EXCERPT FROM THE BOOK In team games you are not a lone wolf and you are not some unflappable champion who will singlehandedly carry his teammates to victory You are one of many Use your headset to communicate with your team Tell them where your opponents are Let them know where you re hanging out Tell them who has what weapons Treat them as allies rather than competition The best teams and the ones that usually win are those that work as a cohesive organized unit Skill certainly plays an important role but it s not the only thing that s important Accept that everyone has a certain role to play If someone takes a weapon you really wanted to use don t get angry at them Instead

adapt find some other way to contribute to the game And don t insult your teammates You can t expect them to feel motivated to contribute to victory if they ve someone on their side screaming at them every time they make a mistake Finally if you re having trouble with a player on your team or another team remember that the mute function exists for a reason Ignore them and don t let their trash talk get to you After all you re here to have fun right Buy a copy to keep reading
