Handbook For Child Protection Practice

Gerald P. Mallon, Peg McCartt Hess

Handbook For Child Protection Practice:

Handbook for Child Protection Practice Howard Dubowitz, Diane DePanfilis, 1999-12-22 The timing of the publication with the revised Working Together guidelines could not be more advantageous This book is a unique and important contribution to child care literature No agency should be without Child Abuse Review Professionals concerned with the protection of children face many challenges This work demands knowledge from several disciplines a wide variety of skills and interdisciplinary collaboration The editors Howard Dubowitz a pediatrician and Diane DePanfilis a social worker together with over 70 experts in this field offer what is known about how best to work with maltreated children and their families in a very practical concise and user friendly way Structured to follow the life of a case from the time a report of child maltreatment is made through the various pathways in the child protection system this edited volume synthesizes the best practice principles for responding to reports of child abuse and neglect engaging children and other family members in intervention developing cross cultural practice competencies assessing risk evaluating safety and conducting family assessments defining outcomes and planning intervention evaluating risk reduction and making permanency decisions and discusses the unique legal medical ethical and other practice issues that work in the child protection field involves Professionals facing tough dilemmas in practice should find valuable guidance in these pages The Child Protection Handbook Kate Wilson, Adrian L. James, 2007-04-26 This title is directed primarily towards health care professionals outside of the United States The new edition of this popular handbook gives an authoritative informative and accessible account of key areas of child protection practice Covering research policy and practice it is relevant to all professionals working in child care No other book on child protection offers such comprehensive coverage of policy and practice It provides research findings in all areas of child abuse latest policies and indications of good practice plus specialist chapters for different professionals Chapters have been contributed by known experts in the field both distinguished academics and practitioners By combining the latest factual information with sophisticated analysis it is the ideal course text for child protection programmes as well as meeting the needs of more experienced practitioners academics and trainers Practical Examines the issues grounded in reality and therefore gives the reader confidence in practice coupled with an understanding of the responsibilities of colleagues in other professions Comprehensive Covers a broad review of what constitutes child abuse and characteristics of the abused and the abusers medical social and legal management of the process of protection the actions involved in intervention and training and new directions for research and practice Authoritative Contributors are senior professionals known nationally and internationally for their specific expertise in this area Research based All books should be but amongst the professionals most closely involved in child protection the heavy workload often means there is little time to catch up on and assimilate up to date research fully This book offers a through guide to what research and policy initiatives can give to the practice of the reader new chapters addressing issues of culture and parenting each chapter contains key

messages for practitioners key websites have been listed a website on Evolve with supplementary material

The Child in Mind Judy Barker, Deborah Tamara Hodes, 2004 First published in 2004 Routledge is an imprint of Taylor Francis an informal company

The Child in Mind Judy Barker, Deborah Hodes, 2012-04-26 All public sector workers in contact with children and families in education as well as health and social care need access to clearly written information about what to do if they are concerned about the safety and welfare of a child Ensuring the safety of children who are at risk of harm is not an easy undertaking It is sometimes difficult to assess the significance of information about a child to gauge its seriousness or decide what to do next This handbook helps practitioners to negotiate the complexities of child protection practice with the aim of preventing abuse and neglect and protecting children from further harm once it has occurred This fully updated fourth edition takes into account the revised Working Together to Safeguard Children document NICE's guidelines When to Suspect Child Maltreatment and Lord Laming's report The Protection of Children in England It explains how the child protection process works and covers all the key areas of child protection practice including risk assessment physical sexual and emotional abuse neglect the child protection conference key changes in the legal framework and their application in practice Clarifying a complex area of work The Child in Mind provides sound advice aimed at improving individual practice It is unique in that although it is directed to all health care workers it can be used as part of in service training as a handy reference for students and indeed by anyone who works with children

Child Welfare for the Twenty-first Century Gerald P. Mallon, Peg McCartt Hess, 2014-09-09 The Adoption and Safe Families Act ASFA which became law in 1997 elicited a major shift in federal policy and thinking toward child welfare emphasizing children's safety permanency and well being over preserving biological ties at all costs The first edition of this volume mapped the field of child welfare after ASFA's passage detailing the practices policies programs and research affected by the legislation's new attitude toward care This second edition highlights the continuously changing child welfare climate in the U S including content on the Fostering Connections Act of 2008 The authors have updated the text throughout drawing from real world case examples and data obtained from the national Child and Family Services Reviews and emerging empirically based practices They have also added chapters addressing child welfare workforce issues supervision and research and evaluation The volume is divided into four sections child and adolescent well being child and adolescent safety permanency for children and adolescents and systemic issues within services policies and programs Recognized scholars practitioners and policy makers discuss meaningful engagement with families particularly Latino families health care for children and youth including mental health care effective practices with LGBT youth and their families placement stability foster parent recruitment and retention and the challenges of working with immigrant children youth and families

Child Protective Services Diane DePanfilis, 2003 From the Preface This manual Child Protective Services A Guide for Caseworkers examines the roles and responsibilities of child protective services CPS workers who are at the forefront of every community's child protection efforts The manual describes the basic stages of the

CPS process and the steps necessary to accomplish each stage intake initial assessment or investigation family assessment case planning service provision evaluation of family progress and case closure Best practices and critical issues in casework practice are underscored throughout The primary audience for this manual includes CPS caseworkers supervisors and administrators State and local CPS agency trainers may use the manual for preservice or inservice training of CPS caseworkers while schools of social work may add it to class reading lists to orient students to the field of child protection In addition other professionals and concerned community members may consult the manual for a greater understanding of the child protection process This manual builds on the information presented in A Coordinated Response to Child Abuse and Neglect The Foundation for Practice Readers are encouraged to begin with that manual as it addresses important information on which CPS practice is based including definitions of child maltreatment risk factors consequences and the Federal and State basis for intervention Some manuals in the series also may be of interest in understanding the roles of other professional groups in responding to child abuse and neglect including Substance abuse treatment providers Domestic violence victim advocates Educators Law enforcement personnel Other manuals address special issues such as building partnerships and working with the courts on CPS cases

The Handbook on Child Welfare Practice Jennifer M. Geiger, Lisa Schelbe, 2021-07-06 This unique multidisciplinary resource incorporates cutting edge research and best practices in child welfare into a text that aims to teach and refine advanced child welfare skills for aspiring child welfare professionals Featuring real life examples and stories from the field the handbook discusses existing methods and challenges in the field of child welfare practice Chapters also include materials for instructors to use in classrooms or training settings Among the topics covered Overview of child welfare policies and how the child welfare system works Assessment tools and strategies used to identify various types of child abuse and neglect Individual family and community level approaches to preventing child maltreatment and preserving families Promoting stability after foster care placement Effective collaboration while working with special populations Clinical supervision in child welfare practice Strategies for healthy professional development of child welfare practitioners The Handbook on Child Welfare Practice is a valuable resource as both a textbook in child welfare practice courses and a practical reference for child welfare professionals This book will help develop a more knowledgeable and skilled child welfare workforce prepared to address the significant public health concern of child maltreatment

Oxford Handbook of Child Protection Systems Jill Duerr Berrick, Neil Gilbert, Marit Skivenes, 2023 This Handbook describes the ways in which 50 countries from every continent except Antarctica have devised measures to protect children from maltreatment and exploitation The Handbook discusses the legislative responses public administrative systems and the social service networks that governments utilize to secure children s safety Synthesizing data from across the world the authors suggest a global typology of child protection systems for understanding the diversity of service responses

The Child Protection Practice Manual Gayle Hann, Caroline Fertleman, 2016-01-14 Around 85 children die each year

in the UK due to abuse or neglect A number of these deaths are later deemed preventable because the child involved was known to either social services or to a health professional Cases such as those of Baby P and Victoria Climbié highlighted the failings of these organisations ones set up to safeguard children It is the responsibility of every health professional worldwide to identify and respond to child abuse and yet that very responsibility is both emotionally and strategically challenging The Child Protection Practice Manual Training practitioners how to safeguard children equips professionals with the ability to recognise a child at risk and the knowledge of how to work with a child already suffering abuse Practical advice is offered on how to navigate the multi disciplinary processes Fictional case studies and exercises immerse the reader in scenarios Building on this the authors lead readers through learning points recommendations and legislation With new definitions in child protection ranging from child sexual exploitation gang violence radicalisation and internet bullying through to female genital mutilation witchcraft and spirit possession honour based violence and forced marriage this book will be a valuable resource for qualified paediatricians and those in training as well as professionals who have contact with children such as GPs nurses health visitors social workers midwives teachers lawyers and community workers The Child Protection Handbook Kate Wilson, Adrian L. James, 2002 This handbook provides an account of key areas of child protection practice It includes coverage of policy and practice as well as research findings *Child Protection and Welfare Practice Handbook*, 2011-01-01 **The Child Protection Handbook E-Book** Rachael Clawson, Lisa Warwick, Rachel Fyson, 2024-01-03 The Child Protection Handbook explains how to recognise abuse and protect at risk children for those working with children and young people aged under 18 including in social care education health services and sport and leisure settings The book has been fully updated to incorporate the impact of new technology as well as current legal and policy frameworks that govern statutory child protection intervention in the UK It considers all aspects of child protection including organisational issues children's rights the needs of those from diverse backgrounds and the impacts of the Covid 19 pandemic on child protection work With accessible up to date information presented in an easy to navigate format the Handbook is ideal for all busy practitioners wanting to improve outcomes for children young people and their families Fully updated since the last edition in 2007 perfect for all those working with children and young people Easy to navigate and locate information suitable as a reference book for busy practitioners Illustrative boxes in each chapter drawing on practice case examples to highlight current issues and dilemmas All concepts explained in straightforward jargon free language Reflective points to encourage the reader to think about their own practice and apply new knowledge Key questions for students and teachers to check understanding and to explore concepts further Links to resources and further reading Supporting social workers in child protection practice Poverty and child protection New forms of child abuse including technology assisted child sexual abuse child sexual exploitation gangs and criminal exploitation radicalisation forced marriage of children and young people female genital mutilation and faith based abuse Focus on teenagers including child protection in adolescence leaving care

safeguarding and children in conflict with the law children and young people who have displayed harmful sexual behaviour and child to parent violence and abuse Safeguarding in sport and leisure Working with parents at risk of repeat removal of their children through care proceedings

Child Welfare for the Twenty-first Century Gerald P. Mallon, Peg McCartt Hess, 2005-09-14 This up to date and comprehensive resource by leaders in child welfare is the first book to reflect the impact of the Adoption and Safe Families Act ASFA of 1997 The text serves as a single source reference for a wide array of professionals who work in children youth and family services in the United States policymakers social workers psychologists educators attorneys guardians ad litem and family court judges and as a text for students of child welfare practice and policy Features include Organized around ASFA's guiding principles of well being safety and permanency Focus on evidence based best practices Case examples integrated throughout First book to include data from the first round of National Child and Family Service Reviews Topics discussed include the latest on prevention of child abuse and neglect and child protective services risk and resilience in child development engaging families connecting families with public and community resources health and mental health care needs of children and adolescents domestic violence substance abuse in the family family preservation services family support services and the integration of family centered practices in child welfare gay and lesbian adolescents and their families children with disabilities and runaway and homeless youth The contributors also explore issues pertaining to foster care and adoption including a focus on permanency planning for children and youth and the need to provide services that are individualized and culturally and spiritually responsive to clients A review of salient systemic issues in the field of children youth and family services completes this collection

Child Protection Practice Harry Ferguson, 2017-09-16 How do practitioners step up to the professional challenge of keeping children safe Leading author Harry Ferguson draws on his own research personal experience and real life case studies to challenge the way we think about child protection This highly original and engaging book captures the daily reality of practice within life's most personal spaces and offers a rare insight into the lived experience of working with vulnerable children their parents and other carers An inspiring declaration of the need for a new intimate approach to child protection this ground breaking book lays the foundations of skilful authoritative practice It is a must for Social Work student and practitioners within this challenging field

The Management of Child Protection Services Robert Sanders, 2019-05-23 First published in 1999 The Management of Child Protection Services is not about child abuse but about child protection It is about the arrangements that professionals from different disciplines make to ensure they operate together effectively to protect the most vulnerable children in society The book examines five different contexts of child protection historical cross cultural structural managerial and professional and consideration of the operation of Area Child Protection Committees In exploring these contexts the book seeks to address such questions as how can universal standards be applied to protect vulnerable children whilst avoiding ethnocentrism and from where are derived historically and cross culturally the models of child protection adopted in the UK today It also seeks

to identify the different professional contexts roles and contributions of agencies involved in child protection with a view to promoting interdisciplinary understanding These questions and understandings are necessary if changes currently being contemplated are to enhance the effectiveness of child protection **Child Protection in America** John E.B.

Myers,2024-10-11 Child abuse and neglect are tragically common Each year more than 1 000 American children die due to maltreatment Thousands more suffer physical abuse sexual abuse and neglect Across the country every community has a system of government operated and funded child protective services CPS But given that social workers of CPS have the authority to remove children from unsafe parents it is no surprise that CPS is controversial Does CPS protect children Does CPS do more good than harm Is CPS fundamentally racist as some critics argue Should CPS be abolished To answer these questions it is essential to understand the origins of child protection in America How did we arrive at the child protection system in place today This book traces the history of child protection from colonial times to the present and provides the most in depth analysis ever published of the origins of child protection *The Great Ormond Street Hospital Manual of Children's Nursing Practices* Susan Macqueen,Elizabeth Bruce,Faith Gibson,2012-06-18 Clinical skills are a fundamental aspect of nursing care of children and young people The Great Ormond Street Hospital Manual of Children s Nursing Practices is an evidence based manual of practical skills in children s nursing which builds on the extensive expertise developed at Great Ormond Street Hospital It encompasses all aspects of children s nursing from the most basic aspects of everyday practice to advanced practice in high dependency and intensive care to provide a comprehensive resource for all qualified nurses students and other health care professionals involved in caring for children both in the hospital and the community setting Children s and young people s nursing presents unique challenges The Great Ormond Street Hospital Manual utilises the latest clinical research and expert clinical knowledge to address these challenges and provides the underlying theory and evidence for nursing care of children It provides a definitive guide to clinical skills procedures in children s and young people s nursing which enables nurses working with children and young people to practice confidently and deliver clinically effective family centred care Key features Offers access to clinical procedures developed through the extensive expertise from Great Ormond Street Hospital Contains evidence based recommendations for expert care Encompasses all aspects of children s care Contains procedures guidelines students can rely on and effectively use in practice following qualification Highlights specific needs of neonates and adolescents Placed in the context of interdisciplinary care of the child Includes the rationale for each procedure the why as well as how Information presented in a similar way to The Royal Marsden Manual of Clinical Nursing Procedures offering continuity to those working in both adult and paediatric settings This title is also available as a mobile App from MedHand Mobile Libraries Buy it now from iTunes or the MedHand Store *Evidence-Based Practice Manual* Albert R. Roberts,Kenneth R. Yeager,2004-01-15 The Evidence Based Practice Manual was developed as an all inclusive and comprehensive practical desktop resource It includes 104

original chapters each specially written by the most prominent and experienced medical public health psychology social work criminal justice and public policy practitioners researchers and professors in the United States and Canada This book is specifically designed with practitioners in mind providing at a glance overviews and direct application chapters This is the only interdisciplinary volume available for locating and applying evidence based assessment measures treatment plans and interventions Particular attention has been given to providing practice guidelines and exemplars of evidence based practice and practice based research The Evidence Based Practice Manual emphasizes and summarizes key elements issues concepts and how to approaches in the development and application of evidence based practice Discussions include program evaluation quality and operational improvement strategies research grant applications validating measurement tools and utilizing statistical procedures Concise summaries of the substantive evidence gained from methodologically rigorous quantitative and qualitative research provide make this is an accessible resource for a broad range of practitioners facing the mandate of evidence based practice in the health and human services **A Handbook of Child Welfare** Joan Laird, Ann Hartman, 1985 Making Knowledge Visible Elizabeth Orna, 2005 The author aims to present an exposition of the basic ideas on information products and their proper role in organizations and to provide practical proposals for implementing strategies to assist businesses and organizations achieve their goals p 21
