## **Handbook For Older Lovers:**

Handbook for Older Lovers Barbara A. Scott, M. B. Handspicker, 2005-05-04 This is a book different from any other. The authors are speaking about lovers as meaning really older lovers 70 80 and up. Being older lovers themselves of other people not each other they are seniors speaking to seniors. This book reviews the past, considers the present and gives light hearted but serious directions for making love after 70. There are such instructions as what to tell your kids who says you can't enjoy sex at your age, how to enjoy being an animal and why seniors do it so well. It's something that no one has talked about and it's about time someone did. Incompetence is reviewed as well as the effects of surgery in both men and women. Does desire actually lessen or does it just appear to? What about the others we have loved how do we accommodate them? What to do about alimony and the pressure it brings? What about sin and monogamy? Mrs Scott and The Rev Dr Handspicker draw on their own experiences and knowledge in their fields. A must for serious older lovers and younger folks who want to know what the over the hill gang are up to.

*International Handbook of Love* Claude-Hélène Mayer, Elisabeth Vanderheiden, 2021-05-04 This handbook is the winner of the William B Gudykunst Award for Outstanding Book in 2023 given by the International Academy of Intercultural Research. This handbook includes state of the art research on love in classical modern and postmodern perspectives. It expands on previous literature and explores topics around love from new cultural intercultural and transcultural approaches and across disciplines. It provides insights into various love concepts like romantic love agape and eros in their cultural embeddedness and their changes and developments in specific cultural contexts. It also includes discussions on postmodern aspects with regard to love and love relationships such as digitalisation globalisation and the fourth industrial revolution. The handbook covers a vast range of topics in relation to love aging health special needs sexual preferences spiritual practice subcultures family and other relationships and so on. The chapters look at love not only in terms of the universal concept and in private intimate relationships but apply a broad concept of love which can also for example be referred to in postmodern workplaces. This volume is of interest to a wide readership including researchers.
