millions of ordinary people all over Europe whose lives were disrupted by religious upheaval and civil and international war It was they who paid the price for the destruction of the old political order and the struggle to establish a new one based on the ideals of liberty and revolution in the face of widespread indifference and hostility

The Oxford History of the French Revolution William Doyle,2002-11-28 This new edition of the most authoritative comprehensive history of the French Revolution of 1789 draws on a generation of extensive research and scholarly debate to reappraise the most famous of all revolutions Updates for this second edition include a generous chronology of events plus an extended bibliographical essay providing an examination of the historiography of the Revolution Opening with the accession of Louis XVI in 1774 the book traces the history of France through revolution terror and counter revolution to the triumph of Napoleon in 1802 and analyses the impact of events both in France itself and the rest of Europe William Doyle shows how a movement which began with optimism and general enthusiasm soon became a tragedy not only for the ruling orders but for the millions of ordinary people all over Europe whose lives were disrupted by religious upheaval

and civil and international war It was they who paid the price for the destruction of the old political order and the struggle to establish a new one based on the ideals of liberty and revolution in the face of widespread indifference and hostility

Industrial Espionage and Technology Transfer John R. Harris, 2017-07-05 Britain and France were the leading industrial nations in 18th century Europe This book examines the rivalry which existed between the two nations and the methods used by France to obtain the skilled manpower and technology which had given Britain the edge particularly in the new coal based technologies Despite the British Act of 1719 which outlawed industrial espionage and technology transfer France continued to bring key industrial workers from Britain and to acquire British machinery and production methods Drawing on a mass of unpublished archival material this book investigates the nature and application of British laws and the involvement of some major British industrialists in these issues and discusses the extent to which French espionage had any real success In the process it presents an in depth understanding of 18th century economies and the cultures and bureaucracies which were so important in shaping economic life Above all the late John Harris saw the history of industrial espionage as one means of restoring the thoughts and activities of human beings to the centre stage of industrial history These are the stories of individuals Holkers Trudaines Wilkinsons or Milnes and their impact on the world The French Revolution Gwynne Lewis, 2002-11-01 First Published in 2004 Historical Connections is a new series of short books on important historical topics and debates written primarily for those studying and teaching history The books will offer original and challenging works of synthesis that will make new themes accessible or old themes accessible in new ways build bridges between different chronological periods and different historical debates and encourage comparative discussion in history This book is divided into two parts Part I provides an interpretation of events covering the causes and course of the Revolution Part II focuses more specifically upon the controversies surrounding the economic social and cultural policies associated with the Revolution **The Making of Revolutionary Paris** David Garrioch, 2004-08-16 An unusually compelling work of scholarly synthesis a history of a city of revolution in a revolutionary century Garrioch claims that until 1750 Paris remained a city characterized by a powerful sense of hierarchy From the mid century on however and with gathering speed economic demographic political and social change swept the city Having produced an extremely engaging account of the old corporate society Garrioch turns to the forces that relentlessly undermined it John E Talbott author of The Pen and Ink Sailor Charles Middleton and the King s Navy 1778 1813 A truly wonderful synthesis of the many historical strands that compose the history of eighteenth century Paris In rewriting the history of the French Revolution as a more than century long urban metamorphosis Garrioch makes a brilliant case for the centrality of Paris in the history of France Bonnie Smith author of The Gender of History Men Women and Historical Practice **Rebellious Hearts** Adriana Craciun, Kari E. Lokke, 2001-05-24 This pathbreaking collection engages in the important new work of rediscovering the hundreds of British women writing during the Romantic period women who we now realize were central not marginal to the poetics and

ideologies of Romanticism Yet no previous volume has focused on British women's responses to the French Revolution and the Napoleonic wars or on their participation in the social economic religious and poetic debates surrounding these political conflicts As the first book to represent the full spectrum of women's participation in the Revolutionary debates *Rebellious Hearts* uncovers a rich new field of literary and historical scholarship

Britons Linda Colley, 2009-10-27 How was Great Britain made And what does it mean to be British This brilliant and seminal book examines how a more cohesive British nation was invented after 1707 and how this new national identity was nurtured through war religion trade and empire Lavishly illustrated and powerful *Britons* remains a major contribution to our understanding of Britain's past and continues to influence ongoing controversies about this polity's survival and future This edition contains an extensive new preface by the author A sweeping survey evocatively illustrated and engagingly written Harriet Ritvo *New York Times Book Review* Challenging fascinating enormously well informed John Barrell *London Review of Books* Linda Colley writes with clarity and grace Her stimulating book will be and deserves to be influential E P Thompson *Dissent*

The Politics of Samuel Johnson J. Clark, H. Erskine-Hill, 2012-06-12 A major academic controversy has raged in recent years over the analysis of the political and religious commitments of Samuel Johnson the most commanding of the commanding heights of eighteenth century English letters This book one of a trilogy from Palgrave brings that debate to a decisive conclusion retrieving the historic Johnson

The Oxford Handbook of the Ancien Régime William Doyle, 2012 An exploration of current scholarly thinking about the wide and surprisingly complex range of historical problems associated with the study of Ancien Régime Europe

Reform and Revolution in France Peter M. Jones, Peter Jones, 1995-09-21 This textbook has been written to help teachers and students to pilot their way through the enormous and ever expanding literature on the French Revolution The author makes a conscious effort to combine social and political interpretations of the origins of the Revolution and offers a synthesis which takes full account of current debates He also seeks to restore the Revolution to its domestic environment Notwithstanding the powerful contemporary myth of rupture the author argues that the dramatic events of 1789 need to be considered alongside the reform achievements of Bourbon absolute monarchy The result is a new account of the gestation of the Revolution which is both up to date and satisfying in its range of vision

Stagestruck Lauren R. Clay, 2013-01-11 Stagestruck traces the making of a vibrant French theater industry between the reign of Louis XIV and the French Revolution During this era more than eighty provincial and colonial cities celebrated the inauguration of their first public playhouses These theaters emerged as the most prominent urban cultural institutions in prerevolutionary France becoming key sites for the articulation and contestation of social political and racial relationships Combining rich description with nuanced analysis based on extensive archival evidence Lauren R Clay illuminates the wide ranging consequences of theater's spectacular growth for performers spectators and authorities in cities throughout France as well as in the empire's most important Atlantic colony Saint Domingue Clay argues that outside Paris the expansion of theater came about through local

initiative civic engagement and entrepreneurial investment rather than through actions or policies undertaken by the royal government and its agents *Reconstructing the business of theatrical production* she brings to light the efforts of a wide array of investors entrepreneurs directors and actors including women and people of color who seized the opportunities offered by commercial theater to become important agents of cultural change Portraying a vital and increasingly consumer oriented public sphere beyond the capital *Stagestruck* overturns the long held notion that cultural change flowed from Paris and the royal court to the provinces and colonies This deeply researched book will appeal to historians of Europe and the Atlantic world particularly those interested in the social and political impact of the consumer revolution and the forging of national and imperial cultural networks In addition to theater and literary scholars it will attract the attention of historians and sociologists who study business labor history and the emergence of the modern French state
