Existential America George Cotkin, 2003 As Cotkin shows not only did Americans readily take to existentialism but they were already heirs to a rich tradition of thinkers from Jonathan Edwards and Herman Melville to Emily Dickinson and William James who had wrestled with the problems of existence and the contingency of the world long before Sartre and his colleagues After introducing the concept of an American existential tradition Cotkin examines how formal existentialism first arrived in America in the 1930s through discussion of Kierkegaard and the early vogue among New York intellectuals for the works of Sartre Beauvoir and Camus *New York Magazine*, 1995-07-10 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea Staying Up Much Too Late Gordon Theisen, 2007-04-01 A fascinating

study of Edward Hopper's iconic *Nighthawks* painting and its deep significance for understanding American culture. *Staying Up Much Too Late* discusses the painting *Nighthawks* and the painter Edward Hopper and their central importance to twentieth century American culture. Topics include individualism, New York City, Arthur Weegee, Fellini, diners, pornography, capitalism, advertising, cigarettes, American philosophy, World War II, *Gravity's Rainbow*, *Blade Runner*, Pulp Fiction, Russ Meyer, R. Crumb, David Lynch, and film noir. What links these together is the painting's pessimistic take on American culture, which it also seems to epitomize. Despite its desolate feel, *Nighthawks* has become a familiar icon reproduced on posters and postcards in movies and on television shows. But *Nighthawks* is more than just a masterful painting. It is a portal into that rarely acknowledged but pervasive dark side of the American psyche.

New York Magazine, 1995-07-10. With award winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.

Film Noir Reader 2 Alain Silver, James Ursini, 1999. In the wake of the remarkable success of *Film Noir Reader*, this new collection further explores a genre of limitless fascination and one that continues to inspire and galvanize the latest generation of film makers. Again heavily illustrated with close to 150 stills, *Film Noir Reader 2* is organized much like the earlier volume.

Lonesome Kevin Lewis, 2009-09-30. There is another loneliness wrote the American poet Emily Dickinson. Not want of friend occasions it but nature sometimes sometimes thought. For Kevin Lewis that other loneliness is uniquely expressive of a rich and resonant state of being that is distinctive to the American psyche as well as central to the mythology of America itself. He calls this state of being lonesomeness. It evokes the luminous landscapes of the West and the cathedral like space of the Great Plains. It lies at the root of personal identity and is inseparable from notions of personal discovery and of communion with the varied topography of the United States, whether it be rural hinterland or industrial urban rustbelt. In this continuously stimulating reflection, Kevin Lewis explores in religion, poetry, fiction, country songwriting, and art the multiple meanings of that peculiarly American notion of solitariness. Discussing quintessential American writers like Henry David Thoreau, Walt Whitman, Jack Kerouac, and Ernest Hemingway, creative artists who have all embraced positive conceptions of solitude and wilderness, Lewis finds the apex of American lonesomeness in the melancholic and reflective paintings of Edward Hopper. Lewis argues that in expressive works like *Nighthawks* and *Morning Sun*, one sees Hopper's solitude redeemed by something more by the notion that in isolation the individual may yet be touched by transcendence. Kevin Lewis argues that those echoes of something else reveal a great deal about the American character that we would do well to heed as well as deep rooted cultural attitudes towards religion, individualism, and self belief.
