The Hand and the Spirit University Art Museum (Berkeley, Calif.),1972 The Hand and the Spirit Jane Dillenberger,Joshua Charles Taylor,1972 **The Visual Arts and Christianity in America** John Dillenberger,2004-09-13 How has religion affected the creation and patronage of American art This is the question explored in *The Visual Arts and Christianity in America* the most comprehensive treatment of this subject to date With its 184 illustrations the volume is a visual and textual survey of both the religious paintings statuary and architecture produced in America since colonial times and the attitudes toward such art expressed by the artists the clergy and the religious press By means of a multifaceted approach that includes investigation of biographical journalistic art historical as well as religious literature a broad range of art objects and buildings are carefully placed in their social and intellectual context Part One presents the colonial backdrop both English and Spanish against which and out of which the ensuing developments in American art and religious life took shape Part Two treats nineteenth century views of art and architecture focusing on the views held by the clergy and conveyed in religious journals as well as the religious views of the artists and architects themselves In Part Three devoted to art in private and public life major issues emerge that will remain as such into the twentieth century the relation between nature and history the place of art in civil religion and the presence or absence of explicit biblical themes The fourth and entirely new portion of the book devoted to the twentieth century examines the continuities and discontinuities in style and content between nineteenth and twentieth century art in relation to spiritual and religious perceptions **American Paintings at Harvard** Theodore E. Stebbins,Melissa Renn,2008-01-01 This volume features nearly 500 paintings watercolors pastels and miniatures from Harvard University s storied yet little known collection of American art These works many unpublished are drawn from the Harvard Art Museums the University Portrait Collection the Peabody Museum of Archaeology and Ethnology and other entities and date from the early colonial years to the mid 19th century Highlights include a rare group of 17th century portraits along with important paintings by Robert Feke John Singleton Copley Charles Willson Peale Gilbert Stuart and Washington Allston in addition to works depicting western and Native American subjects by Alexandre de Batz Henry Inman and Alfred Jacob Miller among others Each work is accompanied by scholarly commentary that draws on extensive new research as well as a complete exhibition and reference history An introduction by Theodore E Stebbins Jr describes the history of the collection Lavishly illustrated in color this compendium is a testament to the nation s oldest collection of American art and an essential resource for scholars and collectors alike *The Crucifixion in American Art* Robert Henkes,2003-01-01 The crucifixion of Christ has been richly portrayed by countless artists for hundreds of years but it was European Renaissance styles and painters such as Kurz Benjamin West and John Valentine Haidt that first informed American artists of the possibilities for depicting the crucifixion This work features artists living and working in America

from the mid 18th to the 21st century who depicted the crucifixion of Christ in their artwork The 19th century saw painters like Julian Russell Story John Singer Sargent Vassili Verestchagin and Fred Holland break from the Renaissance tradition of the 18th century to begin a religious art revolution The 20th century saw painters like Thomas Eakins and George Bellows continuing the traditions of the 19th until the Realist style became dominant which lasted until the latter part of the century and the rise of Abstract Expressionism and a number of experimental styles such as Op Pop and Super realism

Duncan and Marjorie Phillips and America's First Museum of Modern Art Pamela Carter-Birken, 2021-07-06 He was born to privilege and sought the world of art She lived at the center of that world a working artist encouraged by the famous artists in her extended family Together Duncan Phillips and Marjorie Acker Phillips founded The Phillips Collection in Washington D C the first museum of modern art in America It opened in the grand Phillips family home in 1921 eight years before New York City's Museum of Modern Art and only a few weeks after they wed Duncan took the lead in developing the collection and showcasing it Marjorie kept space and time to paint Duncan considered Marjorie a partner in the museum even though she was not directly involved in all purchasing and presentation decisions To him her influence was omnipresent Although Duncan's writings on artists and art history were widely published he chose not to provide much instruction for visitors to the museum Instead he combined signature methods of displaying art which live on at The Phillips Collection Phillips had viewers in mind when he hung American art with European art or art of the past with modern art and he frequently rearranged works to stimulate fresh encounters With unfettered access to archival material author Pamela Carter Birken argues that The Phillips Collection's relevancy comes from Duncan Phillips's commitment to providing optimal conditions for personal exploration of art In depth collecting of certain artists was one of Phillips's methods of encouraging independent thinking in viewers Paintings by Pierre Bonnard Arthur Dove Georgia O'Keeffe John Marin Jacob Lawrence and Mark Rothko provide testament to the power of America's first museum of modern art

The Oxford Dictionary of Christian Art and Architecture Tom Devonshire Jones, Linda Murray, Peter Murray, 2013-09-26 This dictionary is a fascinating guide to the broad range of terms used in the study of the history of Christian art and architecture including themes artists and movements The long awaited new edition includes entries by over a dozen expert contributors and a fully revised online bibliography bringing it up to date for the 21st century

Variations in Christian Art Diane Apostolos-Cappadona, 2024-01-25 The artistic traditions of four major Christian denominations are examined and outlined in detail in this groundbreaking volume that presents the first synthesis of the artistic contributions of those traditions Diane Apostolos Cappadona has curated a volume that presents four single authored contributions in one place broadening the study of Christian art beyond Roman Catholic Orthodox and protestant traditions to consider these more recent Christian approaches in close and expert detail Rachel Epp Buller examines art in the Mennonite tradition Mormon art is considered by Heather Belnap Quaker contributions by Rowena Loverance and Swedenborgian art by Diane Apostolos Cappadona Each

writer presents elements of the theology of their chosen tradition through the prism of the artists and artistic works that they have selected. Alongside mainstream artistic figures such as William Blake, less known figures come to the fore and the volume features color illustrations that support and underline the theological and artistic themes presented in each section of the book. Together these studies of artistic presentations in these four traditions will be a much needed means of filling a gap in the study of Christian art.

American Studies Jack Salzman, 1986-08-29 This is an annotated bibliography of 20th century books through 1983 and is a reworking of American Studies: An Annotated Bibliography of Works on the Civilization of the United States published in 1982. Seeking to provide foreign nationals with a comprehensive and authoritative list of sources of information concerning America, it focuses on books that have an important cultural framework and does not include those which are primarily theoretical or methodological. It is organized in 11 sections: anthropology and folklore, art and architecture, history, literature, music, political science, popular culture, psychology, religion, science, technology, medicine, and sociology. Each section contains a preface introducing the reader to basic bibliographic resources in that discipline and paragraph-length, non-evaluative annotations. Includes author title and subject indexes. John Singleton Copley in America Carrie Rebora Barratt, 1995 A lavish illustrated volume published to accompany an exhibition of Copley's work that will be traveling to several cities during 1996. The focus is on the paintings, miniatures, and pastels that Copley, the supreme portraitist of the colonial era, produced before he moved to London in 1774. Four principal essays place the work in historical and social context and bring new critical methods to bear upon the study of portraits and portraiture. Four shorter essays treat various aspects of Copley's art and techniques. Catalog entries detail the sitter's life and the ways in which Copley enhanced his subject's status and presence. 10x12 25 Annotation copyright by Book News Inc, Portland, OR

The Color of Christ Edward J. Blum, Paul Harvey, 2012 Explores the dynamic nature of Christ worship in the U.S., addressing how his image has been visually remade to champion the causes of white supremacists and civil rights leaders alike and why the idea of a white Christ has endured.

Italy in the American Imagination Ian J.

Bickerton, 2023-10-04 It is almost impossible to imagine the United States without making reference to Italy. There is scarcely any aspect of American culture untouched by Italy: its history, art, architecture, fashion, film, music, the mafia, or even more viscerally, its food. Italy occupies a space of near mythical proportion in the American imagination. When many Americans think of or dream about and imagine the good life, how and where they would like to live, they think most often of Italy: the beauty, the life style, the romance, the excitement and sense of adventure that Italy offers. By looking at the fluid and multi-dimensional imaginative interactions Americans have with Italian culture and society, this comprehensive and robust volume offers a new and novel way of exploring the influence of Italy upon the United States. University of New South Wales historian

Ian James Bickerton argues that if we wish to understand the United States and how Americans define themselves and their nation it is vital to examine how they imagine themselves and he demonstrates that throughout U S history one of the most powerful stimulants shaping the imaginary world of Americans has been Italy *Roads to Rome* Jenny Franchot,2024-03-29 The mixture of hostility and fascination with which native born Protestants viewed the foreign practices of the immigrant church is the focus of Jenny Franchot s cultural literary and religious history of Protestant attitudes toward Roman Catholicism in nineteenth century America Franchot analyzes the effects of religious attitudes on historical ideas about America s origins and destiny She then focuses on the popular tales of convent incarceration with their Protestant maidens and lecherous tyrannical Church superiors Religious captivity narratives like those of Indian captivity were part of the ethnically theologically and sexually charged discourse of Protestant nativism Discussions of Stowe Longfellow Hawthorne and Lowell writers who sympathized with Romanism and used its imaginative properties in their fiction further demonstrate the profound influence of religious forces on American national character This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1994
