Transforming Children Into

Spiritual Champions George Barna, 2003-11-21 No one can deny that our culture is opposed to Christian values and the influences bombarding our children's moral development can be deadly. But few parents and church leaders realize how critical it is to start developing a child's biblical worldview from the very earliest years of life. The problem is complex: parents who themselves did not receive early spiritual training leave their children's training to the church. Yet the church often focuses on older children, not realizing that a child's moral development is set by the age of nine. The answer is for churches to recognize the need to come alongside parents to provide them biblical worldview training, parenting information, counseling, etc. that will equip them to help their children become the spiritually mature Church of tomorrow. Profiles presented of churches who are effectively ministering to children and winning the war our enemy is waging against them. Research-orientated books on childhood spiritual development: *Raising Heaven-Bound Kids in a Hell-Bent World* by Eastman Curtis, *What Your Kids Need to Know About God and When* by John Trent, *Introducing the Spiritual Side of Parenting* by Ron Clarkson, *Bringing Up Boys* by James Dobson. **Partnering with Parents in Youth Ministry** Jim Burns, Mike DeVries, 2003-10-07 The most powerful force in a young person's life is his or her family. The importance of this is pointed out in the writing of the Torah in Deuteronomy 6:4-9 where believers are mandated to pass their family legacies to the next generations. The newest trend in youth ministry today is a very healthy move toward family-based ministry, a mindset that helps the Church act as a support system while placing discipleship and training back into the hands of family. *Partnering with Parents in Youth Ministry* will help youth workers understand their unique role in helping families succeed and will give an overview strategy of family-based youth ministry as well as practical ideas on implementing this awesome ministry in your church. **Not Alone** Lynn Donovan, Dineen Miller, 2013-10-10 Moms who are the sole spiritual leader in their home wonder if their influence is enough to impact the spiritual lives of their children. *Not Alone* is encouragement and wisdom for spiritually mismatched moms, whether they are married to a non-Christian, single, divorced, or navigating the challenges of a blended family. It is possible to raise children who have a vibrant relationship with Christ. Their insights and stories will help mothers understand how God helps moms do their part and can trust him to do his. Plus *Not Alone* includes practical steps to instill children with faith. **Bible Study for Maturing Our Faith** Reverend Father Sebastine Soja Okoye, 2024-07-12 Every generation needs to hear the gospel. However, the situation and circumstance of a place determine how the gospel is to be preached and spread. In our time, there is a need to reach all with the good news, especially the youth and children, using the medium of the print. Taking into consideration the need to guide them properly, this book comes in handy to teach, instruct, and guide them. The simplicity of the book makes it useful. The objective manner of explanation, as well as the questions for discussion at the end of each chapter, endears it to all. This book is recommended for all who want to deepen their faith in the things of God or help others deepen their faith. **The Living Church**, 1942 **Children's Ministry on Purpose** Steven J. Adams, 2017-03-28 Many children's ministries are a flurry of activity run by dedicated volunteers and staff who put in long

hours and work hard for the good of the children and parents they serve Yet despite good intentions many children s ministries today are not effective They lack purpose and intentionality A twenty five year veteran of children s ministry in the local church pastor Steve Adams has ministered to families in multiple churches from tiny church plants to his present position at Saddleback Church In this book Steve applies the revolutionary insights of the Purpose Driven Church to children s ministry and leads readers on a journey of discovery showing them how to develop an intentional ministry process that moves children toward spiritual health while building a healthy ministry environment for those who work with kids You will learn how to ask and answer five simple but powerful questions Why are we on this journey Where are you and where are you going Who are we trying to reach How will we move our children towards spiritual health What are the essential elements necessary for the journey There is no single key to a successful children s ministry nor is there only one way that works for everyone But there is a proven process you can follow and Steve shows how children s ministries all over the world are reaching their God given potential by discovering their biblical purpose avoiding the traps of frustration and burnout

Silent Exodus--Parents' Silent Suffering Matthew Richard Sheldon Todd,2025-05-08 The broad cultural phenomenon of youth dechuraching is often accompanied by stories of broken hearted parents The objective of this book is to consider ways immigrant parents are impacted by generational assimilation and dechuraching from ethno religious communities The original contribution of the book is in substantiating parents experience from a spectrum of impacts The author explores ways impact is intensified or minimized Are you looking to improve your understanding of the risks and opportunities of handing on the faith Have you been wrestling with the cultural assimilation of your children Have you wondered how a biblical and interdisciplinary framework might help parents understand and even avert dechuraching Are you looking for supportive approaches for parents experiencing generational disconnect and difficult parenting transitions The author discloses cultural myths that circulate on parenting and advocates improving support for parents struggling to spiritually launch their children This book provides strategies for encountering transitional family complications if a youth leaves the faith and church
