Handbook For Conducting Research On Human Sexuality:

Handbook for Conducting Research on Human Sexuality Michael W. Wiederman, Bernard E. Whitley, Jr., 2012-12-06
Human sexuality researchers often find themselves faced with questions that entail conceptual methodological or ethical issues for which their professional training or prior experience may not have prepared them. The goal of this handbook is to provide that guidance to students and professionals interested in the empirical study of human sexuality from behavioral and social scientific perspectives. It provides practical and concrete advice about conducting human sexuality research and addresses issues inherent to both general social scientific and specific human sexuality research. This comprehensive resource offers a unique multidisciplinary examination of the specific methodological issues inherent in conducting human sexuality research. The methodological techniques and advances that are familiar to researchers trained in one discipline are often unfamiliar to researchers from other disciplines. This book is intended to help enrich the communication between the various disciplines involved in human sexuality research. Each of the 21 self-standing chapters provides an expert overview of a particular area of research methodology from a variety of academic disciplines. It addresses those issues unique to human sexuality research such as how to measure sexuality variables, how to design studies, recruit participants and collect data, how to consider cultural and ethical issues, and how to perform and interpret statistical analyses. This book is intended as a reference tool for researchers and students interested in human sexuality from a variety of disciplines including psychology, sociology, family science, health communication, nursing, medicine, and anthropology.

Sex and Sexuality M. Michele Burnette, Richard McAnulty, 2006-05-30
An unprecedented source of information about sex and sexuality at the start of the 21st century, these volumes include research, current events, and new developments in subjects ranging from hypersexuality, sex for the aged, and sex therapy to orgasmic disorders, sexual fetishism, and sadism. Controversial subjects such as pornography, nude dancing, and prostitution are explored, as are dysfunctions from lack of sexual desire to gender identity disorder. Pedophilia and other crimes are also addressed. The remarkable team of contributing authors includes psychologists, sociologists, psychiatrists, medical doctors, and public health officials. They provide fresh insights on sex in America today, on sexual development in childhood, midlife, and the senior years, and on the influence of media and the family in the social construction of sex and sexuality. The books also offer insights into the psychology of sexual arousal and the effects medication can have on sexual function, and they shed light on such little heralded studies as those on sex and race and sex and religion.

The Handbook of Sexuality in Close Relationships John H. Harvey, Amy Wenzel, Susan Sprecher, 2004-04-26
The editors bring together major scholars from the diversity of fields working on close relationship topics to examine past contributions and new directions in sexuality. The emphasis is on theoretical integration and stimulation methodological research.

Women's Sexual Function and Dysfunction Irwin Goldstein, Cindy M. Meston, Susan Davis, Abdulmaged Traish, 2005-11-17
The first definitive text on female sexual dysfunction, this major new book summarizes the current body of

knowledge in the field traces the history of developments in the area and identifies work still needed in the future Reflecting a multidisciplinary approach to the subject the book details the methods and materials for ensuring the appropriate management of women with sexual health problems and concentrates on the presentation of evidence based data concerning the physiology pathophysiology diagnosis and treatment of sexual function and dysfunction in women The inclusion of difficult cases also enhances the use of text as a practical guide to all disciplines concerned with the field of female sexual dysfunction This important work will become a key resource for basic science researchers endocrinologists gynecologists psychologists urologists health care clinicians and anyone else interested in women s sexual health All proceeds are donated to the International Society for the Study of Women s Sexual Health

Understanding the Social World Russell K.

Schutt,2019-12-20 Understanding the Social World Research Methods for the 21st Century is a concise and accessible introduction to the process and practice of social science research The Second Edition of this fast paced and visually engaging text discusses newly popular research methods highlights the fascinating work being conducted by contemporary social researchers and includes enhanced tools for learning in the text and online

Altering Consciousness Etzel

Cardeña,Michael J. Winkelman,2011-05-18 This authoritative multidisciplinary overview of altered states of consciousness ASC shows how their study is necessary to gain a fundamental understanding of human culture history and biology Altered consciousness is one of humanity s most mystical and life altering aspects These remarkable changes in mental state have understandably been a topic of general interest and scientific inquiry across time Beyond simply satisfying our curiosity however studies focused upon altered consciousness can also bring valuable insights into our experience biology and culture This unprecedented two volume set will intrigue anyone interested in psychology biology and neurology science history arts and the humanities and literature on consciousness from general readers to scholars and researchers An impressive collection of international contributors address altered states of consciousness from the perspectives of history evolution psychology culture literature human biology contemporary science and society seeking to illuminate the causes effects and meanings of altered consciousness The first volume provides an introduction and centers on the importance of altered states in history culture and the humanities while the second volume presents biological and psychological perspectives on altered consciousness and examines their potential for healing and pathology

Principles and Practice of Sex Therapy, Fifth Edition Yitzchak M. Binik,Kathryn S. K. Hall,2014-03-19

This book has been replaced by Principles and Practice of Sex Therapy Sixth Edition ISBN 978 1 4625 4339 7

Rutter's Child and Adolescent Psychiatry Sir Michael J.

Rutter,Dorothy Bishop,Daniel S. Pine,Stephen Scott,Jim S. Stevenson,Eric A. Taylor,Anita Thapar,2011-08-24 Rutter s Child and Adolescent Psychiatry has become an established and accepted textbook of child psychiatry Now completely revised and updated the fifth edition provides a coherent appraisal of the current state of the field to help trainee and practising clinicians in their daily work It is distinctive in being both interdisciplinary and international in its integration of science and

clinical practice and in its practical discussion of how researchers and practitioners need to think about conflicting or uncertain findings This new edition now offers an entirely new section on conceptual approaches and several new chapters including neurochemistry and basic pharmacology brain imaging health economics psychopathology in refugees and asylum seekers bipolar disorder attachment disorders statistical methods for clinicians This leading textbook provides an accurate and comprehensive account of current knowledge through the integration of empirical findings with clinical experience and practice and is essential reading for professionals working in the field of child and adolescent mental health and clinicians working in general practice and community pediatric settings Handbook of Psychophysiology John T. Cacioppo, Louis G. Tassinari, Gary Berntson, 2007-03-05 The Handbook of Psychophysiology 3rd Edition is an essential reference for students researchers and professionals in the behavioral cognitive and biological sciences Psychophysiological methods paradigms and theories offer entry to a biological cosmos that does not stop at skin's edge and this essential reference is designed as a road map for explorers of this cosmos The scope and coverage in the Handbook have expanded to include both a context for and coverage of the biological bases of cognitive affective social and developmental processes and behavior In addition to updated coverage of the traditional areas of psychophysiology coverage of the brain and central nervous system has been expanded to include functional neuroimaging event related brain potentials electrophysiological source dipole localization lesion methods and transcranial magnetic stimulation It also includes a section on cellular and humoral systems with attention to the communication across and interactions among cellular immunological endocrinological and neural processes

Everyday Pornography Karen Boyle, 2010-09-13 Public and academic debate about porn culture is proliferating Ironically what is often lost in these debates is a sense of what is specific about pornography By focusing on pornography's mainstream contemporary commercial products for a heterosexual male audience Everyday Pornography offers the opportunity to reconsider what it is that makes pornography a specific form of industrial practice and genre of representation Everyday Pornography presents original work from scholars from a range of academic disciplines Media Studies Law Sociology Psychology Women's Studies Political Science introducing new methodologies and approaches whilst reflecting on the ongoing value of older approaches Among the topics explored are the porn industry's marketing practices spam emails reviews and online organisation commercial sex in Second Life the pornographic narratives of phone sex and amateur videos the content of best selling porn videos how the male consumer is addressed by pornography represented within the mainstream understood by academics and contained by legislation This collection places a particular emphasis on anti pornography feminism a movement which has been experiencing a revival since the mid 2000s Drawing on the experiences of activists alongside academics Everyday Pornography offers an opportunity to explore the intellectual and political challenges of anti pornography feminism and consider its relevance for contemporary academic debate Sex in College Richard McAnulty, 2012-03-30 Experts address key issues from attitudes and behaviors to harassment and homophobia

related to sexuality among college students With essays by a wide range of knowledgeable contributors Sex in College The Things They Don't Write Home About draws on recent research to examine just about every aspect of its intriguing subject The book begins with general chapters that offer historical cross cultural and theoretical perspectives on college students sexual attitudes and behaviors One chapter offers a framework for understanding the unique developmental perspective of young adults Another chapter explores the research methods used to study college students sexual practices Subsequent chapters cover dating and intimacy on campus the perspective of young adults about love sexuality education and classes and sexual orientation The darker side of college sexuality is also examined in chapters centering on such topics as infidelity in college dating relationships homophobia and sexual harassment on campus sexual risk taking and sexually transmitted infections sexual problems and dysfunction among young adults and sexual assault among college students *Marginal Bodies, Trans Utopias* Caterina Nirta, 2017-08-31 Although over the last two decades there has been a proliferation of gender studies transgender has largely remained institutionalised as an umbrella term that encapsulates all forms of gender understandings differing from what are thought to be gender norms In both theoretical and medical literature trans identity has been framed within a paradigm of awkwardness or discomfort self dislike or dysfunctional mental health *Marginal Bodies Trans Utopias* is a multidisciplinary book that draws primarily from Deleuze and post structuralism in order to reformulate the concept of utopia and ground it in the materiality of the present Through a radically new conceptualisation of the time and space of utopia it analyses empirical findings from trans video diaries on the Internet belonging to transgender individuals In doing so this volume offers new insights into the everyday challenges faced by these subjectivities with case studies focusing on the legal social impact of the UK's Gender Recognition Act 2004 boundaries of public and private as evidenced within public toilets and the narrative of the wrong body Contextualising and applying Deleuzian concepts such as difference and marginal to the context of the research Nirta helps the reader to understand trans as unity rather than as a mind body mismatch Contributing to the reading and understanding of trans lived experience this book shall be of interest to postgraduates and postdoctoral researchers interested in fields such as Transgender Studies Critical Studies Sociology of Gender and Philosophy of Time [Study Less, Learn More](#) Michael W. Wiederman, 2013-08 With this book you'll learn how memory and attention work and how to put these insights into practice for the most effective and efficient studying You'll also find research based answers to questions such as what a study environment should look like what you need to be doing in class and during study sessions and how long and how often you should be studying for maximum results Back cover

Exploring Diary Methods in Higher Education Research Xuemeng Cao, Emily F. Henderson, 2021-03-28 This methodologically oriented collection brings together higher education diary research studies from international contexts to showcase the versatility of the method and its adaptability to higher education research While keeping a diary is a familiar personal practice diary method is a neglected form of research in higher education studies as well as the social sciences

more broadly This book showcases the range of options within diary method as well as the benefits and challenges that this fascinating but mysterious method may bring to students and academic researchers alike The benefits and the risks and challenges of diary research are discussed across the empirical studies included in the volume Using a variety of solicited diary techniques including audio written and photo diaries and focusing on different aspects of higher education including undergraduate and postgraduate students and academics these studies include salient topics such as LGBTQ identities faith caring responsibilities international students socioeconomically disadvantaged students and employability This important contribution to methodological innovation in the higher education research field promotes diary method as a viable option in social sciences and beyond Whether new to the method or a seasoned diary researcher this book is ideal reading for anyone who would like to learn the fundamentals of diary research and explore its feasibility in empirical contexts **Rutter's Child and Adolescent Psychiatry** Anita Thapar, Daniel S. Pine, James F. Leckman, Stephen Scott, Margaret J. Snowling, Eric A. Taylor, 2017-12-26 Rutter's Child and Adolescent Psychiatry is the leading textbook in its field Both interdisciplinary and international it provides a coherent appraisal of the current state of the field to help researchers trainees and practicing clinicians in their daily work Integrating science and clinical practice it is a comprehensive reference for all aspects of child and adolescent psychiatry New to this full color edition are expanded coverage on classification including the newly revised Diagnostic and Statistical Manual of Mental Disorders DSM 5 and new chapters on systems neuroscience relationship based treatments resilience global psychiatry and infant mental health From an international team of expert editors and contributors this sixth edition is essential reading for all professionals working and learning in the fields of child and adolescent mental health and developmental psychopathology as well as for clinicians working in primary care and pediatric settings Michael Rutter has contributed a number of new chapters and a Foreword for this edition I greatly welcome this new edition as providing both a continuity with the past and a substantial new look Professor Sir Michael Rutter extract from Foreword Reviews of previous editions This book is by far the best textbook of Child Adolescent Psychiatry written to date Dr Judith Rapoport NIH The editors and the authors are to be congratulated for providing us with such a high standard for a textbook on modern child psychiatry I strongly recommend this book to every child psychiatrist who wants a reliable up to date comprehensive informative and very useful textbook To my mind this is the best book of its kind available today Journal of Child Psychology and Psychiatry Communicating Women's Health Annette Madlock Gatison, 2015-12-07 This volume explores the conditions under which women are empowered and feel entitled to make the health decisions that are best for them At its core it illuminates how the most basic element of communication voice has been summarily suppressed for entire groups of women when it comes to control of their own sexuality reproductive lives and health By giving voice to these women's experiences the book shines a light on ways to improve health communication for women Bringing together personal narratives key theory and literature and original qualitative and quantitative studies the book provides an in depth

comparative picture of how and why women's health varies for distinct groups of women Organized into four parts historical influences on patient and provider perceptions breast cancer the silence and the shame make it taboo mothering reproduction and womanhood and sex sexuality relational health and womanhood each section is introduced with a brief synthesis and discussion of the key questions addressed across the chapters Child Maltreatment John E.B. Myers, 2011-05-02 Specifically created to complement the Third Edition of the APSAC Handbook on Child Maltreatment this collection of 23 carefully selected articles on child abuse and neglect parallels the structure of the Handbook It is also a great companion to other Sage books such as Barnett's Family Violence Across the Lifespan and Miller and Perrin's Child Maltreatment

What is Diary Method? Ruth Bartlett, Christine Milligan, 2015-11-19 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com This book provides an up to date concise and engaging introduction to solicited diary method aimed at researchers and students who want to employ this methodology in their projects Its primary focus is on the use of solicited diary method in the context of social and health related research but it also offers useful guidance on the everyday practice of diary keeping The authors draw on published research that makes use of this method including their own independent studies involving older adults and family carers The book opens with an overview of the development of diary techniques and a discussion of the value of the method and provides an overview of the different ways of collecting and using diary data and techniques for analysing it Key ethical issues are sensitively discussed The book engages with new and novel developments in solicited diary method by engaging with the use of technology including discussion of how digital devices email exchanges social media such as Facebook weblogs and micro blogging such as Twitter have the potential to change the meaning and nature of diary keeping The book includes a variety of visuals to enhance understanding including a tabulated summary of the main strengths and limitations of using diary method and strategies for mitigating limitations

Out in the Country Mary L. Gray, 2009-08-01 Winner of the 2009 Ruth Benedict Prize for Outstanding Monograph from the Society of Lesbian and Gay Anthropologists Winner of the 2010 Distinguished Book Award from the American Sociological Association Sociology of Sexualities Section Winner of the 2010 Congress Inaugural Qualitative Inquiry Book Award Honorable Mention An unprecedented contemporary account of the online and offline lives of rural LGBT youth From Wal Mart drag parties to renegade Homemaker's Clubs Out in the Country offers an unprecedented contemporary account of the lives of today's rural queer youth Mary L Gray maps out the experiences of young people living in small towns across rural Kentucky and along its desolate Appalachian borders providing a fascinating and often surprising look at the contours of gay life beyond the big city Gray illustrates that against a backdrop of an increasingly impoverished and privatized rural America LGBT youth and their allies visibly and often vibrantly work the boundaries of the public spaces available to them whether in their high schools public libraries town hall meetings churches or through websites This important book shows that in addition to the spaces of Main Street rural LGBT youth

explore and carve out online spaces to fashion their emerging queer identities Their triumphs and travails defy clear distinctions often drawn between online and offline experiences of identity fundamentally redefining our understanding of the term queer visibility and its political stakes Gray combines ethnographic insight with incisive cultural critique engaging with some of the biggest issues facing both queer studies and media scholarship Out in the Country is a timely and groundbreaking study of sexuality and gender new media youth culture and the meaning of identity and social movements in a digital age

Transcending the Personality Disordered Parent MICHAEL W. WIEDERMAN PHD, Michael W. Wiederman, 2013 Have you been especially troubled by your relationship with a parent Have you struggled to understand the difficulties in that relationship Despite your efforts has this relationship failed to improve It may be that your parent has a personality disorder Personality disorders are long standing in nature undergo little change and end up hurting others particularly family members This damage may occur through a self centered approach to life as well poor decisions such as addictions problematic spending and selecting poor relationship partners People with personality disorders also harm through their inability to be honest factually and emotionally as well as their emotional or physical overreactions to situations In this book you ll begin to understand the essential nature of a personality disorder and how it applies to your parent As examples the authors describe two in depth cases Each case illustrates one of two personality disorder styles that appear to be relatively common the intrusive personality style and the distant hostile personality style The authors offer a number of practical tactics for transcending both psychologically and spiritually the problematic past of having been raised by a parent with a personality disorder This book is designed to offer supportive guidance in the murky terrain of toxic parent child relationships It s a must read for everyone trying to understand and resolve difficulties in their relationships with their parents
