A Synoptic Hamlet: a Critical-Synoptic Edition of the Second Quarto and First Folio Texts of Hamlet Jesús Tronch-Pérez, Jesús Tronch, 2002 A Synoptic Hamlet is an alternative response to the editorial problems of this multiple text play Like most critical editions it presents the early texts in a manner helpful to the general reader by modernizing spelling and punctuation and emending non sensical readings However it does not hide the text's diversity by exclusively selecting readings from either the Second Quarto or the First Folio in order to reconstruct a single reading version corresponding to the authentic Hamlet Rather it makes their significant variants immediately available in the line itself offering alternative editorial interpretations of identical or similar readings at certain points Thus the reader can have a direct appreciation of the divergence and similarity between these early texts from which the Hamlet of today is known Catalogue of the Magnificent Library Formed by the Late H.
